## AUNA Silver Star Mini

# AUNA Silver Star Mini Internet DAB+/FM Radio User Manual

Model: Silver Star Mini

## INTRODUCTION

This manual provides essential information for the safe and efficient operation of your AUNA Silver Star Mini Internet DAB+/FM Radio. Please read it thoroughly before using the device and keep it for future reference.

The AUNA Silver Star Mini is a versatile audio system featuring Internet Radio, DAB+, FM radio, Bluetooth connectivity, USB playback, and an AUX input. It delivers 8 watts RMS power and includes a 2.8-inch HCC display for clear navigation.

## IMPORTANT SAFETY INSTRUCTIONS

- Read these instructions carefully.
- Keep these instructions for future reference.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with a dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

## PACKAGE CONTENTS

Please check that all items listed below are present and in good condition:

- AUNA Silver Star Mini Internet DAB+/FM Radio
- Remote Control
- Power Supply
- User Manual (English, German)

## PRODUCT OVERVIEW

---

Familiarize yourself with the main components and controls of your AUNA Silver Star Mini radio.

**Image 1:** Front view of the AUNA Silver Star Mini radio, showing the speaker grille on the left, the 2.8-inch HCC display on the right, and control buttons below the display. The radio features a wooden frame and a black brushed aluminum front panel.

### Front Panel Controls:

- **Display:** 2.8" HCC (High Contrast and Color) display for navigation and information.

- **Standby Button:** Powers the unit on/off.
- **Dimmer Button:** Adjusts display brightness.
- **Alarm Button:** Sets and manages alarms.
- **Sleep Button:** Activates sleep timer.
- **Navigation Buttons:** For menu navigation.
- **Menu Button:** Accesses the main menu.
- **Fav Button:** Accesses favorite stations.
- **Volume Knob (Vol +/-):** Adjusts volume and acts as a selection/confirmation button.

## ALL-ROUND CONNECTIVITY

Thanks to USB port for  
playback of MP3 files

**Image 2:** Rear view of the AUNA Silver Star Mini radio, showing the power switch, DC IN port, AUX IN port, USB port, and a retractable antenna. A hand is shown inserting a USB drive into the USB port.

### Rear Panel Connections:

- **OFF/ON Switch:** Main power switch.

- **DC IN:** Power adapter connection.
- **AUX IN:** 3.5mm jack for connecting external audio devices.
- **USB Port:** For playing MP3 files from a USB drive.
- **Antenna:** Retractable antenna for FM/DAB+ reception.

## SETUP

---

### 1. Power Connection:

1. Connect the supplied power adapter to the **DC IN** port on the rear of the radio.
2. Plug the power adapter into a suitable wall outlet.
3. Switch the main power **OFF/ON** switch on the rear to the 'ON' position.

### 2. Initial Setup Wizard:

Upon first power-on, the radio will guide you through an initial setup wizard. Follow the on-screen prompts to configure language, time, and network settings.

### 3. Network Connection (Wi-Fi):

To access Internet Radio and other network features, connect the device to your Wi-Fi network.

1. Navigate to the 'Settings' menu using the navigation buttons and the volume knob.
2. Select 'Network' and then 'Wi-Fi Setup'.
3. The radio will scan for available networks. Select your network from the list.
4. Enter your Wi-Fi password using the on-screen keyboard and confirm.
5. Once connected, a Wi-Fi icon will appear on the display.

## OPERATING INSTRUCTIONS

---

## EVERYTHING IN VIEW

With the 2.8" (7cm) HCC display (High Contrast and Colour)

**Image 3:** Close-up of the AUNA Silver Star Mini's 2.8-inch HCC display, showing options for FM, DAB/DAB+, and an AUX input icon. The display is clear and colorful, indicating various modes of operation.

### 1. Basic Operation:

- **Power On/Off:** Press the **Standby** button.
- **Volume Control:** Rotate the **Vol +/-** knob.
- **Menu Navigation:** Use the navigation buttons to move through menus and the **Vol +/-** knob (press to select) to confirm.

### 2. Internet Radio:

Access thousands of radio stations from around the world via your Wi-Fi connection.

