## OVE Decors 15SKC-BRF235-SATAC

# OVE Decors Breeze 34 in. x 76 in. Rounded Frosted Sliding Corner Shower Kit Instruction Manual

## 1. PRODUCT OVERVIEW

This instruction manual provides detailed information for the installation, operation, and maintenance of your OVE Decors Breeze Rounded Frosted Sliding Corner Shower Kit. Please read all instructions carefully before beginning installation or use.

The OVE Decors Breeze is designed to provide a functional and aesthetically pleasing shower solution for bathrooms. It features a curved design with a reversible sliding door, making it suitable for various bathroom layouts. The kit includes a durable acrylic shower base and a 6mm frosted tempered glass door.

### Key Features:

- **Curved Sliding Shower Enclosure:** Features a curved design with a reversible sliding door, allowing for left or right-handed installation, ideal for optimizing space in smaller bathrooms.
- **Certified Safety Glass:** Equipped with 6mm frosted style tempered glass, providing privacy and meeting CSA certification standards for safety. The glass is heat and shatter resistant.
- **Durable Shower Base:** Includes an acrylic shower base reinforced with fiberglass, featuring a slip-resistant surface and a modern corner drain.
- **Smooth Glide System:** Premium roller system ensures smooth operation for opening, shutting, and securing the door.
- **Magnetic Seal:** Integrated magnetic strip ensures a secure close, preventing leaks and keeping your bathroom floor dry.
- **Hardware Finish Options:** Available with Satin Nickel, Black, or Chrome hardware to complement various bathroom decors.

## 2. PRODUCT COMPONENTS

The OVE Decors Breeze Shower Kit includes the following main components:

- Acrylic Shower Base (Fiberglass Reinforced)
- 34 inch Corner Glass Shower Door

- All necessary Hardware for assembly

*Note: Wall panels are NOT included with this kit.*

## Easy Access, Every Time.

Comfortable  
walk-through opening  
for effortless entry  
and exit.

\* Building and plumbing codes may vary by state, please check local regulations to ensure compliance before installation.

Figure 3.2: The comfortable walk-through opening for effortless entry and exit. The door opening measures 21 13/16 inches (554 mm).

# Reversible Door Installation

Choose the direction you want your shower doors to open.

**Left Wall Installation**

**Right Wall Installation**

Figure 3.3: The shower door offers reversible installation, allowing you to choose between left or right wall mounting to best suit your bathroom layout.

## Smooth Glide System

Premium roller system ensures smooth door opening, shutting and a secure close.

Figure 3.4: The premium roller system ensures the shower door slides smoothly for easy opening and secure closing.

Figure 3.5: The shower features solid, durable construction with 6mm (1/4") thick certified safety tempered glass, designed to be heat and shatter resistant.

## Magnetic strip for secure close.

No more leaks,  
No more wet floor.

Figure 3.6: A magnetic strip is integrated into the door design to ensure a secure and tight close, preventing water leaks and keeping the floor dry.

