## iTOMA CKS208

**iTOMA**

# Radio Alarm Clock with App Control

**MODEL: CKS208 USER MANUAL**

### Introduction

Thank you for purchasing the iTOMA CKS208 Radio Alarm Clock. This device combines a versatile alarm clock with FM radio, Bluetooth connectivity, and convenient app control, designed to enhance your daily routine. Please read this manual carefully to ensure proper use and to fully utilize all features of your new alarm clock.

The iTOMA CKS208 Radio Alarm Clock, featuring its orange LED display and a smartphone demonstrating the companion app control.

## Safety Information

- Do not expose the unit to dripping or splashing water.
- Do not place objects filled with liquids, such as vases, on the unit.
- Ensure proper ventilation; do not block ventilation openings.
- Use only attachments/accessories specified by the manufacturer.
- Unplug the unit during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel.

## Package Contents

Please check that all items are present:

- iTOMA CKS208 Radio Alarm Clock Unit
- Power Adapter (60-inch wire)
- User Manual (this document)

## Product Overview and Controls

Familiarize yourself with the main components and control buttons of your iTOMA CKS208.

# WAKE UP YOUR WONDERFUL DAY

Dual Alarm  
Snooze

FM Radio

Dimmer

Auto Time  
Setting

Bluetooth

Night Light

The iTOMA CKS208 Radio Alarm Clock, highlighting its key features: Dual Alarm, FM Radio, Dimmer, Auto Time Setting, Bluetooth, and Night Light.

## Top Panel Controls:

- **SLEEP/TIME ZONE:** Adjust sleep timer or time zone.
- **CLOCK SET:** Enter clock setting mode.
- **AL1 / AL2:** Set or activate Alarm 1 / Alarm 2.
- **BT:** Bluetooth mode button.
- **SNOOZE / VOL-:** Snooze alarm / Decrease volume.
- **iTOMA (Center Button):** Multi-function button, often for confirmation.
- **TUNE- / VOL+:** Tune down radio frequency / Increase volume.
- **TUNE+ / K:** Tune up radio frequency / Skip track (Bluetooth).
- **FM:** FM radio mode button.
- **FM STO/BT PAIR:** Store FM station / Bluetooth pairing.
- **LED:** Control LED display.
- **DIMMER:** Adjust display brightness.

## Front Display:

- Large orange LED display for time, date, and settings.
- Indicators for AM/PM, Alarm 1/2, Bluetooth, FM, and APP mode.

## Rear Panel:

- Power input jack.
- USB charging port (1.5A 5V).

## Setup

---

### 1. Power Connection

1. Connect the provided power adapter to the DC IN jack on the back of the alarm clock.
2. Plug the power adapter into a standard wall outlet. The display will light up.

### 2. Battery Backup

The unit comes with a preinstalled button cell battery. This battery serves as a backup to maintain time and alarm settings during a power outage. It does not power the display or alarm functions when the main power is disconnected.

### 3. Initial Time Setting

The clock may automatically set the time upon initial power-up. If not, or if you need to adjust it:

1. Press and hold the **CLOCK SET** button. The time digits will flash.
2. Use the **TUNE+** or **TUNE-** buttons to adjust the hour. Press **CLOCK SET** to confirm.
3. Repeat for minutes, 12/24 hour format, and date (Year, Month, Day).
4. Press **CLOCK SET** again to exit the setting mode.

### 4. App Download and Connection

The iTOMA CKS208 can be controlled via a dedicated smartphone app.

# HOW TO CONNECT YOUR MOBILE DEVICE

1. Download "iTOMA"  
APP from APP Store/Google Play.

2. Click "Connect" button enter  
the Bluetooth setting mode.

3. Connect the 208 Bluetooth.

4. Control the alarm clock via APP.

Steps to connect your mobile device to the iTOMA CKS208 via the iTOMA app.

1. Download the "iTOMA" app from the Apple App Store (for iOS) or Google Play Store (for Android).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the iTOMA app and follow the on-screen instructions to connect to the "208" device.
4. Once connected, you can control various functions of the alarm clock directly from the app.

## Operating Instructions

### 1. Setting Alarms (AL1 / AL2)

The clock features dual alarms with 4 alarm modes.

# DUAL ALARM CLOCK

① FM Wake-up 8:30      ② Buzzer Wake-up 13:00

The iTOMA CKS208 displaying two alarm settings, one for FM radio wake-up and another for buzzer wake-up.

