Mattel HHN05

MEGA Paw Patrol Marshall's Fire Truck Construction Set

Model: HHN05 | Brand: Mattel

1. Product Overview

The MEGA Paw Patrol Marshall's Fire Truck Construction Set (HHN05) allows young builders to engage in exciting rescue missions. This versatile set includes 33 mini-blocks and two articulated figures, Marshall and Skye, inspired by the popular Paw Patrol animated series. Children can construct a detailed fire truck with a functional ladder and a removable front cab. The set also offers the flexibility to rebuild the fire truck into a complete fire station, featuring a garage for a small vehicle and a helipad for Skye's helicopter. Designed for children aged 3 and up, these blocks are compatible with other Paw Patrol construction sets and major building block brands, fostering imaginative play, fine motor skills, and problem-solving abilities.

- Includes 33 mini-blocks, featuring special robust design pieces and 3 wheel bases.
- Comes with 2 articulated figures: Marshall and Skye in firefighter costumes.
- Rebuild the fire truck into a fire station with a garage and helipad.
- Blocks are compatible with all Paw Patrol construction sets and other major brands.
- Ideal for children aged 3 and up, promoting discovery in construction play and nurturing imagination.

2. Safety Information

WARNING: This product contains small parts and is not suitable for children under 36 months (3 years) due to potential choking hazards. Adult supervision is recommended during assembly and play. Please ensure all components are securely connected before allowing children to play with the set.

3. Package Contents

Please verify that all the following items are included in your package:

- 33 x Building Blocks (various shapes and sizes, including 3 wheel bases)
- 1 x Marshall Articulated Figure
- 1 x Skye Articulated Figure
- 1 x Instruction Manual

4. Assembly Instructions

Follow these steps to assemble your MEGA Paw Patrol construction set. The set can be built into two configurations: a fire truck or a fire station.

4.1. Building the Fire Truck

1. Begin by connecting the wheel bases to form the chassis of the fire truck.
2. Attach the red and white blocks to build the body of the truck, ensuring the fire department emblem is visible on the sides.
3. Assemble the white cab section and attach it to the front of the truck. The cab is designed to be removable.
4. Construct the functional ladder and secure it to the rear of the truck's cab.
5. Place the Marshall figure into the driver's seat within the cab.
6. Assemble Skye's helicopter and the water pump accessory.