1. From the main menu, select 'Internet Radio'.
2. You can browse by location, genre, or search for specific stations.
3. Select a station to begin playback.

4. Press the **Fav** button to save a station to your favorites list.

### 3. DAB+ / FM Radio:

Enjoy digital (DAB+) and analog (FM) radio broadcasts.

1. Extend the telescopic antenna on the rear of the unit for optimal reception.
2. From the main menu, select 'DAB Radio' or 'FM Radio'.
3. For DAB+, the radio will perform an auto-scan for available stations.
4. For FM, you can manually tune or perform an auto-scan.
5. Save your preferred stations to favorites.

### 4. Bluetooth Connectivity:

Stream audio wirelessly from your smartphone, tablet, or other Bluetooth-enabled device.

## WIRELESS AND PRACTICAL

Bluetooth function for audio streaming  
from smartphone, tablet or laptop

**Image 4:** The AUNA Silver Star Mini radio placed on a shelf, with a hand holding a smartphone displaying a Wi-Fi signal icon, illustrating wireless Bluetooth streaming capability.

1. From the main menu, select 'Bluetooth'. The radio will enter pairing mode.
2. On your external device, enable Bluetooth and search for 'AUNA Silver Star Mini'.
3. Select the radio to pair. Once connected, you can play audio from your device through the radio.

## 5. USB Playback:

Play MP3 audio files directly from a USB flash drive.

1. Insert a USB flash drive (formatted to FAT32) containing MP3 files into the **USB Port** on the rear of the radio.
2. From the main menu, select 'USB'.
3. Browse your files and select a track to play.

## 6. AUX Input:

Connect external audio sources using a 3.5mm audio cable.

1. Connect one end of a 3.5mm audio cable to the **AUX IN** port on the rear of the radio.
2. Connect the other end to the headphone jack or line-out of your external audio device.
3. From the main menu, select 'AUX In'.
4. Control playback from your external device.

## 7. Remote Control:

The included remote control provides convenient access to all functions.

## CONVENIENT OPERATION

Via app and supplied  
remote control

**Image 5:** The AUNA Silver Star Mini radio displayed alongside its black remote control. The remote features numerical buttons, navigation controls, and dedicated function buttons for easy operation.

- **Power Button:** On/Off.
- **Volume +/-:** Adjusts volume.
- **Navigation Buttons (Up/Down/Left/Right/OK):** For menu navigation and selection.
- **Mode Button:** Switches between different input modes (Internet Radio, DAB+, FM, Bluetooth, AUX, USB).
- **Numeric Buttons:** For direct input or station selection.
- Refer to the remote control section in the full user manual for a complete list of functions.

### 8. App Control (Air Music Control):

Control your radio using the Air Music Control app on your smartphone or tablet.

1. Download the "Air Music Control" app from your device's app store.
2. Ensure your smartphone/tablet and the radio are connected to the same Wi-Fi network.

3. Open the app and follow the instructions to connect to your AUNA Silver Star Mini.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the radio. Do not use abrasive cleaners, waxes, or solvents.
- **Ventilation:** Ensure the ventilation openings are not blocked to prevent overheating.
- **Storage:** If storing the unit for an extended period, unplug it from the power outlet and store it in a cool, dry place.

## TROUBLESHOOTING

| Problem                 | Possible Cause                                                | Solution                                                                                                      |
|-------------------------|---------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|
| No power                | Power cord not connected; Main power switch off               | Check power cord connection; Ensure main power switch is ON                                                   |
| No sound                | Volume too low; Mute activated; Incorrect input mode selected | Increase volume; Check mute status; Select correct input mode (Internet Radio, DAB+, FM, Bluetooth, AUX, USB) |
| Cannot connect to Wi-Fi | Incorrect password; Router too far; Network issue             | Verify Wi-Fi password; Move radio closer to router; Restart router                                            |
| Poor DAB+/FM reception  | Antenna not extended; Weak signal                             | Fully extend the telescopic antenna; Reposition the radio for better signal                                   |
| Bluetooth pairing fails | Device not in pairing mode; Radio not discoverable            | Ensure radio is in Bluetooth mode; Check external device's Bluetooth settings                                 |
