

INFANS TQ10114

INFANS Kids Ride on ATV Instruction Manual

Model: TQ10114 | Brand: INFANS

1. SAFETY INFORMATION

This product is designed for children over 3 years old and can support a maximum weight of 77 pounds. Always ensure the child is supervised by an adult during operation. The product complies with US CPSIA and ASTM Requirements, made from non-toxic materials, free from BPA, PVC, Phthalates, Lead, Latex, and Formaldehyde. It has passed tests for stability, asphyxiation, load, and shear. Please use under parental supervision.

2. PRODUCT OVERVIEW

The INFANS Kids Ride on ATV is a 12V 4-wheeler quad toy vehicle designed to provide an exciting and safe driving experience for children. It features a powerful motor, LED lights, music, and horn functions, offering a realistic and enjoyable ride. Its robust construction and large wheels ensure stability and adaptability across various terrains.

4. SETUP AND ASSEMBLY

While the INFANS Kids Ride on ATV is designed for straightforward assembly, detailed step-by-step instructions are provided in the official Installation Manual (PDF). Please refer to the PDF document for comprehensive guidance on assembling your ATV. Key assembly steps typically include:

1. **Unpacking:** Carefully remove all components from the packaging.
2. **Wheel Attachment:** Securely attach all four wheels according to the manual's instructions.
3. **Handlebar Installation:** Mount the handlebars and connect any necessary wiring.
4. **Seat Placement:** Install the seat onto the ATV frame.
5. **Battery Connection:** Connect the battery as specified in the manual.

5. CHARGING INSTRUCTIONS

Before first use, fully charge the ATV's battery. The charging process is as follows:

- Ensure the ATV is turned **OFF** before charging.
- Locate the charging port on the ATV.
- Connect the charger (Input: AC120V, 0.25A, 60Hz; Output: 12V 0.9A) to the charging port and then plug it into a standard wall outlet.
- The charging indicator light on the charger will typically show the charging status.
- A full charge takes approximately **8-12 hours**. Do not overcharge the battery.
- Once fully charged, disconnect the charger from the ATV and the wall outlet.

A fully charged battery provides approximately **1-2 hours** of play time, depending on usage and terrain.

6. OPERATING INSTRUCTIONS

Operating your INFANS Kids Ride on ATV is simple and intuitive:

- **Power On/Off:** Use the ON/OFF button on the operation panel to turn the ATV on or off.
- **Slow Start Function:** The ATV features a slow start function for safer operation, allowing children to begin moving at a gentle speed to prevent sudden acceleration.
- **Speed Selection:** Select between high and low speeds using the designated switch on the control panel.
- **Forward/Backward:** Use the forward/backward switch to control the direction of movement.
- **Acceleration:** Press the foot pedal to accelerate. Release the pedal to slow down or stop.
- **Music and Horn:** Press the music button to play pre-loaded tunes and the horn button for a realistic horn sound.

7. MAINTENANCE

To ensure the longevity and optimal performance of your INFANS Kids Ride on ATV, follow these maintenance guidelines:

- **Cleaning:** Wipe the ATV with a soft, damp cloth. Do not use abrasive cleaners or solvents. Avoid spraying water directly onto electrical components.
- **Battery Care:** Charge the battery fully after each use. If storing for an extended period, charge the battery at least once a month to maintain its health. Do not allow the battery to fully discharge for prolonged periods.
- **Storage:** Store the ATV in a dry, cool place away from direct sunlight and moisture.
- **Inspections:** Periodically check all screws, nuts, and connections to ensure they are tight and secure. Inspect wheels for wear and tear.

8. TROUBLESHOOTING

If you encounter issues with your INFANS Kids Ride on ATV, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
ATV does not move	Low battery; Loose battery connection; Blown fuse; Faulty switch/motor.	Charge battery; Check battery terminals; Replace fuse; Contact customer support.
Runs slowly	Low battery; Overloaded; Operating on rough terrain.	Charge battery; Reduce load; Operate on smoother surfaces.
Lights/Music not working	Loose wiring; Faulty component.	Check connections; Contact customer support.

If the problem persists after attempting these solutions, please contact INFANS customer support for further assistance.

9. SPECIFICATIONS
