SETUP INSTRUCTIONS

The SONGMICS RYG036B02 Open Wardrobe features a tool-free assembly process. Components connect using reinforced plastic connectors and sturdy steel tubes. Follow these steps for proper assembly:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components are present according to the packing list (refer to your product packaging for the complete list).
2. **Connect Tubes:** Insert the steel tubes into the plastic connectors. The tapered ends of the tubes are designed for easy insertion. Ensure each tube is fully seated into its connector for maximum stability.
3. **Build Frame:** Follow the provided assembly diagram to construct the frame section by section.
4. **Install Shelves and Rods:** Place the fabric shelves onto the designated frame sections. Install the hanging rods as required. The central hanging rod can be adjusted or removed to accommodate longer

garments.