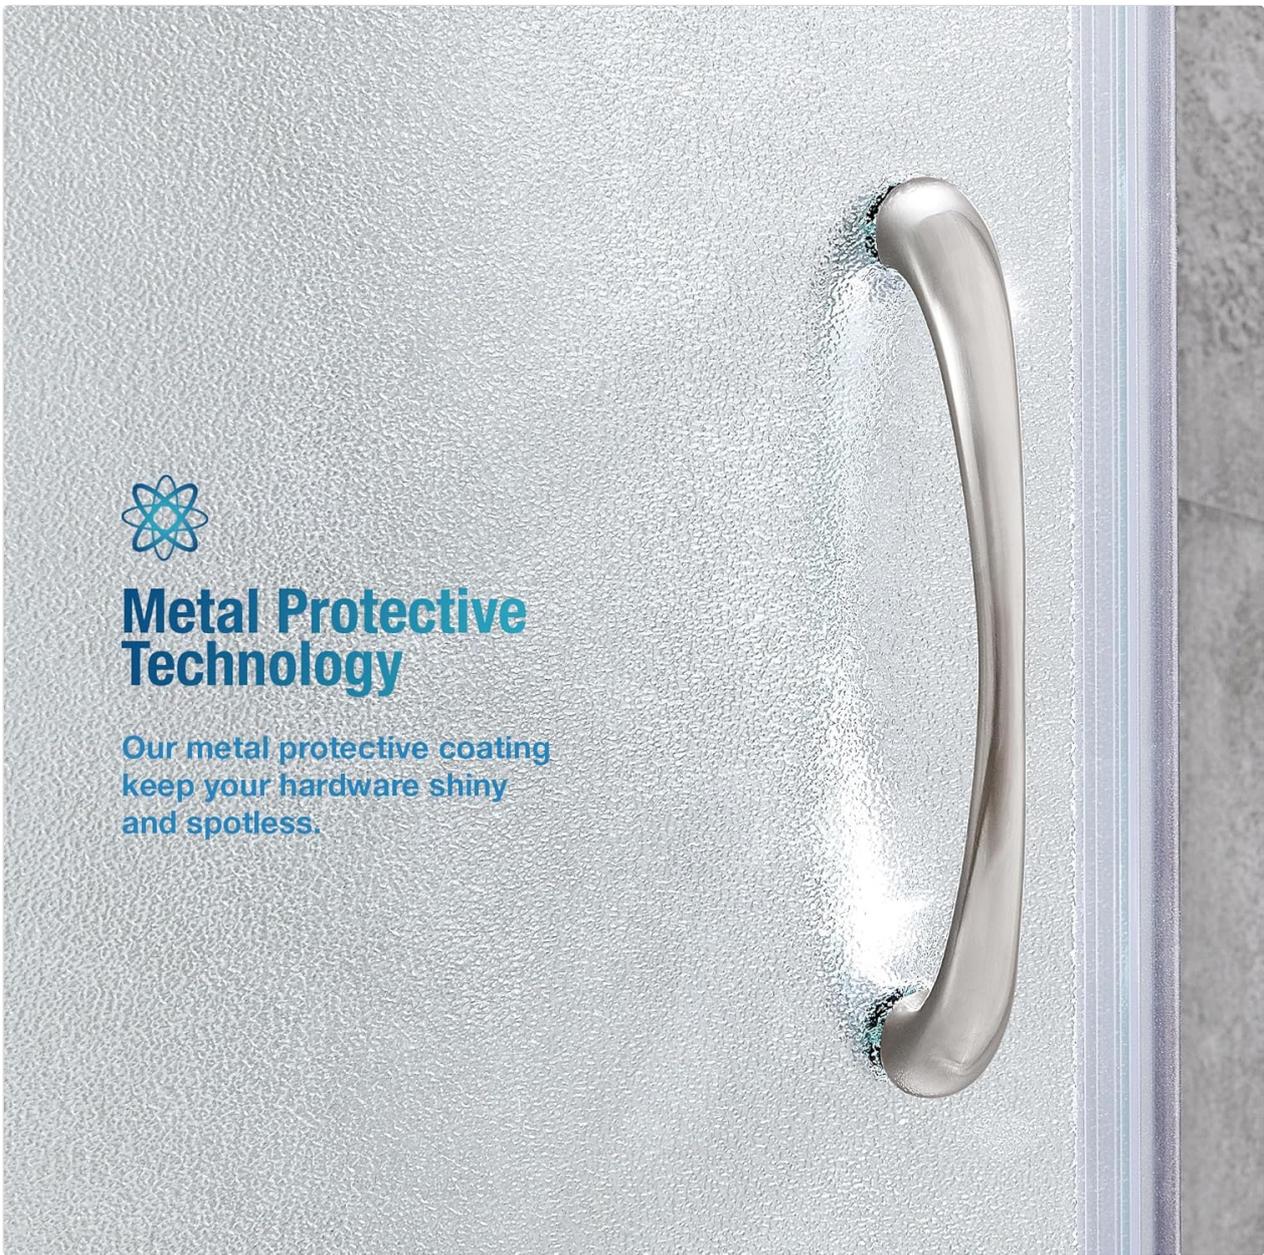

Figure 3.7: Detailed technical drawing of the 34-inch shower door, showing key dimensions including height ( $72 \frac{13}{16}$ " or 1850 mm), door opening ( $21 \frac{13}{16}$ " or 554 mm), and overall width ( $31 \frac{1}{4}$ " or 793 mm). Measurements are taken after full enclosure installation.

