## Rossetta Star Projector-RT009

# Rossetta Star Projector User Manual

Model: Star Projector-RT009

Brand: Rossetta

## 1. INTRODUCTION

---

The Rossetta Star Projector is designed to transform any room into a captivating celestial experience, featuring stunning northern lights and a starry sky. It serves multiple functions, including a night light, a white noise machine, and a Bluetooth speaker. With its intuitive remote control, users can easily adjust lighting modes, colors, brightness, and set timers for a personalized ambiance. This device is ideal for creating a relaxing atmosphere, enhancing room decor, or providing a soothing environment for sleep.

## 2. PACKAGE CONTENTS

---

Please check the package carefully to ensure all items are present and in good condition.

- Rossetta Star Projector
- Remote Control
- Power Cable (USB)
- User Manual

*Note: An adapter is not included and must be supplied by the user (e.g., a standard 5V USB power adapter).*

## 3. PRODUCT OVERVIEW

---

The Rossetta Star Projector and its accompanying remote control, showing the device's buttons and light output.

A room illuminated by the Rossetta Star Projector, showcasing the vibrant galaxy and star display on the ceiling and walls.

## Device Controls:

- **Power Button:** Turns the projector on or off.
- **Light Mode Button:** Cycles through different light effects and colors.
- **Bluetooth Button:** Activates Bluetooth pairing mode.
- **Volume Buttons:** Adjusts the volume for white noise or Bluetooth audio.
- **USB Port:** For power connection.

## Remote Control Functions:

The remote control provides comprehensive control over all projector functions, including power, light modes, colors, brightness, white noise selection, volume, and timer settings.

## 4. SETUP

1. **Unpack the Projector:** Carefully remove the Rossetta Star Projector and all accessories from the

packaging.

2. **Power Connection:** Connect the provided USB power cable to the projector's USB port. Plug the other end of the USB cable into a compatible 5V USB power adapter (not included) and then into a power outlet.
3. **Remote Control Setup:** Open the battery compartment on the back of the remote control and insert 2 x AAA batteries (not included), ensuring correct polarity. Close the compartment securely.
4. **Placement:** Place the projector on a stable, flat surface. For optimal projection, position it in the center of the room or facing the desired projection surface (ceiling or wall).

## 5. OPERATING INSTRUCTIONS

---

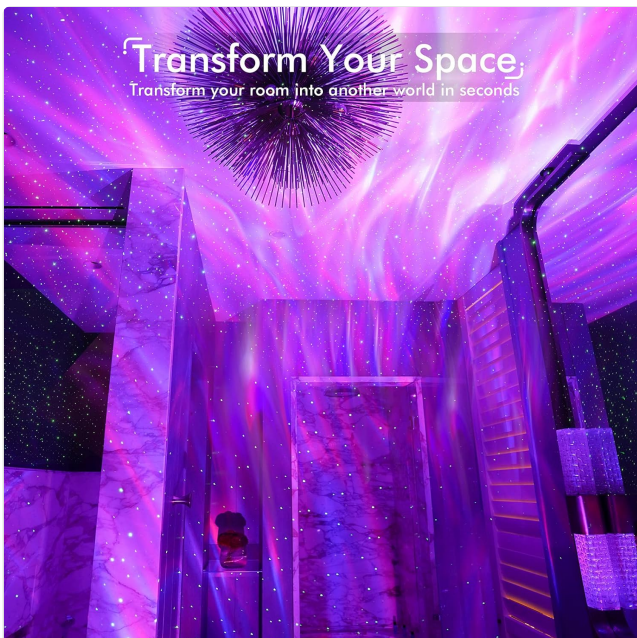

### 5.1 Power On/Off

- Press the **Power Button** on the projector or the remote control to turn the device on or off.

### 5.2 Lighting Modes and Effects

The Rossetta Star Projector creating a dynamic light show synchronized with music, ideal for social gatherings.