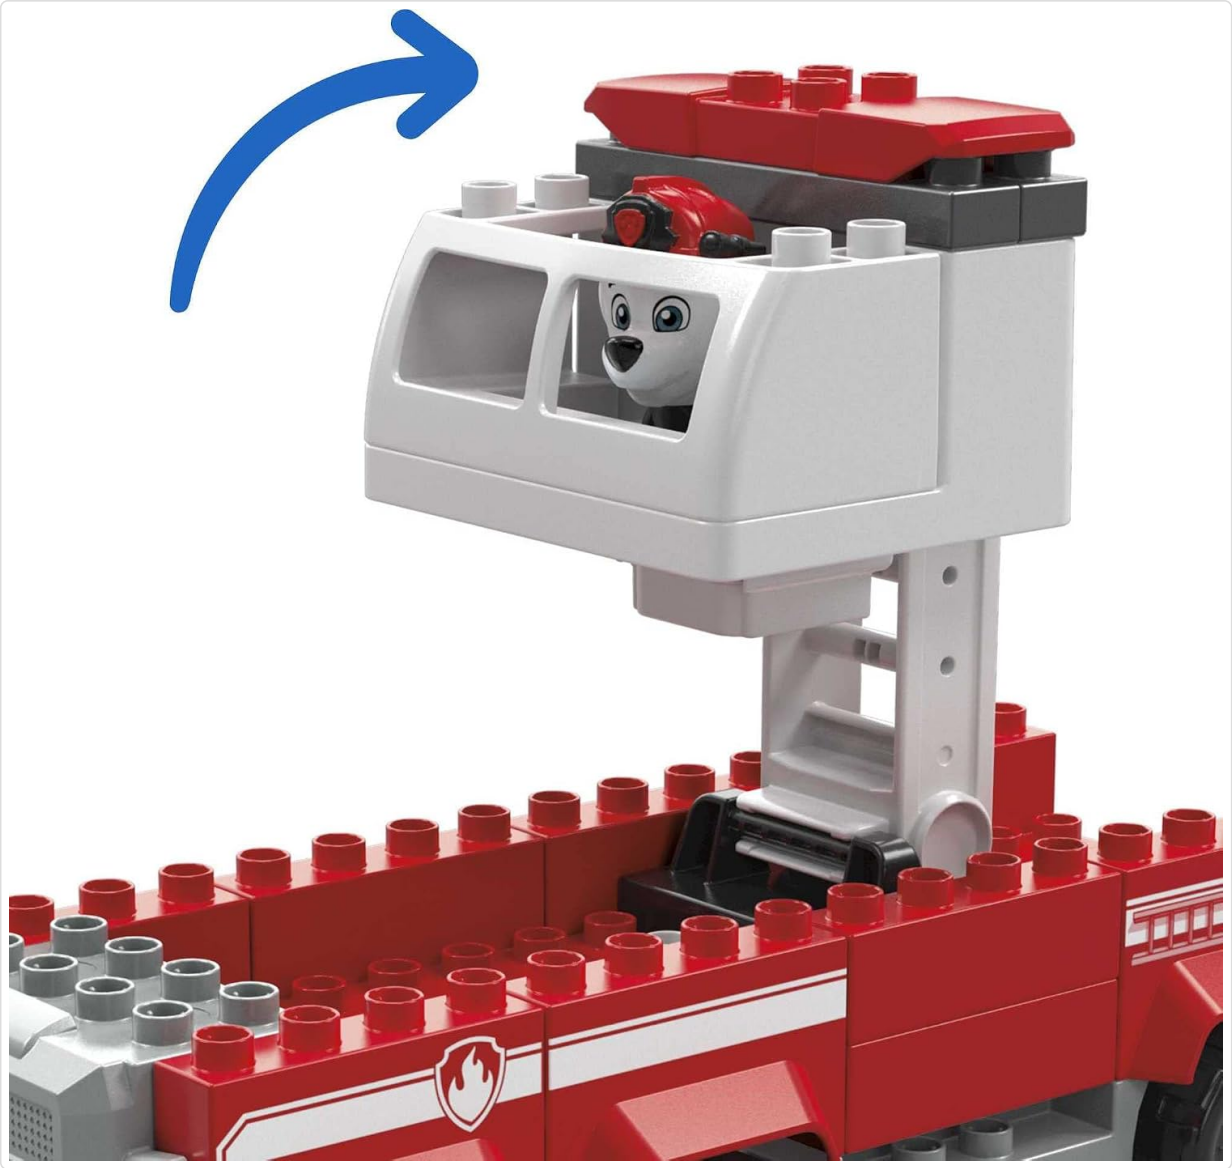

Image 2: Marshall figure positioned in the fire truck's removable cab.

4.2. Rebuilding into the Fire Station

The fire truck can be reconfigured into a fire station for extended play.

1. Carefully disassemble the fire truck, separating the main components.
2. Use the blocks to construct the base and walls of the fire station, creating a garage area.
3. Assemble the helipad structure and place it on top of the station.
4. Integrate the ladder and water pump accessories into the station design.
5. The truck's cab can be used as a separate small rescue vehicle within the station's garage.

5. Operating Instructions

Once assembled, the MEGA Paw Patrol construction set offers multiple play scenarios for imaginative adventures.

- **Fire Truck Mode:** Place Marshall in the driver's cab. Extend the functional ladder to simulate reaching high places for rescue operations. Drive the fire truck to transport Marshall and Skye to emergency sites.
- **Fire Station Mode:** Park the small rescue vehicle (the truck's cab) in the garage. Land Skye's helicopter on the helipad. Marshall and Skye can coordinate rescue missions from the station.
- **Figure Play:** The articulated figures of Marshall and Skye can be posed and placed in various parts of the set or other compatible building block environments. Their hats are removable for additional play options.

6. Care and Maintenance

Proper care will help maintain the quality and longevity of your construction set.

- **Cleaning:** To clean the blocks and figures, gently wipe them with a damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the plastic or paint. Do not immerse the pieces in water.
- **Storage:** Store all components in a dry, cool place away from direct sunlight. Prolonged exposure to sunlight can cause discoloration or warping of the plastic. Keep small parts in a designated container to prevent loss.
- **Inspection:** Periodically inspect all pieces for any signs of damage, such as cracks or broken connectors. Discontinue use of any broken parts to ensure safety.

7. Troubleshooting

If you encounter any issues with your construction set, please refer to the following common solutions:

- **Missing Pieces:** In the rare event of missing pieces, please contact Mattel customer support with your product model number (HHN05) and proof of purchase.
- **Difficulty Connecting Blocks:** Ensure that the studs on one block are correctly aligned with the holes on

another. Apply gentle, even pressure to connect. Avoid forcing pieces together, as this can cause damage.

- **Figures Not Staying in Place:** Check that the figures are properly seated on the studs. Ensure there is no debris on the studs or within the figure's base that might prevent a secure connection.

8. Specifications

Model Number	HHN05
Brand	Mattel
Recommended Age	36 months - 8 years
Number of Pieces	35 (includes blocks and figures)
Product Dimensions (L x W x H)	33.02 x 17.78 x 12.7 cm (13 x 7 x 5 inches)
Product Weight	750.01 grams (1.65 lbs)
Main Material	Plastic
Educational Value	Team Building Skills
Batteries Required	No

9. Warranty and Support

For detailed warranty information, product support, or to inquire about replacement parts, please refer to the contact information provided on the product packaging.
