3. ASSEMBLY INSTRUCTIONS

The EagleStone ES28 Floating Pool Basketball Hoop is designed for quick and easy assembly without the need for additional tools. Follow these steps:

1. **Assemble the Base:** Connect the red curved pipes and white T-connectors to form the hexagonal base. Ensure the side with text on the T-connectors faces forward and press down to lock the pieces securely. Slide the white buoyancy foam rollers over the red pipes.
2. **Attach Vertical Supports:** Insert the blue vertical support pipes into the designated T-connectors on the base.
3. **Connect Top Ring:** Attach the remaining white T-connectors to the top of the blue vertical supports. Then, connect the red curved pipes to form the top ring of the hoop.
4. **Install the Net:** Securely tie the basketball net to the top ring.
5. **Inflate Basketballs:** Use the provided pump to inflate the two basketballs. Insert the needle into the ball's valve and pump until firm.

4. OPERATING INSTRUCTIONS

Once assembled, place the EagleStone ES28 Floating Pool Basketball Hoop into your pool. The buoyancy foam will keep it afloat. Use the provided basketballs to shoot hoops and enjoy water basketball games. The hoop is designed to be stable in water, allowing for active play.

5. MAINTENANCE

- **Cleaning:** Rinse the hoop and balls with fresh water after each use, especially if used in chlorinated pools, to prevent material degradation.
- **Drying:** Allow all components to air dry completely before storing to prevent mold or mildew.
- **Storage:** Store the hoop in a cool, dry place away from direct sunlight when not in use to prolong its lifespan. Disassembly is easy for compact storage.
- **Ball Care:** Periodically check the basketballs for proper inflation. Re-inflate as needed using the provided pump.

6. TROUBLESHOOTING

- **Hoop not floating correctly:** Ensure all buoyancy foam rollers are properly attached and positioned on the base pipes. Check that all pipe connections are secure.
- **Balls losing air:** Check the valve on the basketballs for any debris or damage. Ensure the pump needle is fully inserted and the pump is functioning correctly during inflation.
- **Parts coming loose during play:** Verify that all snap-fit connections are fully engaged and locked. The design includes secure buckles for easy installation and stability.

7. SPECIFICATIONS

- **Brand:** EagleStone
- **Model Number:** ES28
- **Material Type:** High-quality PE Plastic
- **Item Dimensions:** 19 x 14 x 22 inches (L x W x H)
- **Color:** Blue & Red
- **Theme:** Pool Activities
- **Assembly Required:** Yes
- **Operation Mode:** Manual
- **Number of Players:** 2
- **Age Range Description:** Adult (suitable for kids 8-12 and adults)
