› UpBright 12V AC/DC Adapter User Manual for DBPOWER MK101 and PD928 Portable DVD Players

UPBRIGHT MK101, PD928, THX-120100KE

UpBright 12V AC/DC Adapter User Manual

For DBPOWER MK101, PD928 Portable DVD Players, and THX-120100KE

INTRODUCTION

This manual provides essential instructions for the safe and effective use of your UpBright 12V AC/DC Adapter. This adapter is designed to provide power to compatible devices, specifically DBPOWER MK101 10" Portable DVD Players, DBPOWER PD928 9.5" Portable DVD Players, and devices requiring a THX-120100KE power supply.

Please read this manual thoroughly before using the product and retain it for future reference.

SAFETY PRECAUTIONS

- Ensure the adapter's voltage and current ratings match your device's requirements.
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to strong impacts.
- Do not attempt to disassemble or modify the adapter.
- Unplug the adapter from the power outlet when not in use or during electrical storms.
- Keep out of reach of children.

PACKAGE CONTENTS

The package should contain the following items:

- 1 x UpBright 12V AC/DC Adapter (2-Pin Power Adapter)

Note: Depending on your region, a suitable outlet adapter (AU, EU, UK) may be included for international orders.

Come With A Suitable Outlet Adapter (Only One) to Fit

This image displays different types of international power plug adapters, including AU, EU, and UK variants, which may be provided with the product for compatibility in various regions.

SETUP

1. **Inspect the Adapter:** Before use, visually inspect the adapter and its cable for any signs of damage. Do not use if damaged.
2. **Verify Compatibility:** Confirm that your device (e.g., DBPOWER MK101, PD928 Portable DVD Player) requires a 12V DC input with a current draw of 1.5A (1500mA) or less. The adapter provides 12V 1.5A output.
3. **Connect to Device:** Insert the barrel connector of the adapter cable firmly into the DC input port of your compatible device.
4. **Connect to Power Outlet:** Plug the 2-pin power adapter into a standard AC wall outlet (100-240VAC, 50/60Hz).

This image shows the UpBright 12V AC/DC Adapter, featuring its main body with the power prongs and the attached cable ending in a barrel connector, ready for connection to a device.

OPERATING INSTRUCTIONS

Once the adapter is correctly connected to both the power outlet and your device, the device should receive power. Follow your device's specific instructions for operation.

- The adapter provides a stable 12V DC output for continuous operation of your portable DVD player or other compatible devices.
- It is designed for indoor use only.
- The adapter features Over Voltage Protection (OVP), Over Current Protection (OCP), and Short Circuit Protection (SCP) to safeguard your devices.

MAINTENANCE

- **Cleaning:** Disconnect the adapter from the power source and the device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.
- **Cable Care:** Do not bend, twist, or pull the cable excessively. Ensure the cable is not pinched or placed under heavy objects.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not powering on.	Adapter not properly plugged in. Device's power port is loose or damaged. Power outlet is not functioning. Adapter is faulty.	Ensure both ends of the adapter are securely connected. Check the device's power port for damage. Test the power outlet with another device. If possible, test the adapter with another compatible device or contact support.
Adapter feels unusually hot.	Normal operation (slight warmth). Overload or short circuit. Poor ventilation.	A slightly warm adapter is normal. Disconnect immediately if excessively hot. Ensure device compatibility. Ensure the adapter is in a well-ventilated area.

SPECIFICATIONS

- **Input Voltage:** 100-240VAC, 50/60Hz
- **Output Voltage:** 12V DC
- **Output Current:** 1.5A (1500mA)
- **Wattage:** 18 Watts
- **Connector Type:** Barrel Connector
- **Special Feature:** Short Circuit Protection, Over Voltage Protection, Over Current Protection
- **Compatible Devices:** DBPOWER MK101 10" Portable DVD Player, DBPOWER PD928 9.5" Portable DVD Player, devices requiring THX-120100KE power supply.
- **Product Dimensions:** 4 x 3 x 2 inches
- **Item Weight:** 4 ounces

WARRANTY AND SUPPORT

UpBright products come with a warranty. The product description mentions:

- **Refund Policy:** 30 days refund.
- **Exchange Policy:** 24 months exchange.
