Baseus CCCJG30CS

Baseus 30W Dual Port USB C Charger Instruction Manual

Model: CCCJG30CS

INTRODUCTION

Thank you for choosing the Baseus 30W Dual Port USB C Charger. This compact and powerful charger is designed to provide efficient and safe charging for a wide range of devices, including smartphones, tablets, and other USB-powered electronics. Please read this manual carefully before use to ensure optimal performance and safety.

Fast Charge Your iPhone

3X Faster

PRODUCT FEATURES

- **Dual Port Fast Charging:** Equipped with an 18W USB-C Power Delivery (PD) port and a 12W USB-A port, allowing simultaneous fast charging of two devices. For example, it can charge an iPhone 13 Pro Max to 60% in approximately 30 minutes, which is up to 4 times faster than a standard 5W charger.
- **SuperSi Technology:** Incorporates advanced SuperSi (Silicon-based) heat dissipation technology to maintain cool and safe operation, even during high-power charging.

- **Ultra-Compact Design:** Features a highly integrated design and a foldable plug, making it exceptionally portable and convenient for use at home, in the office, or while traveling.
- **Universal Compatibility:** Compatible with a broad range of USB-C and USB-A enabled devices.
- **Integrated Battery Tracking:** Built-in real-time battery tracking for adaptive and optimized charging, enhancing battery longevity.

Dynamic Charging

Dynamically optimize speed to protect your battery

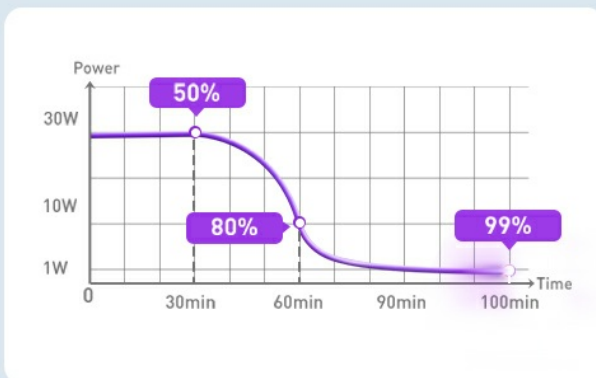

Image: A hand demonstrating the foldable plug mechanism of the charger, highlighting its compact nature for travel.

1. **Unpack:** Carefully remove the charger from its packaging.
2. **Inspect:** Check the charger for any visible damage. Do not use if damaged.
3. **Plug In:** Extend the foldable prongs and plug the charger into a standard wall outlet.
4. **Connect Cable:** Connect a compatible USB-C or USB-A charging cable (not included) to the appropriate port on the charger.
5. **Connect Device:** Connect the other end of the charging cable to your device.

OPERATING INSTRUCTIONS

The Baseus 30W Dual Port USB C Charger operates automatically once connected. When a device is plugged in, the charger will detect its power requirements and deliver the optimal charging speed up to its maximum output.

- **Single Device Charging:** If only one device is connected, the charger will allocate its full available power to that port (e.g., 18W for USB-C or 12W for USB-A, depending on the device's needs).
- **Dual Device Charging:** When two devices are connected simultaneously, the charger intelligently distributes power between the USB-C (up to 18W) and USB-A (up to 12W) ports to ensure efficient charging for both.
- **Charging Indicator:** The charger may feature a small LED indicator that illuminates when power is supplied, indicating active operation.

COMPATIBILITY

This charger is designed for broad compatibility with devices that support USB-C Power Delivery and standard USB-A charging. Optimal performance is achieved with devices that can utilize higher wattage charging.

Compatible Devices Include:

- **iPhones:** iPhone 13 Series (13, 13 Mini, 13 Pro, 13 Pro Max), iPhone 12 Series, iPhone 11 Series, iPhone X/XR/XS/XS Max, iPhone 8/8 Plus, iPhone SE.
- **iPads:** iPad Pro 12.9"/11"/10.5"/9.7", iPad Air 1/2/3/4, iPad 9/8/7/6/5, iPad mini 6/5/4/3/2.
- **Samsung Galaxy:** S21 Ultra/S21+/S21, S20 Ultra/S20+/S20/S20 FE, S10/S10e/S10+, S9/S9+, S8/S8+, Note20+/Note20, Note10+/Note10, Note 9/Note 8/Note 7, Z Fold2/Z Flip.
- **Google Pixel:** Pixel 6/5/4/4a/3.
- **Other Devices:** OnePlus 9 Pro/9/8T/8 Pro/8/7 Pro/6T, AirPods (all generations), AirPods Pro, Apple Watch (all series), and other USB-powered devices.

Universal Compatibility

iPhone and iPad

iPhone 14 Pro

iPad Pro/Air/Mini

Samsung Galaxy

Samsung Note 9 and Later

Samsung S10 and Later

Mainstream devices

Google Pixel/Oneplus

AirPods

Apple Watch

SAFETY INFORMATION

The Baseus 30W Dual Port USB C Charger is built with multiple safety features to protect your devices and ensure reliable operation.

- **Overcurrent Protection:** Prevents damage from excessive current flow.

- **Over-voltage Protection:** Safeguards against voltage spikes.
- **Short-circuit Protection:** Automatically cuts off power in case of a short circuit.
- **Enhanced Cooling Performance:** The SuperSi chip actively manages heat, keeping the charger cool during fast charging.
- **Real-time Battery Tracking:** Optimizes charging to protect your device's battery health.

Always use the charger in a well-ventilated area and avoid covering it during operation. Do not expose the charger to water or extreme temperatures.

Enhanced Cooling Performance

Self-developed chip keeps charger cool whilst fast charging

MAINTENANCE

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** When not in use, store the charger in a cool, dry place away from direct sunlight and moisture. Fold the prongs for compact storage.

- **Handling:** Avoid dropping the charger or subjecting it to strong impacts.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging	Charger not plugged in correctly; faulty cable; device not compatible; power outlet issue.	Ensure charger is firmly plugged into a working outlet. Try a different cable. Verify device compatibility. Test the outlet with another appliance.
Slow charging	Cable not supporting fast charging; device not supporting fast charging; multiple devices connected; background apps consuming power.	Use a high-quality cable that supports fast charging. Ensure your device supports fast charging. Disconnect one device if charging two simultaneously. Close unnecessary background applications on your device.
Charger feels warm	Normal operation during high-power charging.	A slight warmth is normal. If it becomes excessively hot, disconnect immediately and contact support. Ensure adequate ventilation.

SPECIFICATIONS

Specification	Detail
Brand	Baseus
Model Number	CCCJG30CS
Total USB Ports	2 (1x USB-C, 1x USB-A)
USB-C Output	Up to 18W Power Delivery
USB-A Output	Up to 12W
Total Power Output	30W Max
Power Source	Wired Electric
Main Power Connector	2-pin (Foldable)
Current Rating	2 Amperes, 3 Amperes
Special Features	SuperSi Technology, Dual Port Fast Charging, Automatic Battery Protection, Real-time Battery Tracking, Ultra-compact with Foldable Plug
Color	White

WARRANTY AND SUPPORT

This Baseus charger comes with a 12-month worry-free warranty. For any questions, technical support, or warranty claims, please contact Baseus customer service. Refer to the packaging or the official Baseus website for contact details.

Please note that the charging cable is not included with the adapter.
