Setup and Assembly Instructions

Assembly typically requires a hammer and screwdriver (not included). Follow these steps carefully for each nightstand.

1. **Prepare Components:** Unpack all parts and lay them out on a clean, soft surface. Identify each component using the provided parts list.
2. **Attach Leg Mounting Plates:** Secure the metal leg mounting plates to the bottom panel of the nightstand using the provided screws. Ensure they are aligned correctly with the pre-drilled holes.

4. **Assemble Nightstand Frame:** Connect the side panels, bottom panel, and top panel using the provided hardware (dowels, cam locks, screws). Follow the diagrams in your physical manual for specific orientation.
5. **Install Drawer Slides:** Attach the drawer slides to the inner side panels of the nightstand frame and to the drawer side panels according to the instructions. Ensure they are level and aligned for smooth operation.
6. **Assemble Drawer:** Connect the drawer side panels, back panel, and front panel. Slide the drawer bottom panel into the grooves. Attach the handle to the drawer front.
7. **Insert Drawer:** Carefully slide the assembled drawer into the nightstand frame, aligning the drawer slides.
8. **Attach Back Panel:** Secure the back panel to the rear of the nightstand frame using small nails or screws.
9. **Apply Felt Pads:** Attach the felt pads to the bottom of each leg to protect your floors.
10. **Final Check:** Ensure all screws and connections are tight. Place the nightstand in its desired location.

Operating Instructions

- **Drawer Usage:** The nightstand features a smoothly pull-out drawer for storage. To open, gently pull the handle. To close, push until it is fully seated. Avoid forcing the drawer.
- **Weight Capacity:** The tabletop is designed to hold up to 110 pounds (50 kg). Distribute weight evenly. Avoid placing excessively heavy items on the open shelf or inside the drawer to prevent damage or instability.
- **Placement:** Position the nightstand on a flat, stable surface to ensure stability and prevent wobbling.

Maintenance

- **Cleaning:** The surface is waterproof and wear-resistant, making it easy to clean. Wipe with a soft, damp cloth using only water. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust with a dry, soft cloth.
- **Spills:** Wipe up spills immediately to prevent staining, especially on the white surface.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten as needed to maintain structural integrity.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration.

Troubleshooting

Problem	Possible Cause	Solution
Nightstand is wobbly.	Loose connections; uneven floor.	Ensure all screws are tightened. Adjust felt pads or use shims if the floor is uneven.
Drawer does not slide smoothly.	Drawer slides misaligned; obstruction.	Check that drawer slides are correctly installed and aligned. Remove any obstructions.
Parts are missing or damaged.	Manufacturing error; shipping damage.	Do not proceed with assembly. Contact JAXPETY customer support immediately for replacement parts.
Difficulty assembling.	Instructions unclear; incorrect part orientation.	Review the assembly steps and diagrams carefully. Ensure parts are oriented as shown. Contact support if issues persist.
