SIDIZ T25

SIDIZ T25 Petite Ergonomic Office Chair User Manual

Model: T25

INTRODUCTION

This manual provides instructions for the assembly, operation, maintenance, and troubleshooting of your SIDIZ T25 Petite Ergonomic Office Chair. Please read this manual thoroughly before using the product to ensure proper function and longevity.

1. SETUP AND ASSEMBLY

The SIDIZ T25 chair is designed for straightforward assembly. While specific step-by-step diagrams are not provided in this manual, the general process involves attaching the base, gas lift, and seat components. Assembly typically takes approximately 5-10 minutes.

1.1 Unpacking

- Carefully remove all components from the packaging.
- Verify that all parts are present according to the packing list (not provided in this manual).
- Place components on a soft, clean surface to prevent scratches.

1.2 Basic Assembly Steps (General Guidance)

1. Insert the casters into the holes at the end of each leg of the chair base.
2. Place the gas lift cylinder into the center hole of the chair base.
3. Align the seat mechanism with the top of the gas lift cylinder and firmly press down.
4. Attach the backrest to the seat mechanism using the provided hardware (if not pre-assembled).

Enjoy Advanced Ergonomics.

SIDIZ's people-oriented design helps you fully adjust T25.

Ensure all connections are secure before using the chair.

2. OPERATING INSTRUCTIONS

The SIDIZ T25 chair features several ergonomic adjustments designed for comfort and support, particularly for petite users.

EVERYTHING ABOUT T25

FIXED ARMREST

T25's armrest is fixed at the right height to comfortably support you.

AUTO-FIT TILT

With SIDIZ's patented WAT Technology automatically adjusts the tilt tension when you lean back. (Patent No. 01-2012-7029858)

PETITE SIZED

With its seat height ranging from 15.7" to 20.7", T25 comfortably supports petite users.

3D MESH

Premium-quality mesh offers a pleasant experience for long sitting hours.

COMFORTABLE SEAT

Streamlined design in the seat helps distribute user weight, giving comfortable seating experiences.

TILT LOCK

T25's backrest provides different sitting angles either locked or perfectly flowing.

Figure 3: Overview of T25 chair features and adjustments.

2.1 Seat Height Adjustment

To adjust the seat height, locate the lever typically found under the right side of the seat. While seated, lift the lever to raise the seat. To lower the seat, lift the lever while applying weight to the seat. Release the lever at the desired height.

2.2 Auto-Fit Tilt Mechanism

The T25 features a patented (Patent No. 01-2012-7029858) weight-activated auto-fit tilt mechanism. This system automatically adjusts the tilt tension based on your body weight, providing optimal recline support without manual tension adjustments. Simply lean back to engage the tilt.

2.3 Tilt Lock

The backrest can be locked into different sitting angles. Locate the tilt lock lever, usually near the seat height adjustment. Engage the lever to lock the backrest in your preferred position, or disengage it for a perfectly flowing recline.

2.4 Armrests

The T25 chair is equipped with fixed armrests, positioned to comfortably support users. These armrests are not adjustable in height or position.

2.5 Casters

The high-quality casters are designed for smooth movement across hard floor surfaces. Ensure the floor is clear of obstructions for optimal mobility.

3. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and appearance of your SIDIZ T25 chair.

- **Cleaning:** Wipe clean with a soft, damp cloth. Use only non-abrasive cleaning materials to maintain product integrity and finish.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Re-tighten if necessary.
- **Weight Limit:** Do not exceed the maximum weight recommendation of 275 lbs (125 kg). Exceeding this limit may cause damage or injury.
- **Environment:** Use the chair indoors only. Avoid prolonged exposure to direct sunlight or extreme temperatures.

4. TROUBLESHOOTING

This section addresses common issues you might encounter with your SIDIZ T25 chair.

Problem	Possible Cause	Solution
Chair does not stay at desired height (sinks).	Faulty gas lift cylinder.	Contact customer support for a replacement gas lift cylinder.
Chair squeaks or wobbles.	Loose connections or hardware.	Inspect all screws and bolts, and tighten them securely.
Casters do not roll smoothly.	Debris in casters or damaged casters.	Clean any hair or debris from the caster wheels. If damaged, contact customer support for replacements.
Backrest does not tilt or lock properly.	Mechanism obstruction or malfunction.	Ensure no objects are obstructing the tilt mechanism. If the issue persists, contact customer support.
