YUHAO DY1083-5B/52

YUHAO 52 Inch Black Ceiling Fan with Light and Remote Control User Manual

Model: DY1083-5B/52

PRODUCT OVERVIEW

The YUHAO 52 Inch Black Ceiling Fan is designed for indoor or covered outdoor use, offering a blend of modern aesthetics and advanced functionality. It features a highly energy-efficient DC motor, dimmable LED lighting with adjustable color temperatures, and a convenient remote control for comprehensive operation. This fan is engineered for quiet performance and provides versatile airflow options for year-round comfort.

SAFETY INFORMATION

Before installation and operation, please read all instructions carefully to ensure safe use and prevent injury or damage. Always disconnect power at the circuit breaker before working on the fan. Installation should be performed by a qualified electrician if you are not familiar with electrical wiring.

- Ensure all electrical connections comply with local codes and ordinances.
- Do not install the fan in a location where blades could strike objects or people.
- Verify the mounting structure can support the weight of the fan (approximately 17 pounds).
- Use only the parts supplied by the manufacturer.
- Keep children away from the fan during operation.

PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Housing
- Five Wooden Blades
- LED Light Kit (included)
- Remote Control with Wall Mount Bracket
- Mounting Hardware (screws, wires, etc.)
- Instruction Manual

SETUP AND INSTALLATION

Follow these steps for proper installation. It is recommended to watch the provided installation video for visual guidance.

Image: Diagram illustrating the components and assembly steps for the ceiling fan.

1. **Power Disconnection:** Turn off power at the main circuit breaker to prevent electrical shock.
2. **Mounting Bracket Installation:** Secure the mounting bracket to the ceiling junction box. Ensure the box is adequately supported.
3. **Wiring Connections:** Connect the fan's electrical wires to the household wiring according to the wiring diagram in the full manual. Ensure all connections are secure.
4. **Motor Housing Attachment:** Carefully lift the fan motor housing and attach it to the mounting bracket.
5. **Blade Installation:** Attach the five wooden blades to the motor housing. Note that blades are double-sided, allowing for a choice of finish.
6. **Light Kit Installation:** Install the LED light kit to the bottom of the fan motor housing.
7. **Remote Control Pairing:** Follow the instructions in the full manual to pair the remote control with the fan.

Note on Installation Videos: While installation and feature demonstration videos are mentioned as available by the manufacturer, this manual can only embed videos from verified 'Seller' sources. Please refer to the product's online listing for access to these visual guides.

OPERATING INSTRUCTIONS

The YUHAO ceiling fan is controlled by the included remote. All functions are accessible with a single click.

6 speeds to choose from to meet your different airflow needs

1-2 Speed
Comfortable Wind

3-4 Speed
Natural Wind

5-6 Speed
Strong Wind

Image: Detailed view of the remote control, showing buttons for light, fan speed, direction, and timer settings.

- **Power On/Off:** Use the dedicated ON/OFF buttons for the fan and light.
- **Fan Speed:** Select from 6 speeds (1-6) to adjust airflow.
- **Light Control:**
 - **Color Temperature:** Cycle through 3000K (warm), 4000K (natural), and 6500K (cool white) using the dedicated button.
 - **Brightness Adjustment:** Use the '+' and '-' buttons to dim the light from 100% down to 20%.
- **Reversible Motor:** Switch between summer mode (downward airflow for cooling) and winter mode (upward airflow for heat distribution).
- **Timer Function:** Set the fan to turn off automatically after 1, 3, or 6 hours.

Image: The ceiling fan operating quietly in a bedroom, highlighting its low noise level (less than 25 decibels) and timer function for comfortable sleep.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your YUHAO ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- **Blade Tightness:** Periodically check that all blade screws are tight. Loose blades can cause wobbling and noise.
- **Light Source:** The LED light source is replaceable. Refer to the full manual for replacement instructions if needed.
- **Motor:** The DC motor is designed for durability and quiet operation and generally requires no lubrication.

TROUBLESHOOTING

If you encounter issues with your fan, consult the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not operate	No power; Remote not paired; Incorrect wiring.	Check circuit breaker; Re-pair remote; Verify wiring connections.
Fan wobbles	Loose blades; Unbalanced blades; Loose mounting.	Tighten blade screws; Balance blades using a balancing kit (not included); Secure mounting bracket.
Light does not work	Loose connection; Faulty LED module.	Check light kit wiring; Replace LED module.
Remote not responding	Dead batteries; Remote not paired.	Replace AAA batteries (2 required); Re-pair remote.

If problems persist, please contact YUHAO customer service for assistance.

SPECIFICATIONS

- **Brand:** YUHAO
- **Model Name:** DY1083-5B/52
- **Size:** 52 Inch
- **Color:** Black
- **Material:** Copper wire Motor, Wooden blades, Metal housing, LED Light
- **Product Dimensions:** 52"L x 52"W x 14"H
- **Power Source:** DC
- **Wattage:** 32 watts (Fan), 24 watts (LED Light)
- **Brightness:** 1900 Lumen (Max)
- **Light Color Temperatures:** 3000K (warm), 4000K (natural), 6500K (cool white)
- **Control Method:** Remote Control
- **Fan Speeds:** 6
- **Airflow:** More than 4500 CFM
- **Noise Level:** Less than 25 decibels
- **Special Features:** Dimmable LED, Reversible Motor, Timer (1H/3H/6H)
- **Item Weight:** 16.96 pounds
- **Batteries:** 2 AAA batteries required (included)
- **UPC:** 768492076278

WARRANTY AND SUPPORT

YUHAO provides a limited warranty for this product. For detailed warranty information and to register your product, please visit the official YUHAO website or refer to the warranty card included in your package.

For customer service and technical support, please contact YUHAO directly. You can typically find contact information by searching for "YUHAO customer service" online or by referring to your order details on the purchase platform.

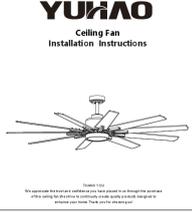

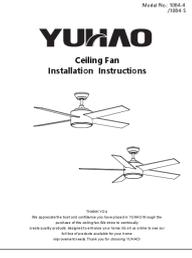

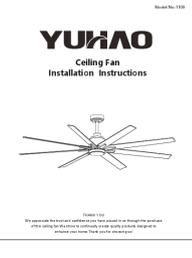

Contact Hint: From your order, click on "Get Product Support" and explicitly state your need to contact the seller. YUHAO aims to reply within 24 hours. If any parts are damaged, replacements will be sent.
