HOT TOOLS HT1125BG

Hot Tools Pro Artist Black Gold Digital Salon Hair Curling Iron

Model: HT1125BG

PRODUCT OVERVIEW

Introducing the Hot Tools Pro Artist Black Gold Digital Salon Curling Iron, designed for creating medium loose curls and tousled waves. This tool features an advanced Black Gold styling surface for smooth, shiny results and an updated ergonomic design for comfortable handling. It offers precise temperature control with a digital readout and 26 heat settings, along with memory recall and a rapid 30-second heat-up time.

SAFETY INFORMATION

Please read all instructions before using this appliance. As with most electrical appliances, electrical parts are electrically live even when the switch is off. To reduce the risk of death by electric shock:

- Always unplug this appliance immediately after using.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- If an appliance falls into water, unplug it immediately. Do not reach into the water.
- Keep away from water.

To reduce the risk of burns, electrocution, fire, or injury to persons:

- This appliance should never be left unattended when plugged in.

- Close supervision is necessary when this appliance is used by, on, or near children or individuals with certain disabilities.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, or if it has been dropped into water.
- Keep the cord away from heated surfaces. Do not wrap the cord around the appliance.
- Never use while sleeping.
- Never drop or insert any object into any opening.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use an extension cord with this appliance.
- This appliance is hot when in use. Do not let eyes or bare skin touch heated surfaces.
- Do not place the heated iron directly on any surface while it is hot or plugged in. Use the integrated safety stand.
- Always store this appliance and cord in a moisture-free area.

SETUP

1. Ensure the curling iron is unplugged and cool before initial setup.
2. Uncoil the 9ft professional swivel cord completely.
3. Place the curling iron on a heat-resistant surface or use its integrated foldaway safety stand.
4. Plug the appliance into a standard electrical outlet. The digital display will illuminate.

OPERATING INSTRUCTIONS

The Hot Tools Pro Artist Black Gold Digital Salon Hair Curling Iron is designed for efficient and versatile styling. Follow these steps for optimal results:

1. **Power On:** Press and hold the power button located on the handle until the digital display activates.
2. **Set Temperature:** Rotate the temperature control ring at the base of the handle to select your desired heat setting. The digital readout will show the temperature, which ranges up to 455°F. The iron heats up in approximately 30 seconds.
3. **Lock Temperature:** Once your desired temperature is reached, press the lock button on the side of the handle to prevent accidental changes during styling. A lock symbol will appear on the display.
4. **Curling Technique:**
 - Ensure hair is dry and detangled.
 - Take a section of hair, no wider than the barrel.
 - Open the clamp and place the hair section between the clamp and the barrel, starting from the ends.
 - Close the clamp and smoothly glide the iron down the hair section, wrapping the hair around the barrel as you go, towards the roots.
 - Hold for a few seconds (duration depends on hair type and desired curl intensity).
 - Release the clamp and gently slide the iron out, allowing the curl to form.
 - Repeat for all sections of hair.
5. **Power Off:** After use, unlock the temperature (if locked) and press and hold the power button until the display turns off. Unplug the appliance from the outlet.

BLACK GOLD™
STYLING SURFACE
FOR EXTRA SMOOTH,
SHINY STYLES

MAINTENANCE

Proper maintenance ensures the longevity and performance of your curling iron:

- **Cleaning:** Ensure the appliance is unplugged and completely cool before cleaning. Wipe the barrel and handle with a soft, damp cloth. Do not use abrasive cleaners or immerse the appliance in water.
- **Storage:** Allow the curling iron to cool completely before storing. Store in a dry, safe place, away from children. Do not wrap the cord around the appliance, as this can damage the cord. Use the foldaway safety stand for convenient storage.
- **Cord Care:** Regularly inspect the power cord for any signs of damage. If the cord becomes twisted, untwist it before use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Appliance does not turn on.	Not properly plugged in; Power button not pressed.	Ensure the plug is fully inserted into the outlet. Press and hold the power button until the display illuminates.
Temperature changes unexpectedly.	Temperature lock not engaged; Accidental rotation of the control ring.	Press the lock button on the side of the handle to secure the temperature setting.
Hair gets snagged or tangled.	Hair not properly detangled; Improper curling technique.	Ensure hair is thoroughly detangled before use. Use smooth, continuous motions when wrapping and releasing hair.
Curls do not hold.	Incorrect temperature setting for hair type; Insufficient holding time.	Increase temperature or holding time. Ensure hair is completely dry before curling.

SPECIFICATIONS
