Spilay M2132 Dream Building Pavilion

Spilay M2132 Dream Building Pavilion DIY Miniature Dollhouse Kit Instruction Manual

MODEL: M2132 DREAM BUILDING PAVILION

Brand: Spilay

Introduction

Welcome to the world of miniature crafting! This manual provides detailed instructions for assembling your Spilay M2132 Dream Building Pavilion DIY Miniature Dollhouse Kit. Designed for adults and crafters aged 14 and up, this 1:24 scale kit offers a rewarding building experience, resulting in a beautifully detailed miniature house with wooden furniture, a dust-proof cover, and a music box.

Safety Information

WARNING: CHOKING HAZARD - Small Parts.

This kit contains small parts and is not suitable for children under 3 years old. Adult supervision is recommended for users under 14 years of age due to the intricate nature of assembly.

Package Contents

Your Spilay M2132 Dream Building Pavilion kit includes the following components:

- Pre-cut wooden pieces for structure and furniture
- Fabric and paper components for decoration
- Small accessories and decorative items
- LED lights and wiring
- Music box mechanism
- Dust-proof cover components
- English instruction manual

Please verify all components are present upon opening the package. If any parts are missing or damaged, refer to the Support and Warranty section.

Required Tools and Materials (Not Included)

Required Tools and Materials (not included)

To complete the assembly of your dollhouse, you will need to provide the following items:

- Silicone liquid glue (for general assembly)
- White glue (for paper/fabric components)
- Alcohol glue or U-glue (for wood/metal components)
- 2 x AAA batteries (for lights and music box)
- Tweezers (essential for handling small parts)
- Ruler
- Precision knife or craft knife
- Small screwdriver
- Scissors
- Side cutters (for wires)

Assembly Instructions

This product requires self-assembly and is designed for experienced crafters. The assembly process is detailed and involves cutting, gluing, and arranging many small components. Follow the included English

manual step-by-step.

- **Patience and Precision:** The scale of this miniature is tiny. Exercise patience and precision throughout the building process.
- **Tool Usage:** Utilize multiple tweezers for handling small pieces. A precision knife is crucial for cutting paper and fabric components accurately.
- **Electrical Components:** For LED lights and the music box, careful wiring is necessary. Refer to the manual for specific instructions on connecting these components.
- **Online Resources:** If you encounter difficulties or require visual guidance, online video tutorials can be a helpful resource. Search for "Spilay M2132 assembly" on video platforms.

Operating Instructions

Your Spilay M2132 dollhouse features integrated lights and a music box.

- **Lights:** Once assembled and wired, insert 2 AAA batteries into the designated battery compartment. Activate the lights using the switch provided.
- **Music Box:** The music box mechanism is integrated into the dollhouse. Gently wind the mechanism to play the melody.

Image: A visual comparison showing the dollhouse in daylight and illuminated by its internal lights.

Maintenance

To ensure the longevity and appearance of your miniature dollhouse, follow these maintenance guidelines:

- **Environment:** Keep the dollhouse in a dry, dust-free environment. Avoid areas with high humidity or extreme temperature fluctuations.
- **Dust Protection:** Utilize the included dust-proof cover to protect the intricate details from accumulating dust.
- **Cleaning:** Clean surfaces gently with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials, which may damage the delicate components.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause colors to fade or materials to warp.

Troubleshooting

If you encounter any issues during or after assembly, refer to the following common solutions:

- **Missing or Faulty Parts:** The kit components are checked before delivery. If any parts are lost or faulty, please contact Spilay customer support for assistance as detailed in the Support and Warranty

section.

- **Lights Not Working:**

- Ensure batteries are correctly inserted and are not depleted. Replace with fresh AAA batteries if necessary.
- Verify all electrical connections are secure and correctly wired according to the assembly manual.
- Check for any broken wires or loose contacts within the lighting circuit.

- **Difficulty with Assembly:** This is an advanced crafting kit. If you find assembly challenging, review the instructions carefully, watch online tutorials, and take breaks to avoid frustration. Do not force pieces together.
