On Men's Cloudmonster Running Shoes

Model: 61.99025

INTRODUCTION

Welcome to the user manual for your On Men's Cloudmonster running shoes. These shoes are engineered to provide enhanced cushioning, propulsion, and energy return for road running. This guide will assist you in understanding the features, proper use, and care to maximize your experience and the lifespan of your footwear.

PRODUCT FEATURES

- **CloudTec® Cushioning:** Features a unique sole design with large Cloud elements for maximum cushioning and energy return.
- **Speedboard®:** Integrated plate designed for powerful take-offs and forward propulsion.
- **Upper Material:** Constructed with a breathable mesh for optimal ventilation and comfort.
- **Outsole:** Durable rubber outsole provides reliable traction on road surfaces.
- **Closure Type:** Secure lace-up system for an adjustable and snug fit.
- **Heel Height:** Approximately 1 inch, offering a balanced profile.
- **Weight:** Approximately 1.75 pounds (for the pair, based on product dimensions/weight).

SETUP AND FIRST USE

1. **Unboxing:** Carefully remove the shoes from their packaging.
2. **Lacing:** Ensure laces are threaded correctly through all eyelets. Adjust the lacing tension to achieve a comfortable, secure fit without excessive tightness.
3. **Initial Fit Check:** Wear the shoes with your preferred running socks. There should be about a thumb's width of space between your longest toe and the end of the shoe. The heel should feel secure, and the midfoot should be comfortably snug.
4. **Break-in Period:** While Cloudmonster shoes are designed for immediate comfort, it is recommended to gradually increase wear time during initial uses to allow your feet to adapt.

USAGE GUIDELINES

The On Cloudmonster shoes are specifically designed for road running. Their advanced cushioning system is optimized for hard surfaces, providing impact protection and a responsive ride. They are suitable for various distances, from daily training runs to longer efforts.

- **Intended Use:** Best suited for road running and general athletic activities on paved or smooth surfaces.
- **Terrain:** Not recommended for aggressive trail running or uneven, rocky terrain due to the design of the CloudTec® sole.
- **Fit Adjustment:** Re-tie laces as needed during activity to maintain optimal comfort and support.

CARE AND MAINTENANCE

Proper care will extend the life and maintain the performance of your Cloudmonster shoes.

- **Cleaning:**

- Remove loose dirt with a soft brush.
- Wipe the upper with a damp cloth and mild soap.
- For the sole, use a brush to remove debris from the Cloud elements.
- Do not machine wash or tumble dry.

- **Drying:** Allow shoes to air dry naturally at room temperature. Avoid direct heat sources like radiators or direct

sunlight, which can damage materials.

- **Storage:** Store in a cool, dry place away from direct sunlight.
- **Odor Control:** If odors develop, remove insoles and air them out. You may use shoe deodorizers.

TROUBLESHOOTING COMMON ISSUES

Issue	Possible Cause	Solution
Discomfort/Rubbing:	Incorrect lacing, wrong size, or new shoe break-in.	Adjust lacing for a more secure or looser fit. Ensure correct size. Allow for a short break-in period.
Reduced Cushioning:	Normal wear and tear over time.	Running shoes have a limited lifespan (typically 300-500 miles). Consider replacing if cushioning feels significantly diminished.
Squeaking Noise:	Moisture inside the shoe or between components.	Remove insoles and allow shoes to air dry completely. If persistent, contact customer support.
