Case-Mate FL047352

Case-Mate Fuel 5000 mAh Magnetic Wireless Portable Charger User Manual

Model: FL047352

Introduction

The Case-Mate Fuel 5000 mAh Magnetic Wireless Portable Charger is designed to provide convenient and portable power for your MagSafe-compatible devices. Its compact and lightweight design makes it suitable for on-the-go use. This power bank features both magnetic wireless charging and a USB-C port for versatile charging options.
Key features include:

- Strong built-in magnets for secure attachment to MagSafe-compatible devices (iPhone 12 series and above) or cases.
- Wireless charging up to 10W.
- Qi Compatible for broader wireless charging support.
- USB-C port for universal wired charging and recharging the power bank.
- LED power indicators to display battery status.
- Crafted using standard certified recycled content.

Setup

1. Charging the Power Bank

Before initial use, fully charge your Case-Mate Fuel power bank. Connect a USB-C cable (included) to the USB-C port on the power bank and plug the other end into a compatible USB power adapter (not included). The LED indicators will illuminate to show the charging progress. All LEDs will be solid when fully charged.

2. Attaching to Your Device

For magnetic wireless charging, ensure your device is MagSafe-compatible (iPhone 12 series or newer) or uses a MagSafe-compatible case. Align the power bank with the back of your iPhone; the strong magnets will snap it into place, ensuring perfect alignment for efficient charging.

Operating Instructions

1. Wireless Charging

1. Press the power button on the side of the power bank once to activate it.
2. Attach the power bank to the back of your MagSafe-compatible iPhone or case. The magnetic connection will secure it.
3. A blue LED light on the power bank indicates a secure connection and active charging. Your iPhone will also display a charging animation.
4. To stop charging, simply detach the power bank or press the power button twice to turn it off.

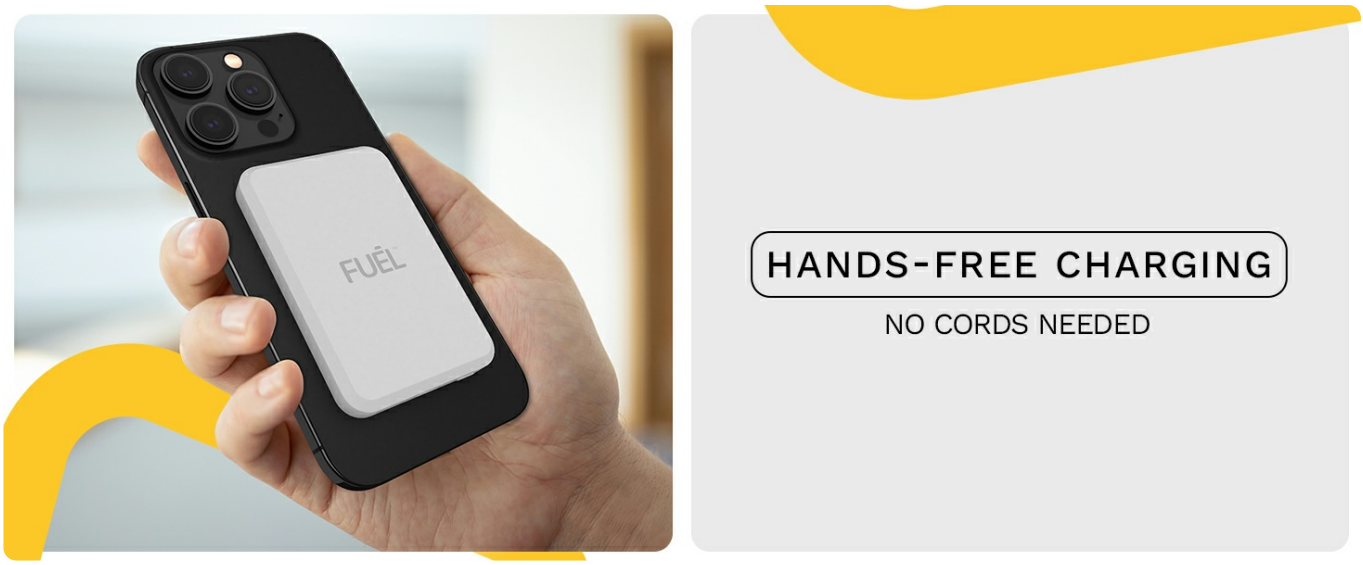

Figure 3: Hands-Free Magnetic Charging in Use

2. Wired Charging (USB-C)

The USB-C port can be used to charge other devices that are not MagSafe-compatible. Connect a USB-C to Lightning cable or a USB-C to USB-C cable (not included) from the power bank's USB-C port to your device. Press the power button once to initiate charging.

3. Charging Multiple Devices

The Case-Mate Fuel power bank supports charging two devices simultaneously: one wirelessly via MagSafe and another via the USB-C port.

4. LED Power Indicators

The LED lights on the power bank indicate the remaining battery level and charging status. Refer to the device for specific light patterns and their meanings (e.g., solid lights for charge level, blinking for active charging).

Maintenance

- Keep the power bank dry and away from moisture.
- Avoid exposing the device to extreme temperatures (hot or cold).
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.

- Store in a cool, dry place when not in use.

Troubleshooting

1. Device Not Charging Wirelessly

- Ensure the power bank is turned on by pressing the power button once.
- Verify your iPhone is MagSafe-compatible (iPhone 12 series or newer) or has a MagSafe-compatible case.
- Check for proper alignment between the power bank and your iPhone. The magnets should snap securely.
- Confirm the power bank itself has sufficient charge (check LED indicators).

2. Slow Charging

- Wireless charging speed can be affected by phone cases. Ensure your case is MagSafe-compatible and not excessively thick.
- Ensure the power bank has adequate charge. Lower power bank charge may result in slower output.

3. Power Bank Not Recharging

- Verify the USB-C cable is securely connected to both the power bank and the power adapter.
- Ensure the power adapter is functional and providing power.
- Try a different USB-C cable or power adapter.

4. Device or Power Bank Overheating

- It is normal for charging devices to generate some heat. However, excessive heat may indicate an issue.
- Discontinue use if the device or power bank becomes excessively hot.
- Ensure there is adequate ventilation around the device during charging.

Specifications

Feature	Detail
Model Number	FL047352
Battery Capacity	5000 mAh
Product Dimensions	3.74 x 2.48 x 0.55 inches
Item Weight	7.8 ounces
Wireless Charging Output	Up to 10W
Connector Type	Magnetic Wireless Charging, USB Type C

Compatibility	iPhone 12, 13, 14, 15, and 16 Series phones and MagSafe cases
