## Toutouan Humidificadores

# Toutouan Tower Humidifier Instruction Manual

Model: Humidificadores

### PRODUCT OVERVIEW

---

The Toutouan Tower Humidifier is designed for large spaces up to 2000 sq.ft, offering a maximum humidification capacity of 2000ml/h. It features a large 5.4-gallon (21L) top-fill water tank, providing over 20 hours of continuous operation on a single fill. This humidifier is suitable for various environments including factories, warehouses, whole houses, large rooms, supermarkets, offices, schools, greenhouses, and for plant care.

Key features include a four-segment 360° rotatable nozzle for adjustable mist direction, constant humidity control (45% to 95% with 5% adjustment per touch), and three-speed humidity regulators (low/medium/high). It also comes with a remote control for convenient operation and is equipped with wheels for easy mobility. The unit operates with super low noise and includes a sleep mode, making it suitable for use in bedrooms and offices.

The Toutouan Tower Humidifier, a tall, white, rectangular unit with a multi-directional mist outlet on top, designed for large area humidification.

# 4 Atomizers for Extra Large Room

The humidifier in a living room setting, highlighting its four atomizers for extra large room coverage and features like anti-leak design, UV sterilization, 360° rotation, touch & remote control, constant humidity, and top fill.

**200% faster humidification speed,  
max 2000ml/h output**

An illustration showing the humidifier's capacity to humidify up to 2000 sq.ft, with a 200% faster humidification speed and a maximum output of 2000ml/h. Features like 360° rotation, 2000 sq.ft cover range, and 1-12 hour timer are also depicted.

## SETUP GUIDE

Follow these steps to set up your Toutouan Tower Humidifier:

1. **Unpacking:** Carefully remove all components from the packaging. Ensure all accessories, including the remote control and wheels, are located. Note: Some accessories may be found inside the water tank.
2. **Base Assembly:** Attach the main unit to its base. The unit is lightweight for easy handling.
3. **Nozzle Installation:** Securely place the four-segment rotatable nozzle onto the top of the main unit. The segments can be adjusted or removed as needed to direct mist.
4. **Filling the Water Tank:** The humidifier features a top-fill design. Open the top cover and pour clean water directly into the water injection port. Do not add water directly to the mist outlet. The large 21L (5.2 Gallon) tank capacity allows for extended operation.
5. **Power Connection:** Plug the power cord into a suitable electrical outlet.

An exploded diagram illustrating the main components: removable rotating nozzle, LED display touch screen, large mouth tight water injection port, 4 ultrasonic vibration motors, 17L/4.49Gal large water tank, water volume display, and 4 removable wheels.

