IMPORTANT SAFETY INSTRUCTIONS

To ensure safe installation and operation, please observe the following precautions:

- For a safe and secure installation, ensure that the electrical box to which this fixture will be mounted is properly attached to a structural member of the building.
- All wires are connected. When unpacking, be careful not to pull with wires as a bad connection may result.
- Do not connect electricity until your fixture is fully assembled.
- To reduce the risk of fire, electrical shock, or personal injury, always turn off and unplug the fixture and allow it to cool prior to replacing the light bulb. (Note: This fixture uses integrated LED bulbs that are not user-replaceable.)

- Do not touch the bulb when the fixture is turned on or look directly at the lit bulb. Keep flammable materials away from the lit bulb.
- Consult a qualified electrician if you are unsure about any part of the installation process.

SETUP AND INSTALLATION

Follow these steps for proper installation. It is recommended to have a qualified electrician perform the installation.

1. **Turn Off Power:** Before starting any electrical work, ensure the power supply to the installation area is turned off at the circuit breaker or fuse box.
2. **Prepare Mounting Surface:** Ensure the electrical box is securely mounted to a structural member of the building.
3. **Attach Mounting Bracket:** Secure the provided mounting bracket to the electrical box using the screws from the hardware kit.
4. **Make Electrical Connections:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using the provided wire nuts. Ensure all connections are secure.
5. **Mount the Fixture:** Carefully align the fixture with the mounting bracket and secure it in place using the provided screws.
6. **Restore Power:** Once the fixture is securely mounted and all connections are checked, restore power at the circuit breaker.

MAINTENANCE

To maintain the appearance and performance of your light fixture:

- **Cleaning:** Always turn off the power before cleaning. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or acrylic diffuser.
- **Bulb Replacement:** The LED bulbs in this fixture are integrated and not designed for user replacement. If the LEDs fail, the entire fixture may need to be replaced.
