4. MAINTENANCE

- **Cleaning:** To clean the vehicles, gently wipe them with a soft, slightly damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the paint and finish.
- **Storage:** Store the vehicles in a cool, dry place away from direct sunlight and extreme temperatures. Original packaging or display cases are recommended for long-term preservation.

- **Paint Chips/Scratches:** Minor paint chips or scratches are considered normal wear and tear, especially with active play. These do not affect the functionality of the vehicle.