1. Press and hold **AL1** or **AL2**. The alarm time will flash.
2. Use **TUNE+** or **TUNE-** to adjust the hour, then press **AL1/AL2** to confirm.
3. Repeat for minutes, alarm source (Buzzer or FM Radio), and alarm volume.
4. Select alarm mode: Every day, single day only, weekdays only, or weekends only.
5. Press **AL1/AL2** again to save and exit.

To activate/deactivate an alarm, short press **AL1** or **AL2**. The corresponding alarm icon will appear/disappear on the display.

## 2. Snooze Function

When an alarm sounds, press the **SNOOZE** button to temporarily silence it for 9 minutes. This can be repeated up to 6 times.

## 3. FM Radio Operation

# MANUAL/AUTO FM RADIO

Relaxed with you favorite stations.

The iTOMA CKS208 displaying an FM radio frequency, indicating its manual and auto tuning capabilities.

1. Press the **FM** button to enter FM radio mode.
2. Use **TUNE+** or **TUNE-** to manually tune to a station. Press and hold for auto-scan to the next available station.
3. To store a station: While listening to a station, press and hold **FM STO**. Use **TUNE+** or **TUNE-** to select a preset number (up to 20), then press **FM STO** again to save.
4. To recall a stored station: Short press **FM STO** repeatedly to cycle through presets.

## Sleep Timer:

You can set the radio to turn off automatically after a set period.

- While FM radio is playing, press the **SLEEP** button repeatedly to cycle through sleep timer options (10-90 minutes).
- The radio will play for the selected duration and then turn off.

## 4. Bluetooth Connectivity

Stream audio wirelessly from your Bluetooth-enabled device.

## Listen to Your Music via BLUETOOTH

The iTOMA CKS208 connected to a smartphone, demonstrating its Bluetooth music playback capability.

1. Press the **BT** button to enter Bluetooth mode. The Bluetooth icon on the display will flash, indicating pairing mode.
2. On your smartphone or other Bluetooth device, search for "208" in the Bluetooth settings and select it to pair.
3. Once paired, the Bluetooth icon will stop flashing and remain solid. You can now play audio through the alarm clock.
4. Use the **VOL+** / **VOL-** buttons on the clock or your device to adjust volume. Use **TUNE+** / **TUNE-** to skip tracks.

### 5. Display Dimmer and Night Light

Adjust the brightness of the LED display and activate the orange night light.

# AUTO & MANUAL DIMMER

Fit your personal preference at the touch of a button.

The iTOMA CKS208 demonstrating its auto and manual dimmer settings, with various brightness levels shown.

- Press the **DIMMER** button repeatedly to cycle through 5 brightness levels for the main display.
- The clock also features an auto-dimmer function that adjusts brightness based on ambient light.
- The orange night light can be toggled on/off and adjusted to 2 levels via the app or specific button combination (refer to quick start guide for exact button sequence if not using app).

## 6. USB Charging Port

The 1.5A 5V USB port on the back of the unit allows you to charge your smartphone or other small electronic devices conveniently.

- Connect your device's USB charging cable to the USB port on the alarm clock.
- Ensure the alarm clock is powered on for charging to occur.

## Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the surface of the unit. Do not use liquid cleaners or abrasive materials.
- **Storage:** If storing the unit for an extended period, unplug it from the power outlet.
- **Battery Replacement:** The internal button cell backup battery is designed for long life. If time settings are lost frequently during power outages, the battery may need replacement by qualified personnel.

## Troubleshooting

Problem	Possible Cause / Solution
No power / Display off	Ensure power adapter is securely plugged into the unit and a working wall outlet. Check the power outlet.
Alarm does not sound	Ensure the alarm is activated (alarm icon visible). Check alarm volume. Verify alarm time is set correctly.
Poor FM radio reception	Adjust the position of the unit. Extend the FM antenna (if applicable, internal for this model). Try auto-scanning for stronger signals.
Bluetooth device cannot pair	Ensure the alarm clock is in Bluetooth pairing mode (flashing BT icon). Make sure Bluetooth is enabled on your device and it's within range. Forget previous pairings on your device and try again.
App control not working	Ensure the app is updated. Verify Bluetooth connection between the app and the clock. Restart the app or your phone.
Time drifts / Incorrect time	Reset the time manually. If frequent, the backup battery may be weak (though it primarily holds settings during power loss, not for continuous accuracy).

## Specifications

Feature	Detail
Brand	iTOMA
Model Number	CKS208 (208-CA)
Display Type	1.4-inch Orange LED
Display Dimmer	5-level brightness control, Auto dimmer