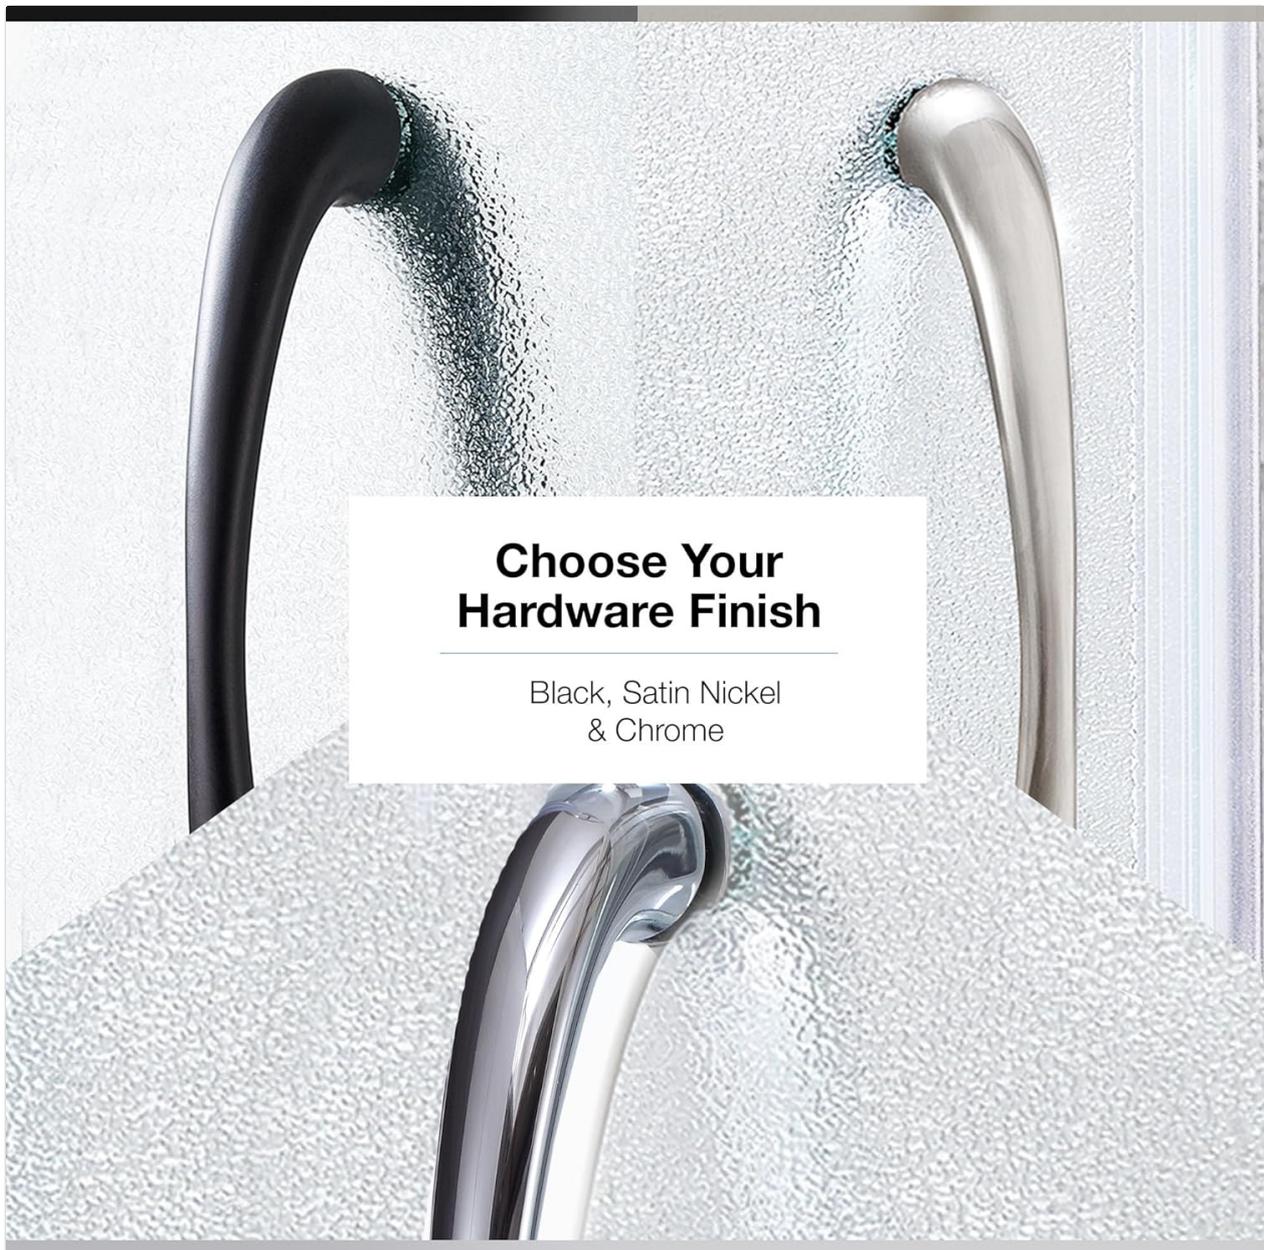

Figure 3.8: Detailed technical drawing of the 34-inch shower base, showing overall dimensions of 34 15/16" x 34 15/16" (887 mm x 887 mm) and drain placement. Minimum floor space required is 34 15/16" x 34 15/16". Measurements are taken after full enclosure installation.

## 4. OPERATION

The OVE Decors Breeze shower door operates on a smooth sliding mechanism. To open the door, gently slide it along the track. To close, slide it back until the magnetic strip engages, ensuring a secure and watertight seal.

- Ensure the door is fully closed before turning on the shower to prevent water leakage.
- Avoid forcing the door if it encounters resistance; check the tracks for any obstructions.

## 5. MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your shower kit.

### Cleaning the Glass:

- For daily cleaning, wipe down the frosted glass with a soft cloth and mild soap or a non-abrasive glass

cleaner after each use to prevent water spots and soap scum buildup.

- Avoid using abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the frosted finish and hardware.

### Cleaning the Base:

- Clean the acrylic shower base with a non-abrasive bathroom cleaner and a soft sponge or cloth.
- Rinse thoroughly with water after cleaning.
- The base features a slip-resistant surface for safety.

