OLAIKE Note Air/Note Air 2 Plus 10.3 inch

OLAIKE Protective Folio Case Instruction Manual

Model: Onyx BOOX Note Air / Note Air 2 Plus 10.3 inch

INTRODUCTION

Thank you for choosing the OLAIKE Protective Folio Case. This manual provides detailed instructions for the proper use, installation, and maintenance of your new case, designed to enhance the functionality and protection of your Onyx BOOX Note Air or Note Air 2 Plus 10.3-inch e-reader.

Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

COMPATIBILITY

This OLAIKE folio case is specifically designed for the following models:

- **Onyx BOOX Note Air 2** (10.3 inch)
- **Onyx BOOX Note Air 2 Plus** (10.3 inch)

Important Note:

This case is **not compatible** with the following models:

- BOOX Note 3 (10.3 inch)
- BOOX Note 2 (10.3 inch)
- BOOX Note Pro (10.3 inch)
- BOOX Tablet Note Air 3 C E (10.3 inch) ePaper

Please verify your device model before attempting to install the case to ensure a proper fit and avoid damage.

KEY FEATURES

1. Automatic Wake/Sleep Function

The OLAIKE folio case is equipped with a smart magnetic sensor that automatically wakes your Onyx BOOX device when the cover is opened and puts it to sleep when closed. This feature helps conserve battery life and provides convenient, instant access to your device.

Adjustable Angles

Easily adjust the angle, free your hands.

Figure 1: Automatic Wake/Sleep Function. Opening the cover wakes the device, closing it puts it to sleep.

2. Perfect Fit and Precise Cutouts

Designed with smooth, curved edges, the case perfectly cradles your Boox Note Air 10.3-inch e-reader. Precise cutouts ensure unobstructed access to all ports, buttons, and functions. The design also accounts for the original stylus, allowing it to attach magnetically to the side of your device without interference.

Precise Cutouts & Perfect Fit

Figure 2: Precise Cutouts and Perfect Fit. The case is designed to align perfectly with device ports and features.

3. Comprehensive Protection

The case offers robust protection for your device. The soft microfiber lining safeguards the screen from scratches and dust, while the high-quality hard TPU back shell provides excellent shock absorption, protecting your e-reader from impacts and drops.

Edge Protection

Disperse external shocks, better protect your device.

Figure 3: Edge Protection. The case disperses external shocks to better protect your device.

4. Stable Folding Stand

The folio cover can be folded to create a stable stand, offering multiple viewing and typing angles. The anti-slip microfiber lining ensures the stand remains secure at your desired angle, providing a comfortable experience for reading, watching, or writing.

Smart Wake/Sleep

Figure 4: Adjustable Angles. The case can be easily adjusted to various angles for hands-free use.

SETUP AND INSTALLATION

Follow these steps to properly install your Onyx BOOX device into the OLAIKE folio case:

1. **Prepare Your Device:** Ensure your Onyx BOOX Note Air or Note Air 2 Plus is clean and free of dust or debris.
2. **Align the Device:** Gently align your device with the hard TPU back shell of the case. Ensure the camera, ports, and buttons on your device match the corresponding cutouts on the case.
3. **Insert the Device:** Carefully press your device into the case, starting from one corner and working your way around. Apply gentle, even pressure until the device is securely seated within the shell. Ensure all edges are fully enclosed by the case.
4. **Check Fit:** Once installed, gently tug on the edges of the device to confirm it is firmly held by the case. Verify that all ports and buttons are accessible and functional.

OPERATING INSTRUCTIONS

Using the Automatic Wake/Sleep Function:

- To **wake** your device, simply open the front cover of the case.
- To put your device to **sleep**, close the front cover. The magnetic closure will secure the cover and activate the sleep mode.

Using the Folding Stand:

The case allows for two primary stand modes: Viewing Mode and Writing Mode.

1. **Viewing Mode:** Fold the front cover back and use the integrated folds to create a stable triangular stand. This mode is ideal for hands-free reading, watching videos, or browsing.
2. **Writing Mode:** Adjust the stand to a lower, more ergonomic angle. This flatter angle is suitable for comfortable typing or drawing with your stylus.

CARE AND MAINTENANCE

To ensure the longevity and appearance of your OLAIKE folio case, please follow these care instructions:

- **Cleaning:** Wipe the exterior of the case with a soft, damp cloth. For stubborn stains, a mild soap solution can be used, but avoid harsh chemicals or abrasive cleaners.
- **Interior:** The microfiber lining can be gently wiped with a dry, lint-free cloth to remove dust.
- **Avoid Extreme Conditions:** Do not expose the case to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture.
- **Storage:** When not in use, store the case in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Case does not fit my device.	Incorrect device model. This case is specifically for Onyx BOOX Note Air / Note Air 2 Plus 10.3 inch.	Verify your device model against the compatibility list in this manual. If your device is not listed, this case is not compatible.
Automatic wake/sleep function is not working.	Device not properly seated in the case, or magnetic sensor misalignment.	Ensure your device is fully and correctly inserted into the case, with all edges securely covered. Check for any obstructions.
Stand is unstable or slips.	Improper folding of the stand, or surface is too smooth.	Refold the case carefully to form the stand as shown in the "Operating Instructions" section. Ensure the anti-slip lining is making proper contact with the surface.
