

Livarno Plant Trolley

Livarno Home Plant Trolley User Manual

Model: Plant Trolley (ASIN: B09P486XKN)

INTRODUCTION

Thank you for choosing the Livarno Home Plant Trolley. This manual provides important information for the safe and efficient use of your new plant trolley. Please read it thoroughly before use and keep it for future reference.

The Livarno Home Plant Trolley is designed to easily move potted plants, both indoors and outdoors. It features 360° double wheels with rigid tread and two stoppers for enhanced stability, supporting a maximum load capacity of 50 kg.

SAFETY INSTRUCTIONS

- Ensure the plant trolley is placed on a flat, stable surface before loading any plant.
- Do not exceed the maximum load capacity of 50 kg (110 lbs). Overloading can cause damage to the trolley or injury.
- Always engage the two stoppers on the wheels when the trolley is stationary to prevent accidental movement.
- Keep hands and fingers clear of moving parts, especially the wheels, during operation.
- This product is intended for moving potted plants only. Do not use it for transporting people or other heavy objects not specified.
- Regularly inspect the trolley for any signs of wear or damage. Do not use if damaged.
- Keep out of reach of children and pets when not in use.

PRODUCT OVERVIEW

The Livarno Home Plant Trolley consists of a sturdy metal wire frame and four double wheels, two of which are equipped with stoppers.

Figure 1: Top view of the Livarno Home Plant Trolley, showing the circular metal frame and four double wheels with two stoppers.

- A. Metal Wire Frame:** The main circular support structure for the plant pot.
- B. Double Wheels (x4):** Provide 360-degree rotation for easy maneuverability.
- C. Wheel Stoppers (x2):** Levers on two of the wheels to lock them in place, preventing movement.

SETUP

The Livarno Home Plant Trolley comes pre-assembled and requires no additional setup. Simply unbox and it is ready for use.

OPERATING INSTRUCTIONS

1. **Prepare the Trolley:** Ensure the two wheel stoppers are disengaged (unlocked) before moving the trolley.
2. **Place the Plant:** Carefully lift your potted plant and center it on the metal wire frame of the trolley. Ensure the pot's base is fully supported and stable.
3. **Move the Plant:** Gently push or pull the trolley to move the plant to your desired location. The 360-degree rotating wheels allow for easy navigation in any direction.
4. **Secure the Plant:** Once the plant is in its desired position, engage the two wheel stoppers by pressing down on the levers. This will lock the wheels and prevent the trolley from moving accidentally.

Figure 2: The Livarno Home Plant Trolley with a potted plant placed on it, demonstrating its use for easy movement.

MAINTENANCE

- **Cleaning:** Wipe the metal frame and wheels with a damp cloth to remove dust and dirt. Avoid abrasive cleaners or solvents.
- **Inspection:** Periodically check the wheels and frame for any signs of damage, loose parts, or excessive wear. Ensure the wheel stoppers function correctly.
- **Storage:** Store the plant trolley in a dry place when not in use to prevent rust or damage.

TROUBLESHOOTING

Problem: Trolley does not move smoothly.

- **Solution:** Check if the wheel stoppers are engaged. Disengage them if necessary.
- **Solution:** Inspect wheels for debris (e.g., dirt, hair) that might be obstructing movement. Clean as needed.
- **Solution:** Ensure the load does not exceed the maximum capacity of 50 kg.

Problem: Trolley moves when stoppers are engaged.

- **Solution:** Ensure the stoppers are fully pressed down and engaged.
- **Solution:** Check if the stoppers or wheels are damaged. If so, discontinue use.
- **Solution:** Ensure the surface is level. On sloped surfaces, even engaged stoppers might not fully prevent movement.

SPECIFICATIONS

Model Name	Plant Trolley
ASIN	B09P486XKN