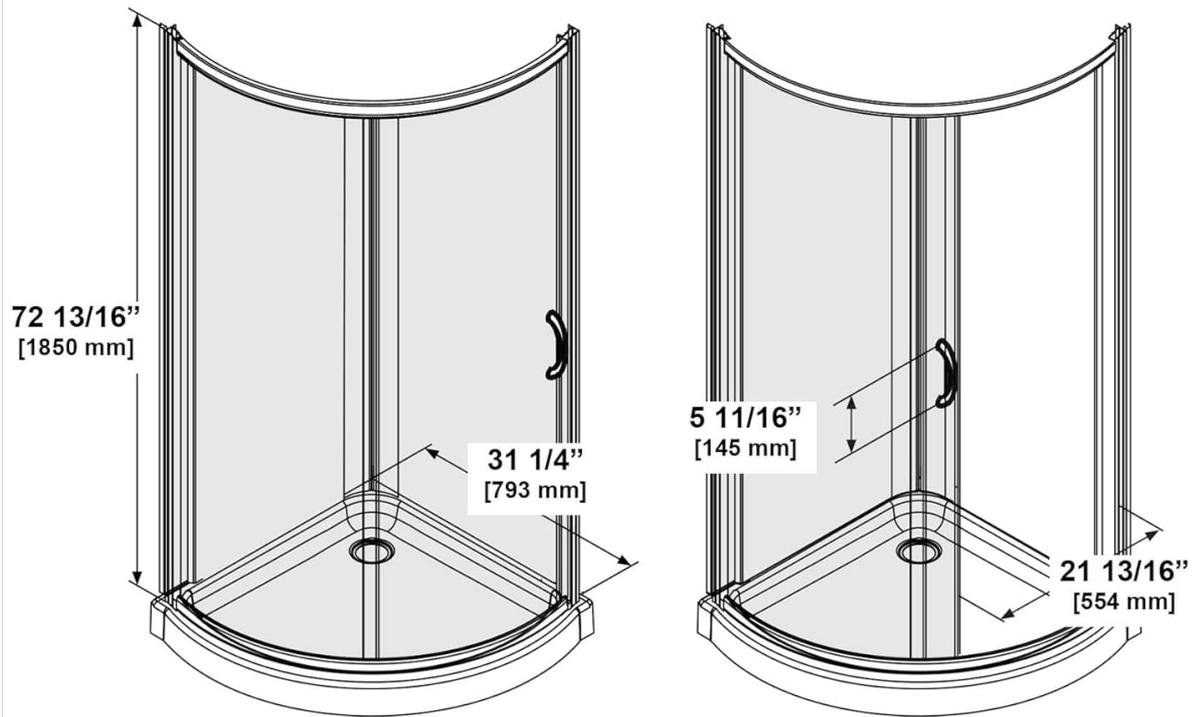

Figure 5.1: The shower base features a slip-resistant surface for enhanced safety and a modern corner drain design for efficient water drainage. It is made of 100% fade-resistant acrylic and has a fiberglass-reinforced layer.

### Hardware Maintenance:

- Wipe down the satin nickel (or chosen finish) hardware with a soft, damp cloth.
- Do not use abrasive cleaners or harsh chemicals on the hardware, as this can damage the finish.
- The hardware is treated with Metal Protective Technology to maintain its shine and resist spots.

