## Antetek BED38GY

# Antetek Twin Daybed with Trundle Instruction Manual

Model: BED38GY

### IMPORTANT SAFETY INFORMATION

Do not load more than 300 lbs on the daybed or 200 lbs on the trundle bed. Always follow the assembly instructions carefully to ensure stability. Be cautious around sharp edges during assembly and use. Failure to adhere to weight limits or assembly instructions may result in injury or product damage.

### PRODUCT OVERVIEW

The Antetek Twin Daybed with Trundle is a versatile furniture piece designed for various living spaces, including bedrooms, living rooms, and guest rooms. It features a button-tufted armrest and nailhead trimming, offering an elegant and sophisticated aesthetic. This daybed includes a roll-out trundle, providing an additional sleeping area without requiring a box spring.

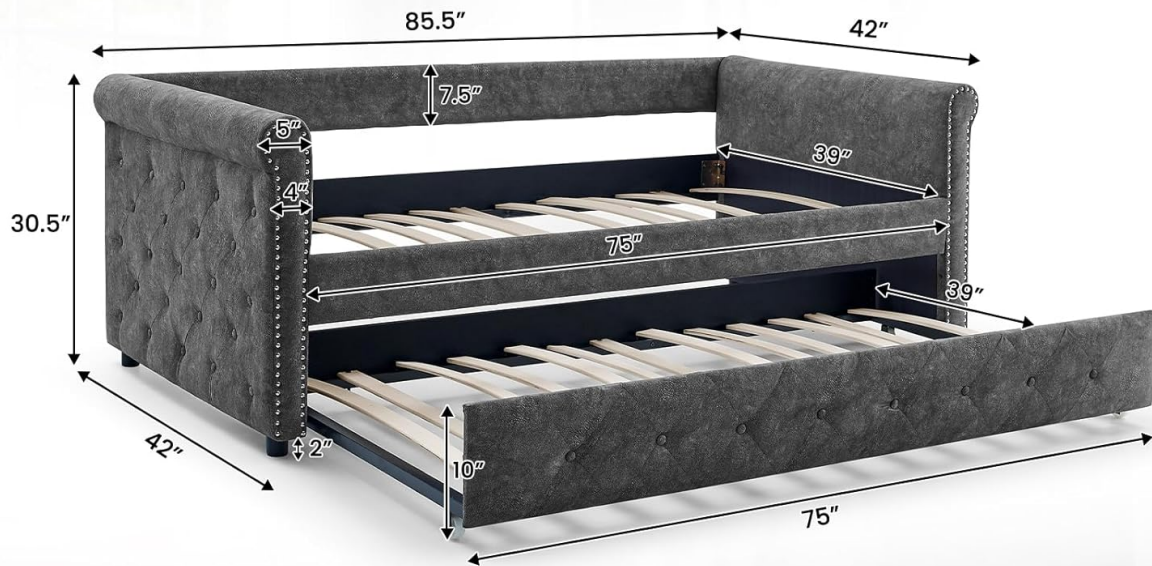

### Key Features

- **Elegant and Exquisite Look:** Features a button-tufted armrest and curved arms with nailhead trimming for a sophisticated design.
- **Reinforced Frame:** Constructed from a combination of eucalyptus wood and MDF board, designed to support up to 300 lbs for the daybed and 200 lbs for the trundle.
- **Comfortable Upholstered Design:** High-quality fabric upholstery with thickly padded sponge at the back and all sides ensures cozy comfort.
- **Space-Saving Trundle:** Includes a convenient roll-out trundle, ideal for accommodating guests or providing extra sleeping space in compact areas.
- **Dimensions:** Daybed: 39" x 75"; Trundle: 39" x 75". Recommended mattress thickness: 5"-10" for the daybed, and 5"-6" for the trundle (mattresses not included).

## SETUP AND ASSEMBLY

This Antetek daybed with trundle requires assembly. It is typically delivered in two separate boxes, which may arrive at different times. Please ensure all parts are present and undamaged before beginning assembly. Refer to the included clear instructions and hardware for a step-by-step guide. It is recommended to have two people for assembly.

### Assembly Video

Video demonstrating the assembly process and features of the Antetek Daybed with Trundle. This video shows the daybed being assembled and the trundle being pulled out and pushed back in, highlighting its functionality and design.

## OPERATING INSTRUCTIONS

### Using the Trundle Bed

The trundle bed is designed for easy access and storage, providing an instant extra sleeping surface. To extend the trundle, gently pull the front panel outwards from beneath the main daybed frame. The trundle is equipped with smooth-gliding wheels for effortless movement. To retract, push the trundle back into its position under the daybed until it is fully concealed. Ensure no bedding or objects obstruct its path.

## **ROLL-OUT TRUNDLE**

Comes with a roll-out trundle that effortlessly double the sleeping area for twins

*Image depicting two children utilizing both the main daybed and the pull-out trundle, demonstrating its practical use for multiple occupants.*

## **MAINTENANCE AND CARE**

### **Upholstery Care**

- For general cleaning, gently vacuum the fabric upholstery using an appropriate attachment to remove dust and debris.
- For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain.
- For stubborn stains, use a mild fabric cleaner following the product's instructions. Test on an inconspicuous area first.
- Keep the daybed away from direct sunlight to prevent fading of the fabric.

### **Frame Care**

- Regularly check all bolts and screws to ensure they are tight. Tighten if necessary to maintain stability and prevent wobbling.
- Avoid exceeding the recommended weight limits: 300 lbs for the daybed and 200 lbs for the trundle.
- Do not use harsh chemicals or abrasive cleaners on the wood or MDF components. Wipe with a damp cloth if needed.

## TROUBLESHOOTING

### Common Issues and Solutions

Problem	Possible Cause	Solution
Daybed or Trundle feels unstable/wobbly	Loose assembly bolts or uneven floor.	Ensure all assembly bolts are securely tightened. Check if the daybed is on a level surface.
Trundle does not slide smoothly	Obstruction under the trundle or dirty wheels.	Clear any objects from the path of the trundle. Clean the trundle wheels if necessary.
Mattress does not fit properly	Incorrect mattress size or thickness.	Ensure mattresses are Twin size. Recommended thickness: 5"-10" for daybed, 5"-6" for trundle.
Fabric discoloration or stains	Exposure to direct sunlight or spills.	Follow upholstery care instructions. Avoid prolonged exposure to direct sunlight.
