STKR CONCEPT TRiLIGHT ShopLight V2 User Manual

Brand: STKR Concepts | Model: 00301

1. INTRODUCTION

The STKR CONCEPT TRiLIGHT ShopLight V2 is a versatile and powerful lighting solution designed for various work environments, including garages, homes, and auto shops. It features three adjustable aluminum LED heads, providing 5000 lumens of bright, cool-to-the-touch illumination. This manual provides essential information for the safe and effective use, setup, and maintenance of your TRiLIGHT ShopLight V2.

2. SAFETY INFORMATION

Please read all safety warnings and instructions carefully before using this product. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always ensure the power cord is fully inserted into a grounded outlet.
- Do not operate the light with a damaged cord or plug.
- Keep the light away from water and damp environments. This product is not water resistant.
- Do not attempt to disassemble or modify the light. Refer all servicing to qualified personnel.
- Avoid direct eye exposure to the light source, as it is extremely bright.
- Unplug the light from the power source before cleaning or performing any maintenance.

3. PACKAGE CONTENTS

Verify that all items are included in your package:

- TRiLIGHT ShopLight V2 Unit

- Instruction Manual

4. FEATURES

- 5000 True Lumens from 3 adjustable aluminum heads
- Transforms from a 360° drop light into a single direction shop light
- Built to handle the wear and tear of a demanding work environment
- Cool to the touch LED heads with 50,000-hour LED lifespan
- Hang or prop up for hands-free use

5. SETUP

The TRiLIGHT ShopLight V2 is designed for easy setup and versatile placement.

1. **Unpack the Unit:** Carefully remove the TRiLIGHT ShopLight V2 from its packaging.
2. **Positioning:** The light can be used in several ways:
 - **Freestanding:** Place the light on a flat, stable surface. The adjustable heads allow you to direct light as needed.
 - **Hanging:** Utilize the robust hook located at the base of the handle to securely hang the light from a suitable overhead support. This is ideal for illuminating larger areas or working hands-free.

3. **Plug In:** Connect the power cord to a standard 120V electrical outlet.

6. OPERATING INSTRUCTIONS

Using your TRiLIGHT ShopLight V2 is straightforward.

1. **Power On/Off:** Locate the red power button on the handle of the unit. Press it once to turn the light on, and press it again to turn it off.
2. **Adjusting Light Heads:** The three aluminum LED heads are independently adjustable. Gently pivot each head to direct the light precisely where it's needed. This allows for 360-degree illumination or focused lighting in a single direction.

heads and hanging capabilities.

7. MAINTENANCE

The TRiLIGHT ShopLight V2 requires minimal maintenance to ensure long-lasting performance.

- **Cleaning:** Before cleaning, ensure the light is unplugged from the power source. Wipe the unit with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **LED Lifespan:** The LEDs have a lifespan of 50,000 hours, meaning they are designed to last for many years under normal use. No bulb replacement is necessary.
- **Storage:** When not in use, store the light in a cool, dry place, away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

If you encounter issues with your TRiLIGHT ShopLight V2, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	Not plugged in; power outlet not working; power button not pressed.	Ensure the light is securely plugged into a working outlet. Press the power button firmly. Test the outlet with another device.
Light flickers.	Unstable power supply; loose connection.	Try plugging the light into a different outlet. Check for any loose connections in the power cord.
Light heads are stiff to adjust.	Normal operation; minor friction.	Apply gentle, consistent pressure to adjust the heads. They are designed to hold their position firmly.

9. SPECIFICATIONS

Feature	Specification
