Power Source	Battery Powered
Connectivity Protocol	Wi-Fi (2.4GHz only)
Controller Type	iOS, Android
Video Capture Resolution	1080p (2K HD Live Video)
Night Vision Range	33 Feet
Water Resistance Level	IP65 Waterproof
Flash Memory Supported Size Maximum	128 GB (SD Card)
Item Dimensions (L x W x H)	3.7 x 3.4 x 2.5 inches
Special Features	HD Resolution, Magnetic mount, 2-Way Audio, Night Vision, Motion Sensor

Setup Guide

1. Charging the Camera

Before first use, fully charge the camera using the provided USB cable. A full charge typically takes 8 hours and can last

1-3 months depending on usage. The camera can also be continuously powered by connecting it to a compatible solar panel (sold separately).

4. Mounting the Camera

The DCT camera offers two installation methods:

- **Magnetic Installation:** The strong magnetic mount allows for quick, drill-free installation and 360° rotation. This method is ideal for temporary use or frequent repositioning and will not damage walls.
- **Standard Bracket Installation:** For a more permanent fixture, use the included bracket, screws, and wall plugs.

Instant Installation, More Convenient

The magnet mount allows for 360° rotation

Operating Instructions

1. Live Video Monitoring

Access the VicoHome app on your smartphone to view live 2K HD video from your camera anytime, anywhere. The app provides a comprehensive overview of all connected cameras.

3. Night Vision Modes

The camera offers two night vision modes for clear visibility in low-light conditions:

- **Full-Color Night Vision:** Provides excellent color images and videos at night.
- **Infrared Night Vision:** Offers a visible range of 33ft in black and white.

5. Video Storage

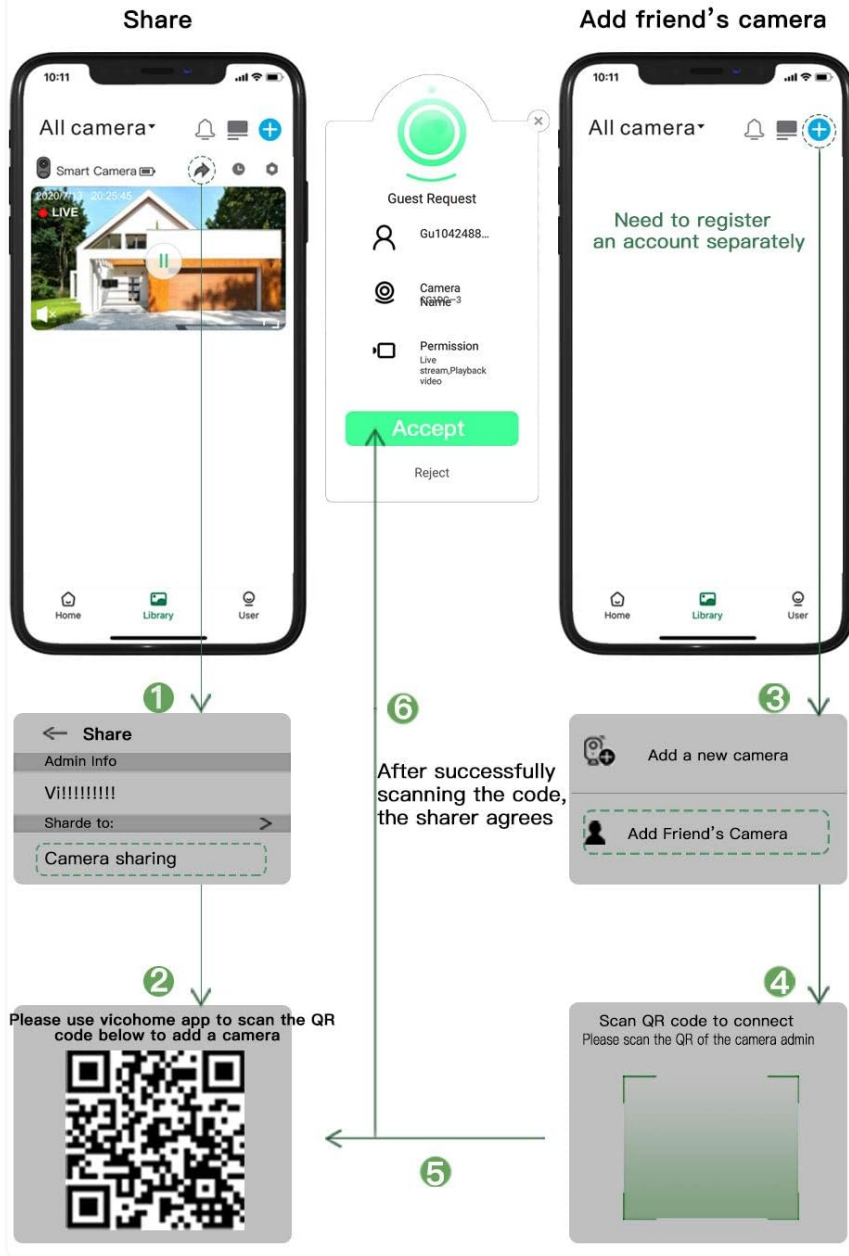

All motion detection videos can be stored in two ways:

- **Local SD Card:** Supports up to a 128GB micro SD card (not included).
- **Cloud Storage:** Free 3-day, 0.5GB cycle cloud storage is provided without subscription.

6. Device Sharing

You can share access to your camera with up to 8 other users. They will need to download the VicoHome app and register an account. The camera owner can then share access via a QR code within the app.

Device Sharing

How to invite:

1. The invitee has to download Vicohome App
2. Register an account with valid email address
3. Camera owner clicks "share" button to invite friend, shows the QR code
4. In invitee's account setting, click "Add Friend's camera", and scan the QR code provided by the camera owner. Support device sharing up to N users

Support multiple device viewing:

Maintenance

- **Battery Life:** Recharge the camera when the battery level is low, as indicated in the app. Battery life varies based on activity and settings.
- **Cleaning:** Gently wipe the camera lens and body with a soft, damp cloth. Avoid harsh chemicals.
- **Weather Protection:** The camera is IP65 waterproof, designed to withstand various weather conditions (windy, rainy, snowy). Ensure the charging port cover is securely closed when not charging.

Troubleshooting

- **Camera Not Connecting to WiFi:**
 - Ensure your WiFi network is 2.4GHz.
 - Check WiFi signal strength at the camera's location.
 - Restart your router and the camera.

- Verify correct WiFi password entry in the app.

- **Short Battery Life:**

- Frequent motion detection events and live viewing consume more battery. Adjust motion sensitivity or recording duration.
- Ensure the camera is fully charged (8 hours).
- Consider connecting to a solar panel for continuous power.

- **Motion Detection Issues:**

- Adjust PIR sensitivity settings in the app.
- Ensure there are no obstructions in the camera's field of view.
- Check for strong light sources or heat vents that might trigger false alarms.

- **Poor Video Quality:**

- Ensure a stable WiFi connection.
- Clean the camera lens.

Warranty and Support

DCT provides lifelong technical support for your camera. If you have any questions or encounter issues, please contact DCT's 24-hour customer service team for assistance. Your satisfaction is our priority.

For further assistance, please refer to the official DCT website or the VicoHome app's support section.
