

METAL MACHINES 6792D

METAL MACHINES Monster Truck Wars (T-Rex) Toy Vehicle Instruction Manual

Model: 6792D

INTRODUCTION

This manual provides essential information for the safe and proper use of your METAL MACHINES Monster Truck Wars (T-Rex) toy vehicle. Please read all instructions carefully before use and retain this manual for future reference.

PACKAGE CONTENTS

- 1 x METAL MACHINES Monster Truck Wars (T-Rex) Vehicle
- 1 x Fireable Weapon
- Batteries (pre-installed)

SETUP

1. Unboxing

Carefully remove all components from the packaging. Ensure all listed package contents are present. Dispose of packaging materials responsibly.

2. Battery Installation/Activation

Your Monster Truck comes with batteries pre-installed. To activate the toy, locate and remove any plastic pull-tabs from the battery compartment, usually found on the underside of the vehicle. If the toy does not activate, refer to the 'Battery Replacement' section under Maintenance.

3. Attaching the Firing Weapon

The fireable weapon attaches to the rooftop of the monster truck. Align the weapon's base with the

designated slot on the truck's roof and press firmly until it clicks into place. Ensure it is securely attached before use.

OPERATING YOUR MONSTER TRUCK

1. Basic Movement

The Monster Truck features free-wheeling action. Simply push the truck forward or backward to make it move. Its robust suspension allows for dynamic play over various surfaces.

2. Lights and Sounds

To activate the truck's lights and sounds, locate the button or lever on the vehicle, typically on the engine hood. Pressing this will trigger engine sounds and illuminate the truck's lights.

3. Firing the Weapon

To fire the weapon, ensure it is loaded (if applicable, some models may have a single projectile or integrated firing mechanism). Press the trigger button located on the weapon assembly. The projectile will launch forward.

MAINTENANCE

1. Cleaning

To clean your monster truck, wipe it with a damp cloth. Do not immerse the toy in water, as this can damage the electronic components. Avoid using harsh chemicals or abrasive cleaners.

2. Battery Replacement

If the lights and sounds begin to fade or stop working, it may be time to replace the batteries. Locate the battery compartment on the underside of the truck. Using a small screwdriver, open the compartment, remove the old batteries, and insert new ones, ensuring correct polarity. Close the compartment securely.

TROUBLESHOOTING

- **Lights/Sounds Not Working:** Check if the plastic pull-tab has been removed. Ensure batteries are correctly installed and not depleted. Replace batteries if necessary.
- **Weapon Not Firing:** Verify the weapon is securely attached to the truck. Ensure any projectiles are correctly loaded (if applicable).
- **Truck Not Moving Smoothly:** Check for any obstructions in the wheels or suspension. Ensure the wheels are clean and free of debris.

SPECIFICATIONS

Feature	Detail
Model Number	6792D
Product Dimensions	11.02 x 6.69 x 7.87 inches (28 x 17 x 20 cm)
Item Weight	1.24 pounds (0.56 kg)
Manufacturer Recommended Age	4 years and up
Manufacturer	ZURU
