Yaheetech Rustic

Yaheetech 47.5 Inch Lift Top Coffee Table User Manual

Model: Rustic

INTRODUCTION

Thank you for choosing the Yaheetech 47.5 Inch Lift Top Coffee Table. This versatile coffee table features a convenient lift-top design, providing a raised surface for various activities such as working or dining. It also includes a hidden storage compartment and two fabric storage baskets for organization. Constructed from premium MDF board with a durable veneer finish and a sturdy powder-coated steel frame, this table is designed for long-lasting use and stability. This manual provides essential information for assembly, operation, care, and maintenance to ensure optimal performance and longevity of your product.

SAFETY GUIDELINES

Please read and understand all instructions before assembly and use. Keep all small parts and packaging materials away from children. Ensure all connections are secure before use. Do not overload the table or the hidden compartment. Avoid standing or sitting on the table. For detailed safety information, please refer to the official Safety Information PDF document.

Important: [Download Safety Information \(PDF\)](#)

PARTS LIST

Before beginning assembly, verify that all parts listed below are present and undamaged. Refer to the diagram for visual identification of components and their respective dimensions.

Image: Diagram illustrating the various parts and their dimensions, including the tabletop, frame, and storage baskets.

The package typically includes:

- Lift-top Tabletop Panel
- Main Frame Components (MDF boards and steel legs)
- Gas Spring Lifting Mechanism
- 2 Fabric Storage Baskets
- Adjustable Foot Pads
- All necessary hardware (screws, bolts, nuts, etc.)
- Assembly Tools (e.g., Allen wrench)

SETUP AND ASSEMBLY

Assembly of your Yaheetech coffee table is designed to be straightforward. All parts are labeled, and necessary hardware and tools are included. It is recommended to assemble the table on a soft, clean surface to prevent scratches. Follow the detailed manual instructions provided in the packaging for step-by-step guidance.

Waterproof Surface

Heavy Duty Metal Frame

Gas Spring Lifting System

Foldable Storage Baskets

Adjustable Foot Pads

General Assembly Steps:

1. Unpack all components and lay them out on a protected surface.
2. Identify all parts and hardware using the provided list and diagrams.
3. Attach the main frame components according to the numerical sequence in the manual.
4. Install the gas spring lifting mechanism, ensuring proper alignment.
5. Securely attach the lift-top panel to the lifting mechanism.
6. Insert the fabric storage baskets into their designated compartments.
7. Adjust the foot pads to ensure the table is level and stable on your floor.

Note: A Phillips head screwdriver may be required for some steps, which is typically not included.

OPERATING INSTRUCTIONS

Lift-Top Mechanism:

The coffee table features a high-quality gas spring lifting device for smooth and noiseless operation. To raise the tabletop, gently pull it upwards from the front edge. The gas spring mechanism will assist in lifting and holding the top in place. To lower, gently push the tabletop down. The mechanism is designed to prevent sudden drops or bounces, ensuring safe and reliable use.

LIFT-TOP DESIGN

The lift-top design allows you to easily raise or lower the tabletop to meet your different needs

Image: The coffee table with its top in the closed position and then lifted, demonstrating its dual functionality.

Hidden Storage Compartment:

Beneath the lift-top, a spacious hidden compartment is available for storing various items such as remote controls, magazines, laptops, or other living room essentials, helping to keep your space tidy and organized.

Fabric Storage Baskets:

The table includes two foldable fabric storage baskets that fit perfectly into the lower shelves. These baskets provide additional storage for larger items and can be easily removed or folded flat for space-saving when not in use.

Spacious Tabletop

Provide sufficient display space

CARE AND MAINTENANCE

Cleaning:

The table's surface is finished with a veneer that provides good resistance to water and moisture. For daily cleaning, wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish. For the metal frame, a dry cloth is sufficient.

Image: Close-up of the table's waterproof surface, highlighting its easy-to-clean properties.

General Care:

- Regularly check and tighten all screws and bolts to ensure stability.
- Avoid placing hot items directly on the surface; use coasters or protective pads.
- Keep the table away from direct sunlight and extreme temperature changes to prevent warping or fading.
- The 5-inch ground clearance allows most robotic vacuums to pass underneath for convenient floor cleaning.

EASY TO CLEAN

5" ground clearance allows most sweeping robots to pass through

TROUBLESHOOTING

Problem	Possible Cause	Solution
Table feels wobbly or unstable.	Loose screws or uneven floor.	Check and tighten all assembly screws. Adjust the foot pads on the bottom of the legs to level the table on uneven surfaces.
Lift-top mechanism is stiff or noisy.	Mechanism needs lubrication or is misaligned.	Apply a small amount of silicone-based lubricant to the moving parts of the gas spring mechanism. Ensure no objects are obstructing the mechanism's movement. If issues persist, contact customer support.

Problem	Possible Cause	Solution
Difficulty during assembly (e.g., holes not aligning).	Parts are incorrectly oriented or mislabeled.	Double-check the assembly manual diagrams and part labels. Ensure parts are oriented correctly before tightening screws. Do not force components. If a part is defective, contact customer support for replacement.
Fabric baskets do not fit or are misshapen.	Baskets are not fully unfolded or are inserted incorrectly.	Ensure the fabric baskets are fully unfolded and the bottom insert is flat. Insert them into the shelves with the handles facing outwards.

PRODUCT SPECIFICATIONS

Brand	Yaheetech
Model Name	Rustic
Color	Grey
Assembled Dimensions (Approx. L x W x H)	47.5" x 24" x 19" (closed) / 25.5" (lifted)
Maximum Weight Recommendation	66 Pounds
Item Weight	60.1 Pounds
Material Type	Engineered Wood (MDF), Metal (Steel)
Finish Types	Veneer (Wood), Powder Coated (Metal)
Indoor/Outdoor Usage	Indoor

WARRANTY AND SUPPORT

For any questions regarding product assembly, operation, missing parts, or potential defects, please contact Yaheetech customer support. Keep your purchase receipt or order information handy when contacting support for faster service. Specific warranty details may be provided with your product packaging or on the manufacturer's official website. You can often find support contact information on the [Yaheetech Brand Store on Amazon](#).

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
