

JOYMOR BPB1G

JOYMOR 3-in-1 Baby Bedside Bassinet

MODEL: BPB1G - INSTRUCTION MANUAL

Introduction

Thank you for choosing the JOYMOR 3-in-1 Baby Bedside Bassinet. This versatile product is designed to adapt to your child's needs, functioning as a bedside bassinet, a standalone crib, and a playpen. This manual provides essential information for safe assembly, operation, maintenance, and troubleshooting to ensure a secure and comfortable environment for your baby.

Important Safety Information

- **Maximum Load:** Do not exceed the maximum weight capacity of 33 lbs (15 kg).
- **Supervision:** Never leave your child unattended in the bassinet or playpen. Always keep an eye on your child.
- **Suffocation Hazard:** Ensure the mattress is always flat and securely fitted. Gaps between the mattress and the sides can pose a suffocation risk. The breathable mesh sides provide visibility and ventilation.
- **Stability:** The bassinet features a reinforced base with an extra cross bar to prevent the mattress from tilting to one side, ensuring stability.
- **Bedside Use:** When used as a bedside bassinet, ensure the detachable sidebar is properly lowered and securely attached to the parent's bed using the provided straps. The mattress, box springs, and bed frame should be aligned to prevent gaps.
- **Regular Checks:** Periodically check all fasteners, connections, and components to ensure they are secure and in good working order.

Parts List

Before assembly, ensure all parts are present:

- Main Bassinet/Playpen Frame
- Mattress with Sheet
- Support Bars (for bassinet level)
- Changing Table Attachment (if included)
- Mobile with Hanging Toys
- Carry Bag
- Bed Attachment Straps
- Wheels with Brakes

Setup and Assembly

Follow these steps for proper assembly. For a visual guide, please refer to the assembly videos provided.

1. **Unfolding the Frame:**

Place the folded bassinet on the floor. Lift up the side rails until they are in a half-open status. Ensure the bottom of the frame is raised up. Then, lift up each side rail until it locks into place. Press down the middle frame to the bottom to ensure the frame is completely stable.

2. **Installing the Bassinet Level:**

If using as a bassinet, zip up the middle layer to create the elevated sleeping surface. Insert the support bars into the designated sleeves under the bassinet level to provide additional stability.

3. **Placing the Mattress:**

Place the mattress securely onto the bassinet level or the bottom of the playpen. Ensure there are no gaps around the edges.

4. **Attaching the Changing Table (if applicable):**

Snap the two short changer attachment tubes into the openings in the plastic corners of the bassinet. Snap the kickstand to attach the changer to the bassinet. Make sure the changer is secured by pulling up on the sides of the changer.

5. **Attaching the Mobile:**

Attach the mobile arm to the side rail of the bassinet. Ensure it is securely fastened. Hang the toys from the mobile.

6. **Adjusting Height (for Bedside Sleeper):**

The bassinet features adjustable height settings. Locate the height adjustment buttons on the legs and adjust to match the height of your adult bed.

Operating Instructions

The JOYMOR bassinet offers multiple modes for your convenience:

- **Bedside Bassinet Mode:** Lower the detachable sidebar and use the provided straps to securely attach the bassinet to your adult bed. This allows for easy access to your baby during the night.
- **Standalone Bassinet/Crib Mode:** Keep all sidebars raised and locked. This mode provides a secure and comfortable sleeping space for your newborn or infant in any room.
- **Playpen Mode:** Once your child outgrows the bassinet level, remove the elevated mattress support and lower the mattress to the bottom of the frame. The spacious playpen includes a zippered game entrance for easy access.
- **Musical Mobile:** The included mobile features rotating toys and a music box with cheerful songs to soothe and entertain your child. Wind up the mechanism to activate.
- **Mobility:** The bassinet is equipped with two wheels with brakes, allowing for convenient movement between rooms. Engage the brakes when the bassinet needs to remain stationary.

Figure 8: Musical Mobile. This image shows the mobile with its hanging toys, designed to engage and soothe the baby.

Maintenance

Proper maintenance ensures the longevity and safety of your JOYMOR bassinet:

- **Cleaning:** The mattress sheet is removable and washable. Hand wash only. Do not use harsh detergents or abrasive cleaners.
- **Frame Cleaning:** Wipe the frame with a damp cloth and mild soap. Dry thoroughly.
- **Storage:** When not in use, fold the bassinet compactly and store it in the provided carry bag in a dry, cool place.

Figure 9: Easy Cleaning. This image demonstrates the hand washing of the removable and washable bassinet sheet.

Figure 10: Easy Transport and Storage. This image highlights the compact folding and portability of the bassinet in its carry bag.

Troubleshooting

- **Side Rails Not Locking:** If the long or short side rails refuse to lock, ensure the middle frame is not fully pressed down. Pull the red rope upwards to make the frame upright, then try locking the side rails again. Once all sides are locked, press the middle frame down to the bottom.
- **Mattress Stability Concerns:** Ensure the support bars are correctly inserted into their sleeves beneath the bassinet level. The reinforced base with an extra cross bar is designed to prevent tilting. Always verify the mattress is flat and securely positioned without gaps.
