## Noise NSW-05

# Noise ColorFit Pulse Grand Smart Watch User Manual

Model: NSW-05

## INTRODUCTION

Welcome to the Noise ColorFit Pulse Grand Smart Watch user manual. This guide provides essential information to help you set up, operate, and maintain your new smartwatch. The Noise ColorFit Pulse Grand features a 1.69" HD display, 60 sports modes, 150 customizable watch faces, fast charging, and comprehensive health monitoring capabilities including SpO2, stress, sleep, and heart rate tracking. It is also IP68 waterproof, ensuring durability for daily use.

## SETUP GUIDE

### 1. Unboxing and Components

Upon opening the package, ensure all components are present:

- Noise ColorFit Pulse Grand Smart Watch
- Magnetic Charger
- User Manual
- Warranty Card

### 2. Initial Charging

Before first use, fully charge your smartwatch. Connect the magnetic charger to the charging points on the back of the watch and

plug the USB end into a compatible power adapter (not included). A full charge takes approximately 2.5 hours. The watch supports fast charging, providing up to 25 hours of battery life with just 15 minutes of charging.

### 3. Pairing with Your Smartphone

1. Download the official NoiseFit app from your smartphone's app store (available for Android and iOS).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the NoiseFit app and follow the on-screen instructions to create an account or log in.
4. Select "Add Device" or a similar option within the app.
5. Choose "Noise ColorFit Pulse Grand" from the list of available devices.
6. Confirm the pairing request on both your watch and smartphone.
7. Once paired, the watch will synchronize data with the app.

## OPERATING YOUR SMART WATCH

### 1. Display and Navigation

The Noise ColorFit Pulse Grand features a 1.69-inch HD LCD display for clear visuals. Navigate through menus and features by swiping across the touchscreen. The side button (crown) can be used for specific functions like waking the screen or returning to the home screen.

#### 4. Health Monitoring (Noise Health Suite)

The Noise Health Suite provides comprehensive insights into your well-being:

- **24/7 Heart Rate Monitoring:** Continuously tracks your heart rate.
- **SpO2 Monitoring:** Measures blood oxygen levels.
- **Stress Monitoring:** Assesses your stress levels throughout the day.
- **Sleep Monitoring:** Analyzes your sleep patterns (deep sleep, light sleep, awake time).
- **Menstrual Cycle Tracking:** Helps track and predict menstrual cycles.

# SpO2 Monitoring

## 6. Daily Activity Tracker and Sedentary Reminders

The watch tracks your daily activities, including steps, distance, and calories burned. Enable sedentary reminders in the app to receive alerts when you've been inactive for too long, encouraging you to move.

# Sedentary Reminder

Image: A woman smiling, wearing the Noise ColorFit Pulse Grand, with the watch screen displaying a sedentary reminder message: "Getting up for a walk now is a great idea".

## MAINTENANCE

### 1. Water Resistance

The Noise ColorFit Pulse Grand is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, including hand washing and light rain. Avoid using it during hot showers, saunas, or diving, as steam and high water pressure can compromise the seal.

### 2. Cleaning Your Smart Watch

To maintain optimal performance and hygiene:

- Wipe the watch screen and strap regularly with a soft, damp, lint-free cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents.
- Ensure the charging contacts are clean and dry before charging.

## ::: Swappable ::: Straps

Image: A row of various colored straps for the Noise ColorFit Pulse Grand, indicating that straps are swappable for customization and cleaning.

### 3. Battery Care

The watch offers up to 7 days of battery life on a single charge. To prolong battery lifespan:

- Avoid extreme temperatures.
- Do not let the battery completely drain frequently.
- Charge the watch using only the provided magnetic charger.

## TROUBLESHOOTING

If you encounter issues with your Noise ColorFit Pulse Grand, refer to the following common solutions:

Problem	Solution
Watch not turning on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Unable to pair with smartphone	Check if Bluetooth is enabled on your phone. Ensure the watch is within range of your phone. Restart both the watch and your phone. Clear the Bluetooth cache on your phone (Android). Try unpairing and re-pairing the device through the NoiseFit app.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, about one finger-width above the wrist bone. Clean the sensor on the back of the watch. Avoid excessive movement during measurements.
Notifications not appearing	Verify that the watch is successfully paired with your phone. Check notification permissions for the NoiseFit app in your phone's settings. Ensure "Do Not Disturb" mode is not active on either device.
