Oraimo OPB-P113D

Oraimo OPB-P113D Power Bank User Manual

Model: OPB-P113D

1. Introduction

Thank you for choosing the Oraimo OPB-P113D Power Bank. This portable charger is designed to provide reliable power for your mobile devices on the go. With its high capacity and multiple charging options, it ensures your devices stay powered throughout the day. Please read this manual carefully before using the product to ensure proper operation and to maximize its lifespan.

2. Product Overview

Key Features:

- **High Capacity:** 10000mAh (37Wh) Lithium Polymer battery.
- **Dual Input:** Type-C (5.0V/2.0A) and Micro USB (5.0V/2.0A) for flexible recharging.
- **Dual USB Output:** Two USB-A ports, each providing up to 5.0V/2.1A for simultaneous charging.
- **Ultra-Slim Design:** Compact dimensions (139 x 73 x 14.5 mm) for easy portability.
- **Multi-Protection Safety System:** Built-in safeguards against overcurrent, overheating, overcharging, and short circuits.
- **Wide Compatibility:** Suitable for charging most smartphones, tablets, and other USB-powered digital devices.

Product Components:

Front view of the Oraimo OPB-P113D Power Bank, showcasing its textured black finish and slim profile.

The power bank displayed alongside its key features, including 10000mAh capacity, 2.1A fast charging, and dual USB output.

A close-up view of the power bank's top edge, highlighting the Micro USB and Type-C input ports for recharging.

The power bank simultaneously charging two smartphones, demonstrating its dual fast charging capability.

3. Setup

Initial Charging of the Power Bank:

1. Before first use, fully charge your Oraimo OPB-P113D Power Bank.
2. Connect the power bank to a power source (such as a wall adapter or computer USB port) using either a Type-C cable or a Micro USB cable.
3. The LED indicator lights on the power bank will illuminate to show the charging status. All four LEDs will be solid when fully charged.
4. A full charge typically takes several hours.

4. Operating Instructions

Charging Your Devices:

1. Ensure your power bank is sufficiently charged. Check the LED indicators for the current battery level.
2. Connect your device (smartphone, tablet, etc.) to one of the USB-A output ports on the power bank using your device's charging cable.
3. The power bank will automatically begin charging your device. The LED indicators will show the remaining power.
4. You can charge two devices simultaneously using both USB-A output ports.
5. Disconnect your device once it is fully charged or when you no longer need to charge it.

Checking Battery Level:

Press the power button (if available) or simply connect a device to activate the LED indicators, which will display the current battery level of the power bank.

5. Maintenance

- Keep the power bank away from extreme temperatures, direct sunlight, and humid environments.
- Do not expose the power bank to water or other liquids, as it is not water-resistant.
- Clean the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.

- Store the power bank in a cool, dry place when not in use for extended periods. It is recommended to charge it at least once every three months to maintain battery health.
- Avoid dropping or subjecting the power bank to strong impacts.

6. Troubleshooting

Problem	Possible Cause	Solution
Power bank not charging	Cable is faulty; Power source is not working; Power bank is fully charged.	Try a different charging cable; Connect to a different power source; Check LED indicators (if all solid, it's fully charged).
Device not charging from power bank	Power bank battery is low; Device cable is faulty; Device is not compatible; Power bank is in protection mode.	Recharge the power bank; Try a different charging cable; Ensure your device is USB-compatible; Disconnect and reconnect the device.
Slow charging	Cable quality; Device input limit; Charging multiple devices.	Use a high-quality charging cable; Some devices have lower input limits; Charging two devices simultaneously may reduce individual charging speed.

7. Specifications

Feature	Detail
Model	OPB-P113D
Battery Type	Lithium Polymer
Capacity	10000mAh (37Wh)
Input 1 (Type-C)	5.0V – 2.0A
Input 2 (Micro USB)	5.0V = 2.0A
Output 1 (USB-A)	5.0V = 2.1A
Output 2 (USB-A)	5.0V = 2.1A (Max)
Dimensions (L x W x H)	139 x 73 x 14.5 mm
Weight	Approx. 500 grams
Color	Black
Water Resistance	Not Water Resistant

8. Safety Information

To ensure safe operation and prevent damage to the product or connected devices, please observe the following safety precautions:

- Do not disassemble, open, or attempt to repair the power bank.
- Do not expose the power bank to fire or high temperatures (above 60°C/140°F).
- Avoid short-circuiting the power bank.
- Keep out of reach of children.
- Dispose of the power bank responsibly according to local regulations. Do not dispose of it with household waste.
- If the power bank swells, leaks, or emits an unusual odor, discontinue use immediately.
