Durxenmnt 7 Inch Touch Screen Double Din Car Stereo User Manual

Model: 7049

INTRODUCTION

Thank you for choosing the Durxenmnt 7 Inch Touch Screen Double Din Car Stereo. This manual provides detailed instructions for installation, operation, and maintenance of your new car stereo system. Please read this manual thoroughly before use to ensure proper functionality and safety.

This car stereo features a 7-inch touch screen, Bluetooth 5.1 connectivity, support for Android Auto and Apple CarPlay, a backup camera input, subwoofer output, FM radio, and Mirror Link functionality.

WHAT'S IN THE BOX

Upon opening the package, please verify that all the following items are included:

- 7 inch Car Stereo Screen
- Backup Camera
- Harness
- Remote Control
- User Manual

SETUP AND INSTALLATION

Proper installation is crucial for optimal performance. It is recommended to have the unit installed by a professional if you are not familiar with car audio wiring.

Dimensions

Before installation, confirm that the stereo's dimensions fit your vehicle's dashboard opening. The unit measures approximately 7.00 inches (W) x 3.98 inches (H) x 2.67 inches (D).

How to confirm whether it fits your vehicle?

Step 1: use Amazon's tool: AamazonFinderPart, (at the top of the computer page or in the middle of the mobile page.) Enter the model and year of your vehicle.

Step 2: Measure whether the size of the opening can be installed at the installation location; Note: Even if the tool indicates it will fit your vehicle, you will need to measure the size of the opening for further confirmation.

REAR INTERFACE DESCRIPTION

backup camera.

Vehicle Compatibility

To confirm compatibility with your vehicle, measure the size of the opening in your dashboard. If the size is greater than or equal to 7 inches (W) x 3.98 inches (H), this unit should fit. For more detailed information, refer to the product dimensions provided.

OPERATING INSTRUCTIONS

Smart Phone Link (Apple CarPlay & Android Auto)

Connect your smartphone via USB to access Apple CarPlay or Android Auto. This feature allows you to use compatible apps like navigation, music, and messaging directly from the car stereo's touchscreen display. Supported apps include Spotify, Google Maps, Waze, and more.
