## MOMAX IP105MFI

# MOMAX Magnetic Portable Charger with Stand 5000mAh

Model: IP105MFI

Brand: MOMAX

## 1. INTRODUCTION

Thank you for choosing the MOMAX Magnetic Portable Charger with Stand. This device is designed to provide convenient and efficient wireless charging for your Magsafe-compatible iPhone 12 and 13 series, featuring a built-in foldable stand for versatile viewing. Please read this manual carefully before use to ensure optimal performance and safety.

## 2. PRODUCT FEATURES

- **Premium Design:** Features a transparent tempered glass panel and a metallic edge, showcasing

internal components.

- **Powerful Magnetic Attachment:** Equipped with high-power magnets and charging coils for secure and efficient wireless charging with Magsafe-compatible devices (iPhone 12/13 series).
- **Integrated Foldable Stand:** A versatile and stable stand allows for both portrait and landscape viewing of your device while charging.
- **MFi Certified Lightning Input:** Recharges the power bank using a standard Apple Lightning cable, ensuring compatibility and safety.
- **Compact and Lightweight:** Measuring 16mm thick and 103mm long, it is designed for portability and single-hand use.
- **Small Current Mode:** Safely charges low-power devices such as wireless earbuds (e.g., AirPods).

## Portable Mini Power Station

**5000mAh**

Only 6.1 ounce

### 3. PACKAGE CONTENTS

Please check the package for the following items:

- MOMAX Magnetic Wireless Battery Pack with Stand 5000 mAh (Q.Mag Power 5)
- Instruction Manual

### 4. SETUP

#### 4.1 Charging the Power Bank

1. Connect an Apple Lightning cable to the Lightning input port on the MOMAX Magnetic Portable Charger.
2. Connect the other end of the Lightning cable to a compatible USB power adapter (not included).
3. The LED indicators on the power bank will illuminate to show the charging status. All LEDs will be solid when fully charged.

### Strong Magnetic Suction and Easy to Use

With iPhone-compatible magnetic cases is better  
Not compatible with non-magnetic phone cases

#### 4.2 Attaching to Your iPhone

1. Ensure your iPhone is a Magsafe-compatible model (iPhone 12 series or iPhone 13 series).
2. Align the MOMAX Magnetic Portable Charger with the back of your iPhone. The magnets will automatically snap the charger into the correct position.
3. For optimal magnetic hold and charging efficiency, it is recommended to use the charger without a phone case or with a Magsafe-compatible case.

## 5. OPERATING INSTRUCTIONS

### 5.1 Wireless Charging Your iPhone

- Once the MOMAX Magnetic Portable Charger is magnetically attached to your iPhone, wireless charging will begin automatically.
- The charging status will be displayed on your iPhone screen.

### 5.2 Using the Foldable Stand

- Gently pull out the integrated stand from the back of the power bank.
- Adjust the stand to your desired angle for comfortable portrait or landscape viewing while your iPhone is attached.

# Foldable Stand for Different Scenes

## 3 types of stand modes

Image 5.1: The foldable stand supports both portrait and landscape orientations for your iPhone.

### 5.3 Small Current Mode for Low-Power Devices

- To charge low-power devices like wireless earbuds (e.g., AirPods), place them on the charging surface of the power bank.
- The power bank will automatically detect the device and switch to a small current charging mode to ensure safe and efficient charging.

# Small Current Mode for AirPods

## Make small devices safer to charge

Image 5.2: The small current mode safely charges devices like AirPods.

## 6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping or subjecting the device to strong impacts.
- **Water Exposure:** This device is not waterproof. Avoid exposure to water or other liquids.

## 7. TROUBLESHOOTING

- **Device Not Charging:**

- Ensure the power bank is sufficiently charged.
- Verify that the iPhone is correctly aligned with the magnetic charging area of the power bank.
- Remove any non-Magsafe compatible phone cases that may interfere with magnetic attachment or wireless charging.

- **Slow Charging:**

- Ensure proper alignment between the power bank and your iPhone.
- Avoid heavy usage of your iPhone while it is wirelessly charging, as this can slow down the charging process and cause heat buildup.
- Consider enabling low power mode on your iPhone during charging for faster results.

- **Overheating:**

- It is normal for the device to become slightly warm during charging.
- If the device becomes excessively hot, discontinue use immediately and allow it to cool down. Ensure there is adequate ventilation around the device.
- Check for any foreign objects between the charger and your iPhone.

## 8. SPECIFICATIONS

Specification	Value
Model Number	IP105MFI
Battery Capacity	5000 mAh
Dimensions (L x W x H)	10.3 x 6.25 x 1.6 cm
Weight	172 g
Input Type	Lightning (MFi Certified)
Output Type	Wireless (Magnetic)
Voltage	5 Volts
Special Features	Foldable, Lightweight, Magnetic, Portable Charger, Wireless

## 9. SAFETY INFORMATION

- Do not disassemble, modify, or repair the device yourself.
- Keep the device away from fire, water, and corrosive substances.
- Avoid exposing the device to extreme temperatures (above 45°C or below 0°C).

- Do not use the device if it is damaged or appears to be malfunctioning.
- Dispose of the device responsibly according to local regulations.
