SAFETY INFORMATION

- Do not expose the charger to water or excessive moisture.

- Avoid extreme temperatures. Store and operate the charger within recommended temperature ranges.
- Do not disassemble, repair, or modify the charger. This may cause damage, electric shock, or fire, and will void the warranty.
- Keep the charger away from strong magnetic fields to prevent interference with other electronic devices.
- Use only compatible power adapters (18W, 20W, or higher USB-C & USB-A power adapter) as recommended.
- If the charger or your device becomes excessively warm during charging, disconnect it immediately. Software might limit charging above 80 percent to extend battery lifespan if the battery gets too warm.
- Ensure proper ventilation around the charger during use.