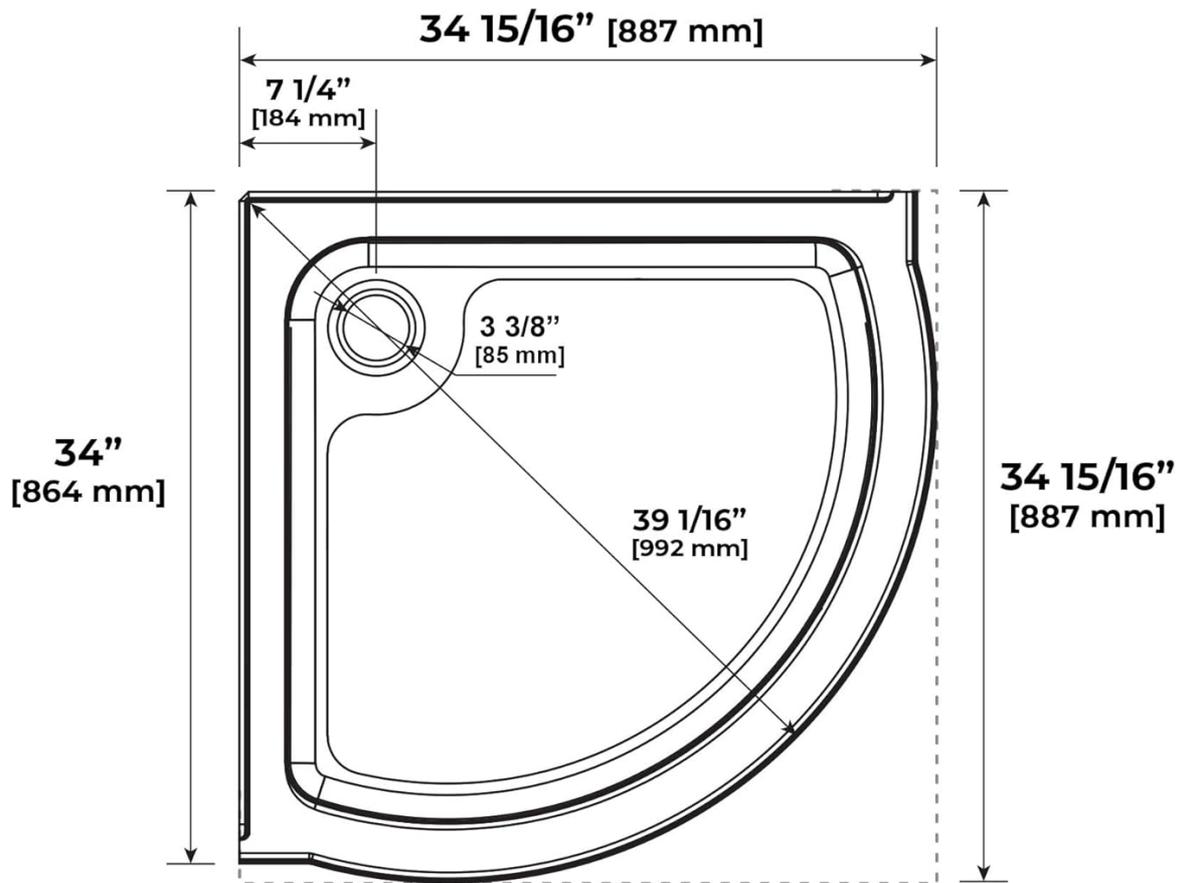

## 34" Shower Door

**Please note:** Measurements were taken after the shower enclosure was fully installed. OVE Decors reserves the right to update or modify the picture without prior notice for the purpose of product improvement, updated dimensions, and customer satisfaction.

Figure 5.2: The metal hardware, such as the handle, is protected by Metal Protective Technology to keep it shiny and spotless, resisting corrosion and tarnishing.

## 34" Shower Base

### Minimum Floor Space: 34 15/16" x 34 15/16"

**Please note:** Measurements were taken after the shower enclosure was fully installed. OVE Decors reserves the right to update or modify the picture without prior notice for the purpose of product improvement, updated dimensions, and customer satisfaction.

Figure 5.3: The shower kit hardware is available in various finishes, including Black, Satin Nickel, and Chrome, allowing for customization to match bathroom aesthetics.

## 6. TROUBLESHOOTING

This section addresses common issues you might encounter with your shower kit.

Problem	Possible Cause	Solution
Water leaking from door	Door not fully closed; magnetic strip misalignment; worn seals.	Ensure door is fully closed and magnetic strip engages. Check seals for damage and replace if necessary. Consult installation manual for seal adjustment.
Door not sliding smoothly	Debris in track; misaligned rollers; damaged rollers.	Clean tracks thoroughly. Inspect rollers for damage or misalignment and adjust or replace as needed. Lubricate tracks with silicone-based lubricant.

Problem	Possible Cause	Solution
Frosted glass appears cloudy or stained	Soap scum or hard water mineral buildup.	Clean with a non-abrasive glass cleaner or a solution of white vinegar and water. Rinse thoroughly. Regular cleaning after each use can prevent buildup.

If you encounter issues not listed here or require further assistance, please contact OVE Decors customer support.
