Havells Fresco 32

Havells Fresco 32L Personal Air Cooler

Instruction Manual - Model: Fresco 32 (GHRACFRW190)

1. Introduction

Thank you for choosing the Havells Fresco 32L Personal Air Cooler. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new appliance. Please read these instructions thoroughly before use and retain them for future reference.

2. Safety Instructions

WARNING: To reduce the risk of fire, electric shock, or injury, observe the following safety precautions:

- Ensure the power supply voltage matches the rating label on the cooler.
- Do not operate the cooler with a damaged cord or plug. If damaged, contact authorized service personnel.
- Always unplug the cooler from the power outlet before cleaning, servicing, or moving it.
- Do not immerse the cooler, cord, or plug in water or other liquids.
- Keep the cooler away from heat sources, open flames, and direct sunlight.
- Do not block the air inlets or outlets. Maintain adequate clearance around the cooler for proper airflow.
- Use the cooler on a stable, level surface to prevent tipping.
- Supervise children and individuals with reduced physical, sensory, or mental capabilities when they are near the appliance.
- Do not attempt to repair or modify the cooler yourself. Refer all servicing to qualified personnel.

3. Product Overview

The Havells Fresco 32L Personal Air Cooler is designed for efficient personal cooling. Key features include:

- **Powerful Air Delivery:** 1500 m^3/hr for effective cooling.
- **High Density Honeycomb Pads:** For enhanced cooling efficiency.
- **Auto Drain Function:** Simplifies water tank maintenance.
- **Humidity Control:** Helps manage room humidity levels.
- **Dust Filter Net:** Protects internal components and helps purify air.
- **Completely Collapsible Louvers:** Prevents dust and insects from entering when not in use.
- **Inverter Compatible:** Can operate on inverter power during outages.

4. Setup

1. **Unpacking:** Carefully remove the air cooler from its packaging. Retain packaging materials for future storage or transport.
2. **Install Castor Wheels:** Attach the four castor wheels to the designated slots at the bottom of the cooler. Ensure they are securely fastened for easy mobility.
3. **Placement:** Position the cooler on a firm, level surface. For optimal performance, place it near an open window or door to allow fresh air intake and proper ventilation.
4. **Fill Water Tank:** Open the water inlet and fill the tank with clean water up to the 'MAX' level indicator. The cooler has a 32-liter capacity. Do not overfill.
5. **Connect Power:** Plug the power cord into a suitable electrical outlet (230V AC, 50Hz).

5. Operating Instructions

The Havells Fresco 32L Air Cooler features intuitive knob controls for easy operation.

1. **Power On/Off:** Turn the main power knob to the 'ON' position to start the cooler. Turn to 'OFF' to switch it off.
2. **Adjust Fan Speed:** Use the fan speed knob to select your desired airflow: Low, Medium, or High. The cooler offers 3 speed settings.
3. **Activate Cooling:** To enable cooling, ensure the water tank is filled. Turn the 'Cool' knob to activate the water pump, which will moisten the honeycomb pads.
4. **Humidity Control:** The cooler automatically manages humidity when the cooling function is active. For less humidity, use only the fan mode.
5. **Adjust Louvers:** The horizontal louvers can be manually adjusted to direct airflow vertically. The vertical louvers feature an automatic swing function, controlled by a separate knob, to distribute air horizontally across the room.

6. Maintenance

Regular maintenance ensures optimal performance and longevity of your air cooler.

- **Before Maintenance:** Always unplug the cooler from the power outlet.
- **Cleaning the Dust Filter Net:** Periodically remove and clean the dust filter net located at the rear of the cooler. Wash it with mild soap and water, then dry thoroughly before re-installing.
- **Cleaning Honeycomb Pads:** The honeycomb pads should be cleaned regularly, especially in areas with hard water. Remove the pads and rinse them under running water. For stubborn deposits, soak them in a descaling solution as per product instructions, then rinse well. Ensure they are fully dry before re-installing.
- **Cleaning the Water Tank:** Drain any stagnant water using the auto drain function. Clean the tank interior with a soft cloth and mild detergent. Rinse thoroughly to remove any residue.
- **Auto Drain Function:** Utilize the auto drain feature to easily empty the water tank, preventing bacterial growth and odors.
- **Exterior Cleaning:** Wipe the exterior surfaces of the cooler with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** If storing the cooler for an extended period, drain all water, clean all components, and ensure they are dry. Cover the cooler to protect it from dust and store it in a cool, dry place.

7. Troubleshooting

Refer to this section for common issues and their solutions.

Problem	Possible Cause	Solution
Cooler does not turn on	No power supply; Power cord not plugged in; Fuse blown.	Check power outlet; Ensure plug is fully inserted; Check household fuse/circuit breaker.

Problem	Possible Cause	Solution
No cooling effect	Water tank empty; Water pump not activated; Honeycomb pads are dry.	Fill water tank; Turn on the 'Cool' knob; Ensure honeycomb pads are wet.
Weak airflow	Dust filter or honeycomb pads clogged; Fan speed set too low.	Clean dust filter and honeycomb pads; Increase fan speed.
Unusual noise	Obstruction in fan blades; Cooler not on a level surface; Water pump issue.	Unplug and check for obstructions; Place cooler on a level surface; Contact service if pump noise persists.
Water leakage	Water tank overfilled; Drain plug not properly sealed.	Do not overfill the tank; Ensure drain plug is securely closed.

8. Specifications

Detailed technical specifications for the Havells Fresco 32L Personal Air Cooler.
