## WHAT'S IN THE BOX

Upon opening your Back Bay Audio Tempo 30 package, you will find the following components:

- Eartip (Multiple sizes for optimal fit)
- User Manual (This document)
- Cable (USB-C charging cable)
- Charging Station (Portable charging case)

## SETUP

### 1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB-C cable to the charging case and a compatible power source. The charging case has a 400 mAh battery capacity and takes approximately 2

hours to fully charge. The earbuds provide 8 hours of playtime per charge, with the case offering an additional 24 hours, totaling 32 hours of battery life.

## 2. Selecting the Right Ear Tips

The Tempo 30 earbuds come with 6 different ear-tip sizes to ensure a comfortable and secure fit, especially for small ear canals. Experiment with different sizes to find the best seal for optimal sound quality and comfort.

# GREAT FOR SMALL EARS

Includes 6 Eartip Size Options

## 3. Pairing with Your Device

The Tempo 30 earbuds feature simple, one-step auto-pairing. Remove the earbuds from the charging case, and they will automatically enter pairing mode. On your Bluetooth-enabled device (phone, computer, tablet), navigate to the Bluetooth settings and select "Back Bay Tempo 30" from the list of available devices to connect. The earbuds are compatible with any Bluetooth-enabled device, including Apple iPhone, iPad, Macbooks, Samsung Galaxy, Google Pixel, LG, and OnePlus devices.

## OPERATING INSTRUCTIONS

## Basic Controls

The Tempo 30 earbuds utilize touch controls for various functions:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold on either earbud.
- **Activate Voice Assistant:** Triple tap on either earbud.

## Sound Modes

The Tempo 30 offers two distinct sound modes to enhance your listening experience:

- **Signature Mode:** Provides a balanced audio profile for general listening.
- **Boosted Bass Mode:** Enhances low frequencies for a more powerful bass response, ideal for workouts or gaming.

To switch between sound modes, refer to the specific touch control gestures detailed in the quick start guide included with your product. The earbuds have a frequency response of 20000 Hz and a sensitivity of 110 dB.

## MAINTENANCE

### Cleaning Your Earbuds

Regular cleaning helps maintain sound quality and hygiene. Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth. For ear tips, remove them from the earbuds and clean with a mild soap solution, then rinse thoroughly and dry completely before reattaching.

### Water Resistance

The Tempo 30 earbuds are IPX7-rated waterproof, making them resistant to sweat and rain. This means they can withstand immersion in up to 1 meter of water for 30 minutes. However, they are not designed for swimming. Ensure the charging port is dry before charging to prevent damage.

## Storage

When not in use, store your earbuds in their charging case to protect them and ensure they are charged for your next use. Store in a cool, dry place away from extreme temperatures.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing/connecting.	Bluetooth is off on device, earbuds not in pairing mode, interference.	Ensure Bluetooth is enabled. Place earbuds back in case, then remove to re-enter pairing mode. Move closer to your device. Forget device in Bluetooth settings and re-pair.

Problem	Possible Cause	Solution
No sound from one earbud.	Earbud not charged, connection issue, debris blocking sound.	Ensure both earbuds are charged. Place both earbuds in the case, close, then open again. Clean earbud mesh with a dry cotton swab.
Charging case not charging.	Cable issue, power source issue.	Try a different USB-C cable and power adapter. Ensure the cable is fully inserted.
Poor sound quality.	Improper ear tip fit, low battery, distance from device.	Try different ear tip sizes for a better seal. Charge earbuds. Reduce distance between earbuds and device.