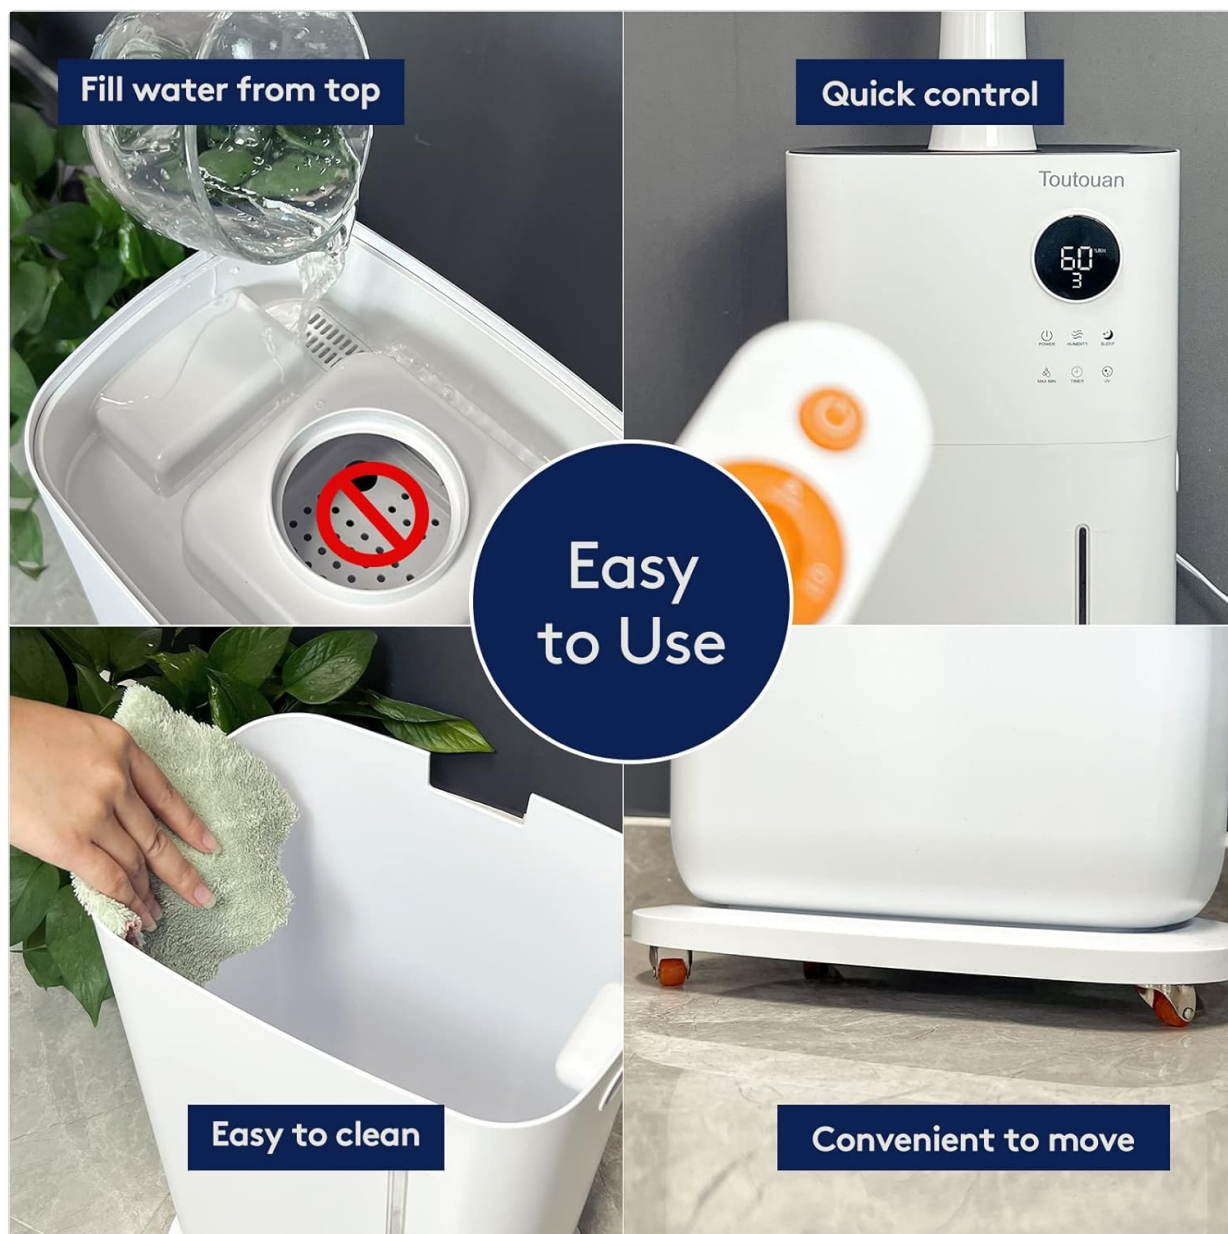

## OPERATING INSTRUCTIONS

Your Toutouan Tower Humidifier can be operated using either the touch panel on the unit or the included remote control.

1. **Power On/Off:** Press the **Power** button on the unit or remote to turn the humidifier on or off.
2. **Adjusting Humidity:** Use the **Humidity** button to set your desired humidity level between 45% and 95%, adjustable in 5% increments. The humidifier will automatically maintain this level.
3. **Mist Output Control:** Select from three mist output speeds (low/medium/high) using the **Max/Min** button to adjust the humidification intensity according to your environment.
4. **Timer Function:** Set the operating time from 1 to 12 hours using the **Timer** button. The unit will automatically shut off once the set time expires.
5. **Sleep Mode:** Activate **Sleep** mode for quiet operation and dimmed display lights, ensuring an undisturbed environment.
6. **UV Sterilization:** The humidifier includes a UV function for water purification. Activate or deactivate this

feature using the **UV** button.

7. **Nozzle Adjustment:** The four-segment nozzle can be rotated 360° to direct the mist flow. Individual segments can also be removed or adjusted to concentrate mist in specific directions.

## MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your humidifier.

- **Cleaning:** The top-fill design makes cleaning easy. Regularly clean the water tank to prevent mineral buildup and maintain hygiene. No filter replacement is needed for this model, saving on ongoing costs.
- **Water Quality:** Use clean, distilled, or demineralized water to minimize mineral residue and extend the life of the unit.
- **Storage:** If storing the humidifier for an extended period, ensure it is thoroughly cleaned and dried before packing away.

## TROUBLESHOOTING

If you encounter issues with your humidifier, please refer to the following common solutions:

- **No Fog Production:** If the humidifier does not produce fog upon initial start-up, please ensure the water tank is properly filled and seated. Refer to the 'Special Attention' section in your quick start guide for specific first-time use instructions.
- **Reduced Mist Output:** Check the water level. Ensure the mist outlet is not obstructed. Clean the ultrasonic vibration motors if mineral buildup is visible.
- **Unusual Noise:** Ensure the unit is placed on a flat, stable surface. Check for any foreign objects in the water tank or mist outlet.
- **Remote Control Not Working:** Verify the batteries in the remote control. Ensure there are no obstructions between the remote and the humidifier's sensor.

For persistent issues not covered here, please contact customer support.

## PRODUCT SPECIFICATIONS

Feature	Specification
Brand	Toutouan
Model Name	cool mist humidifier (Humidificadores)
Special Feature	Remote Control, Timer
Filter Type	No filter replacement needed
Floor Area Coverage	Up to 2000 Square Feet