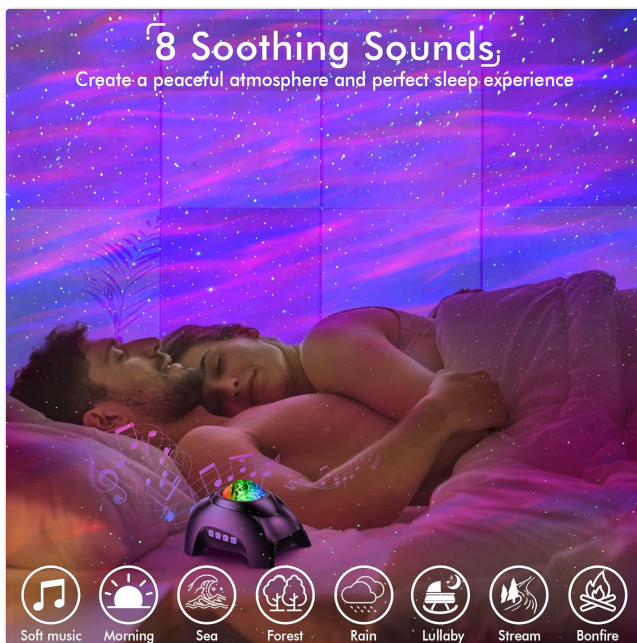

A room transformed by the Rossetta Star Projector, showcasing its immersive lighting effects.

- **Aurora/Nebula Effect:** Use the remote control to select various aurora colors (Red, Green, Blue, White) and combinations.
- **Star Effect:** Activate or deactivate the green star projection.
- **Brightness Adjustment:** Use the brightness buttons on the remote to increase or decrease the intensity of the projection.
- **Speed Control:** Adjust the movement speed of the aurora effect using the remote control.

### 5.3 Bluetooth Speaker Function

- **Pairing:** Turn on the projector. The device will automatically enter Bluetooth pairing mode (a voice prompt may indicate this). On your mobile device, search for Bluetooth devices and select "Rossetta" (or similar name).
- **Playing Audio:** Once paired, you can play music, podcasts, or audiobooks from your device through the projector's speaker.
- **Volume Control:** Adjust volume using the projector's buttons or the remote control.
- **Sound Activated Mode:** The projector can synchronize its light effects with the rhythm of the music when this mode is activated via the remote.

### 5.4 White Noise Machine

The Rossetta Star Projector providing a calming ambiance with white noise and aurora projection for relaxation and sleep.

- The projector includes 8 calming white noise options (e.g., soft music, morning, sea, forest, rain, lullaby, stream, bonfire).
- Use the remote control to cycle through and select your preferred white noise sound.

### 5.5 Timer Function

- Set the automatic shut-off timer for 1 or 2 hours using the remote control.
- The projector will automatically turn off after the selected time, or after 4 hours if no timer is set.

## 6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the projector. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the projector in a cool, dry place away from direct sunlight and extreme temperatures.
- **Lens Care:** Avoid touching the projection lens directly to prevent smudges or scratches. If necessary, gently clean with a lens cleaning cloth.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Projector does not turn on.	No power connection or faulty adapter.	Ensure the power cable is securely connected and the adapter is working. Try a different USB adapter.
Remote control not working.	Batteries are dead or incorrectly inserted. Obstruction between remote and projector.	Replace batteries, check polarity. Ensure no obstructions and point remote directly at the projector.
No projection or dim projection.	Brightness set too low. Lens obstructed.	Increase brightness using the remote. Clean the projection lens. Ensure the room is dark enough.
Bluetooth connection issues.	Not in pairing mode. Device too far. Already connected to another device.	Ensure projector is in Bluetooth pairing mode. Move device closer. Disconnect from other Bluetooth devices.
Sound quality is poor.	Volume too high/low. Source audio quality.	Adjust volume. Check audio source quality.

## 8. SPECIFICATIONS
