## FITUEYES Eiffel Series

# FITUEYES Eiffel Series TV Floor Stand Instruction Manual

Model: Eiffel Series

For 75-100 Inch TVs, Up to 187 lbs

## 1. INTRODUCTION

Thank you for choosing the FITUEYES Eiffel Series TV Floor Stand. This manual provides detailed instructions for the safe and proper assembly, operation, and maintenance of your new TV stand. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## 2. SAFETY INFORMATION

- Ensure all components are present and undamaged before assembly. Do not use if any parts are missing or defective.
- Assemble the stand on a soft, clean surface to prevent scratches.
- Do not exceed the maximum weight capacity of 187 lbs (85 kg).
- Ensure the VESA mounting pattern of your TV is compatible with the stand (100x100mm to 800x600mm).
- Always use two or more people to lift and position large TVs to prevent injury.
- Keep children and pets away during assembly.
- Periodically check all connections and fasteners to ensure they remain secure.

## 3. PACKAGE CONTENTS

Please verify that all parts listed below are included in your package. If any parts are missing, please contact FITUEYES customer support.

- Main support frame components (metal legs)
- Wooden entertainment shelves

- VESA mounting brackets and hardware kit (screws, spacers, washers)
- Adjustable feet
- Assembly tools (e.g., Allen wrench)
- Instruction manual

## 4. SETUP AND ASSEMBLY

Follow these steps for proper assembly:

1. **Assemble the Main Frame:** Connect the metal leg components according to the diagrams provided in the included assembly guide. Ensure all screws are tightened securely.
2. **Attach Shelves:** Secure the wooden entertainment shelves to the main frame using the designated hardware. The shelves provide ample space for media devices.
3. **Install Adjustable Feet:** Screw the adjustable feet into the base of the stand. These feet help stabilize the stand on uneven floors.

4. **Attach VESA Brackets to TV:** Carefully attach the VESA mounting brackets to the back of your television using the appropriate screws and spacers from the hardware kit. Refer to your TV's manual for specific VESA hole patterns.
5. **Mount TV to Stand:** With assistance, carefully lift the television and hook the VESA brackets onto the mounting arms of the stand. Secure the TV in place using the provided locking mechanisms.
6. **Cable Management:** Utilize the integrated cable management channel within the stand's column to neatly route and conceal power and AV cables.

Figure 4.2: Technical specifications and VESA compatibility for TV mounting.

## 5. OPERATING INSTRUCTIONS

The FITUEYES Eiffel Series TV Floor Stand is designed for ease of use and stability.

- **Height Adjustment:** The TV stand offers 2 levels of height adjustment for optimal viewing. To adjust, loosen the securing bolts on the VESA mounting arms, slide the TV to the desired height, and re-tighten the bolts firmly.
- **Cable Organization:** Utilize the integrated cable channel to keep your cables tidy and out of sight, contributing to a clean and organized entertainment area.

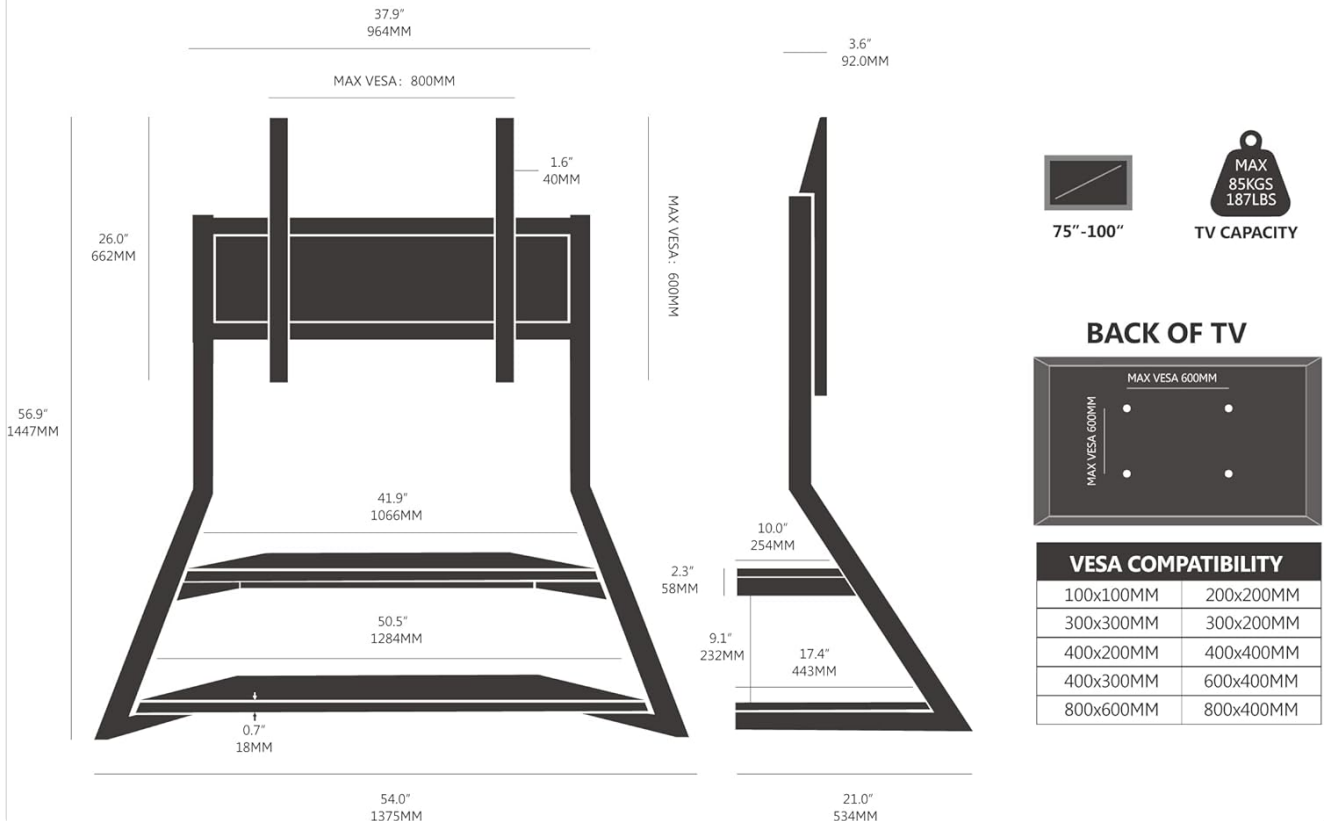

Figure 5.1: Demonstrating the adjustable height feature of the TV stand.

## 6. MAINTENANCE

To ensure the longevity and appearance of your TV stand, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Inspection:** Periodically inspect all bolts and connections to ensure they are tight and secure. Re-tighten if necessary.
- **Weight Distribution:** Ensure weight is evenly distributed on the shelves and that the TV's weight does not exceed the stand's capacity.

## 7. TROUBLESHOOTING

If you encounter issues with your TV stand, refer to the following common solutions:

- **Stand is Unstable:** Check that all assembly bolts are securely tightened. Adjust the leveling feet at the base of the stand to compensate for uneven flooring.
- **TV Not Mounting Correctly:** Verify that your TV's VESA pattern matches the stand's compatibility (100x100mm to 800x600mm). Ensure you are using the correct screws and spacers for your TV model.
- **Cables are Messy:** Re-route cables through the integrated cable management channel. Use cable ties or clips if additional organization is needed.

## 8. SPECIFICATIONS
