## SpaRoom Athena

# SpaRoom Athena Bluetooth Aromatherapy Ultrasonic Misting Essential Oil Diffuser

## USER MANUAL

### Introduction

The SpaRoom Athena Ultrasonic Misting Essential Oil Diffuser is designed to enhance your environment with the therapeutic benefits of aromatherapy. This device transforms water and essential oils into a fine, fragrant mist, providing both aroma diffusion and humidification. Featuring Bluetooth connectivity, adjustable lighting, and safety features, the Athena diffuser is suitable for large rooms and aims to improve your overall well-being.

## Setup

1. **Unpack:** Carefully remove all components from the packaging.
2. **Placement:** Place the diffuser on a flat, stable surface away from direct sunlight, heat sources, and air vents.
3. **Remove Cover:** Gently lift the decorative outer cover and the inner lid to access the water tank.
4. **Fill Water Tank:** Pour clean tap water into the water tank up to the maximum fill line (200 mL). Do not overfill.
5. **Add Essential Oil:** Add 3-5 drops of your preferred essential oil directly into the water. Adjust the amount based on personal preference.
6. **Replace Covers:** Securely place the inner lid back onto the water tank, ensuring it is properly seated. Then, place the decorative outer cover over the inner lid.
7. **Connect Power:** Plug the power adapter into the DC jack located at the base of the diffuser.

8. **Plug In:** Insert the power adapter into a standard electrical outlet.

## Operating Instructions

- **Power Button (I/O):** Press once to turn the diffuser on. Press again to turn it off.
- **Mist Button (Mist):** Press to cycle through mist modes:
  - First press: Continuous mist (up to 6 hours).
  - Second press: Intermittent mist (30 seconds on, 30 seconds off, up to 12 hours).
  - Third press: Turn mist off.
- **Light Button (Light):** Press to control the LED light feature:
  - First press: Lights cycle through 7 colors.
  - Subsequent presses: Pause on a specific color.

- Press and hold: Turn lights off.
- **Bluetooth Connectivity:** The Athena diffuser features integrated Bluetooth.
  - When the diffuser is powered on, it will automatically enter Bluetooth pairing mode.
  - On your device (smartphone, tablet), search for "SpaRoom Athena" in the Bluetooth settings.
  - Select "SpaRoom Athena" to pair. A voice prompt will confirm "Bluetooth device is connected successfully."
  - You can now play audio through the diffuser's speaker.

## Maintenance

Regular cleaning is essential to ensure optimal performance and longevity of your diffuser.

- **Daily Cleaning:** After each use, unplug the diffuser and empty any remaining water from the tank. Wipe the inside of the water tank with a soft, damp cloth.
- **Weekly Cleaning:** For a more thorough cleaning, use a cotton swab dipped in rubbing alcohol to gently wipe the ultrasonic plate located at the bottom of the water tank. This helps remove any essential oil residue buildup.

- **Exterior:** Wipe the exterior of the diffuser with a soft, dry cloth.
- **Storage:** If storing the diffuser for an extended period, ensure it is completely dry before packing it away.

**Important:** Do not use harsh detergents, abrasive cleaners, or solvents, as these can damage the diffuser. Do not immerse the base of the diffuser in water.

## Troubleshooting

Problem	Possible Cause	Solution
No mist or low mist output	Low water level; Ultrasonic plate dirty; Diffuser not level.	Add water to the tank (do not exceed max line); Clean the ultrasonic plate with a cotton swab; Ensure diffuser is on a flat surface.
No power	Power adapter not connected; Outlet not working.	Ensure power adapter is securely plugged into the diffuser and the wall outlet; Test the outlet with another device.
Bluetooth not connecting	Device not in pairing mode; Out of range; Already connected to another device.	Ensure diffuser is powered on; Move your device closer to the diffuser; Disconnect from other Bluetooth devices and try again.
Water leakage	Overfilled water tank; Cover not properly seated.	Ensure water level is below the max fill line; Re-seat the inner lid and outer cover correctly.

## Specifications

- **Brand:** SpaRoom
- **Model Name:** Athena
- **Capacity:** 200 Milliliters
- **Run Time:** Up to 6 hours (continuous mist), up to 12 hours (intermittent mist)
- **Coverage:** Up to 300 square feet (27.87 square meters)
- **Auto Shutoff:** Yes (when water level is low)
- **Light Source Type:** LED (7 rotating colors, pause on color, off)
- **Power:** 12 watts
- **Product Dimensions:** 5.3 x 5.3 x 5.8 inches
- **Item Weight:** 1.28 pounds (0.58 Kilograms)
- **Smart Home Compatibility:** Smart Home Compatible (via Bluetooth)

## Safety Information

Please read and follow these safety guidelines to prevent injury or damage to the product.

- Keep the diffuser out of reach of children and pets.
- Use only clean tap water and 100% pure essential oils. Do not use synthetic fragrances or corrosive liquids.
- Do not move the diffuser while it is operating or contains water.

- Always unplug the diffuser from the power outlet when not in use, before cleaning, or when refilling the water tank.
- Ensure the diffuser is placed on a stable, level surface to prevent spills.
- Do not block the mist outlet.
- Avoid placing the diffuser near electronic devices that may be sensitive to moisture.
