## Skullcandy Dime 2

# Skullcandy Dime 2 Wireless Earbuds User Manual

Model: Dime 2

## INTRODUCTION

This manual provides comprehensive instructions for the Skullcandy Dime 2 Wireless Earbuds. It covers setup, operation, maintenance, and troubleshooting to ensure optimal use of your device. The Dime 2 earbuds offer a secure, noise-isolating fit, Bluetooth connectivity, and integrated Tile finding technology.

## WHAT'S IN THE BOX

Verify that all items are present in the packaging:

- Dime 2 True Wireless Earbuds
- Charging Case
- Ear Gels (Small, Medium, Large)
- Micro-USB Charging Cable
- User Manual (this document)

## SETUP

### 1. Charging Your Earbuds and Case

Before first use, fully charge your Dime 2 earbuds and charging case. The earbuds provide up to 3.5 hours of playback, with the charging case offering an additional 8.5 hours, totaling 12 hours of battery life.

1. Place the earbuds into the charging case. Ensure they are seated correctly.
2. Connect the Micro-USB charging cable to the charging port on the case and plug the other end into a USB power source.
3. The indicator light on the case will show charging status.
4. Allow approximately 1-2 hours for a full charge.

Image: A diagram illustrating the battery life of the Skullcandy Dime 2 earbuds. It shows 3.5 hours for the earbuds and 8.5 hours for the charging case, combining for a total of 12 hours.

## 2. Bluetooth Pairing

Follow these steps to pair your Dime 2 earbuds with your device:

1. Remove both earbuds from the charging case. They will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), open the Bluetooth settings.
3. Look for "Dime 2" in the list of available devices and select it to connect.

4. Once connected, you will hear an audio prompt, and the indicator lights on the earbuds will change (e.g., solid blue or off).
5. If pairing fails, place the earbuds back in the case, close the lid, wait a few seconds, and repeat the process.

## OPERATING INSTRUCTIONS

### Earbud Controls

Each earbud features a multi-function button for controlling audio playback and calls. The specific functions are:

- **Single Press:** Play/Pause audio, Answer/End call.
- **Double Press (Right Earbud):** Increase volume.
- **Double Press (Left Earbud):** Decrease volume.
- **Triple Press (Right Earbud):** Skip to next track.
- **Triple Press (Left Earbud):** Skip to previous track.
- **Press and Hold (2 seconds):** Activate voice assistant.

## Using Tile Finding Technology

The Skullcandy Dime 2 earbuds are equipped with Tile finding technology to help you locate them if misplaced. To use this feature:

1. Download the Tile app on your smartphone or tablet.
2. Follow the in-app instructions to register your Dime 2 earbuds.
3. If your earbuds are within Bluetooth range, you can use the Tile app to make them ring, helping you find them.
4. The Tile app can also show the last known location of your earbuds on a map.

## Water Resistance (IPX4)

The Dime 2 earbuds are rated IPX4 for sweat and water resistance. This means they are protected against splashing water from any direction. They are suitable for workouts and light rain exposure but should not be submerged in water.

- Do not submerge the earbuds in water.

- Do not expose the charging case to water, as it is not water-resistant.
- Ensure earbuds are dry before placing them back into the charging case.

## MAINTENANCE

- **Cleaning:** Regularly clean the earbuds and charging contacts with a dry, soft cloth. Remove ear gels and clean them with mild soap and water, then dry thoroughly before reattaching.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged.
- **Battery Care:** To prolong battery life, avoid fully discharging the earbuds and case frequently. Charge them regularly, even if not in constant use.
- **Avoid Extreme Temperatures:** Do not expose the earbuds or case to extreme heat or cold, as this can damage the battery and internal components.

## TROUBLESHOOTING

Issue	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Place them back in the case, close the lid, wait 5 seconds, then remove them to re-enter pairing mode. Check your device's Bluetooth settings and forget/remove "Dime 2" if previously paired, then try pairing again.
Only one earbud playing audio	Ensure both earbuds are charged. Place both earbuds back in the case, close the lid, and then remove them simultaneously. This often re-syncs them. If the issue persists, try resetting the earbuds (refer to Skullcandy support for specific reset instructions).
No sound or low volume	Check the volume level on both your device and the earbuds. Ensure the earbuds are properly seated in your ears. Clean any debris from the earbud speakers.
Charging issues	Ensure the charging cable is securely connected to both the case and the power source. Try a different Micro-USB cable and power adapter. Clean the charging contacts on both the earbuds and the case.

## SPECIFICATIONS

Feature	Detail
Model Name	Dime 2
Connectivity Technology	Wireless (Bluetooth 5.0)
Bluetooth Range	Up to 10 meters
Battery Life	Up to 12 hours total (3.5 hours earbuds + 8.5 hours case)
