addlon Shelf Floor Lamp with USB Ports and Power Outlet Instruction Manual

Brand: addlon | Model: add

INTRODUCTION

Thank you for choosing the addlon Shelf Floor Lamp. This manual provides detailed instructions for the assembly, operation, and maintenance of your new lamp. Please read this manual thoroughly before use to ensure proper function and longevity of the product.

This versatile floor lamp features integrated shelving, two USB charging ports, a power outlet, and a remote control for adjustable lighting. It is designed to provide both illumination and convenient device charging in your living space.

SETUP INSTRUCTIONS

Follow these steps to assemble your addlon Shelf Floor Lamp:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list are present and undamaged.
2. **Identify Parts:** Lay out all parts and identify them using the included diagram. Each piece is typically labeled for easy identification.
3. **Attach Felt Pads:** Before assembling the main structure, attach the four felt pads to the bottom of the base piece. This protects your floor and provides stability.
4. **Assemble Frame:** Connect the vertical support rods and shelf panels according to the assembly diagram. Ensure all connections are secure.
5. **Install Light Fixture:** Secure the light fixture and shade frame to the top section of the lamp.
6. **Attach Lampshade:** Carefully attach the fabric lampshade to the shade frame.

7. **Insert LED Bulb:** Screw the provided LED bulb into the lamp socket.
8. **Connect Power:** Plug the lamp's power cord into a standard 110V AC electrical outlet.

OPERATING INSTRUCTIONS

Remote Control Functions

The addlon Shelf Floor Lamp is operated using the included remote control. Ensure the remote has working batteries.

- **Power On/Off:** Press the power button to turn the lamp on or off.
- **Brightness Adjustment:** Use the brightness buttons (typically marked with sun icons or +/-) to adjust the light intensity from 5% to 100%.
- **Color Temperature Adjustment:** Use the color temperature buttons (often marked with 'K' or color icons) to cycle through or select color temperatures from 3000K (warm white) to 6000K (cool white).
- **Timer Function:** Activate the 1-hour timer function by pressing the designated timer button. The lamp will automatically turn off after one hour.
- **Remote Range:** The remote control has a maximum operating range of 49 feet (approximately 15 meters).

Charging Ports and Power Outlet

The lamp includes two USB charging ports and one standard power outlet for convenient device charging.

- **USB Ports:** Connect your USB-compatible devices (e.g., smartphones, tablets) to the USB ports for charging.
- **Power Outlet:** Use the integrated power outlet for devices requiring a standard electrical connection.

Convenient Life

MAINTENANCE

Cleaning

- **Lamp Frame and Shelves:** Dust regularly with a soft, dry cloth. For stubborn marks, wipe with a slightly damp cloth and immediately dry thoroughly. Avoid abrasive cleaners.
- **Lampshade:** Gently dust the fabric lampshade with a soft brush or vacuum with a brush attachment. Do not use wet cleaners on the fabric.

Bulb Replacement

The lamp uses a specialized LED bulb designed for remote control functionality and adjustable color temperatures. If the bulb requires replacement, please contact addlon customer support for assistance to ensure compatibility and proper function.
