2. KEY FEATURES

- **Curved Sliding Shower Enclosure:** Features a curved design with a reversible sliding door, allowing for left or right-handed installation, ideal for smaller spaces.
- **Complete Kit:** Includes an acrylic shower base (fiberglass reinforced), acrylic shower walls, a 38-inch corner glass shower door, and all necessary hardware.
- **Certified Safety Glass:** Constructed with 6mm (1/4 inch) thick clear tempered glass, which is CSA Certified for safety.
- **Smooth Glide System:** Equipped with premium roller system for smooth door opening and closing.
- **Magnetic Seal:** Features a magnetic strip for a secure door close, preventing leaks.
- **Integrated Shelving:** Acrylic walls include integrated shelves for convenient storage of shower essentials.
- **Slip-Resistant Base:** The shower base has a slip-resistant surface for enhanced safety.

3. SETUP AND INSTALLATION

Installation of the OVE Decors Breeze Shower Kit is designed for experienced DIYers or professional contractors. It is crucial to verify that this product complies with local building and plumbing codes before beginning installation, as these may vary by state.

3.1 Important Considerations

- Ensure the installation area is level and properly prepared for plumbing connections.
- The shower door features reversible installation, allowing you to choose the opening direction (left or right) to best suit your bathroom layout.

Reversible Door Installation

Choose the direction you want your shower doors to open.

Video 3.1: Breeze Collection Measurements Video. This video provides guidance on how to measure for the shower kit installation.

Video 3.2: Breeze Collection Product Overview Video. This video showcases the features and design of the Breeze Shower Kit collection.

4. MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and appearance of your OVE Decors Breeze Shower Kit.

4.1 Glass Cleaning

The tempered glass panels are designed for easy cleaning. To maintain clarity and prevent water spots:

- After each use, wipe down the glass with a squeegee or a soft cloth to remove excess water.
- For deeper cleaning, use a non-abrasive glass cleaner and a soft cloth. Avoid harsh chemicals or abrasive pads that could scratch the glass or hardware finish.

Ready to Assemble

Designed for installation by professional contractors or experienced DIYers.

Use our step-by-step installation manual and video guide to assist with the setup.

for useful tips and tricks!

Figure 4.1: Regular cleaning helps maintain the pristine condition of the glass panels.

4.2 Acrylic Walls and Base Cleaning

The acrylic walls and base are durable and fade-resistant. Clean them regularly with mild soap and water, using a soft sponge or cloth. Rinse thoroughly and wipe dry to prevent water spots.

- Avoid abrasive cleaners, scouring pads, or solvents, as these can damage the acrylic surface.
- Periodically check the silicone seals around the base and walls for any signs of wear or damage and re-seal if necessary to prevent leaks.

5. TROUBLESHOOTING

This section addresses common issues that may arise during or after installation.

Problem	Possible Cause	Solution
Door does not slide smoothly.	Debris in tracks, misaligned rollers, or worn rollers.	Clean tracks regularly. Check and adjust roller alignment. Replace worn rollers if necessary.
Water leaks from the enclosure.	Improperly sealed joints, damaged magnetic strip, or incorrect installation of seals.	Ensure all joints are properly sealed with silicone. Check magnetic strip for damage and replace if needed. Verify all seals are correctly installed.
Base does not drain properly.	Drain clogged, or base not level.	Clear any obstructions from the drain. Ensure the shower base is installed on a level surface with proper incline for drainage.
Glass appears cloudy or stained.	Hard water deposits or soap scum buildup.	Use a specialized glass cleaner for hard water stains. Regular squeegeeing after each use can prevent buildup.

6. SPECIFICATIONS

Attribute	Value
Brand	OVE Decors
Model Number	15SKA-BRE244-CHRA
Installation Type	Screw-In
Shape	Curved
Item Weight	117.4 Pounds
Handle Type	Recessed, Cut-out
Number of Doors	1
Assembly Required	Yes
Color	Chrome

Attribute	Value
