## 2. SETUP AND ASSEMBLY

Follow these steps to assemble your Mega Construx Halo Reserves set:

1. **Unpack Components:** Carefully remove all 72 building blocks, the Spartan helmet, and the two micro-figures from the packaging.
2. **Assemble the Base:** Construct the terrain base and energy cores using the provided building blocks. Refer to the visual guide for correct placement of the tree component and other decorative elements.
3. **Prepare Figures:** The Spartan Argus and Spartan Cohort figures come with interchangeable combat accessories. Attach weapons and armor pieces as desired.
4. **Helmet Functionality:** The Spartan helmet serves as both a display piece and a storage container for the building blocks and accessories.

## 3. OPERATING AND PLAY

Once assembled, the Mega Construx Halo Reserves set offers various play possibilities:

- **Figure Articulation:** The micro-figures are super articulated, allowing for dynamic posing and action scenes. Adjust their limbs and heads to create different stances.
- **Customization:** Utilize the interchangeable combat accessories to equip your Spartan figures for different missions or battles. Mix and match armor pieces and weapons.
- **Scenario Building:** Use the terrain base and energy cores to create a battlefield or a strategic location for your figures. The set is designed to inspire creative thinking and storytelling.

## 4. MAINTENANCE

---

To ensure the longevity of your Mega Construx Halo set, follow these simple maintenance guidelines:

- **Cleaning:** Wipe figures and blocks with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the plastic and paint.
- **Storage:** Store all pieces in a cool, dry place away from direct sunlight. The collectible Spartan helmet can be used for convenient storage of the blocks and accessories.
- **Handling:** Handle articulated figures with care to prevent damage to joints.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your Mega Construx Halo set, consider the following:

- **Missing Pieces:** If any pieces are missing upon opening the package, please contact Mega Construx customer support for assistance.
- **Difficulty Assembling:** Ensure all blocks are correctly oriented and firmly pressed together. Refer to the visual instructions on the packaging or manufacturer's website if available.
- **Tree Component Instability:** If the tree component does not stand securely, ensure it is firmly attached to the base studs. Sometimes, a slight adjustment or re-seating of the piece can resolve this.
- **Loose Figure Joints:** Over time, figure joints may become slightly loose. This is generally part of normal wear and tear.
