CucinaOra 1

CucinaOra steamTANK Accessory User Manual

Model: **1**
Brand: **CucinaOra**

Introduction

The CucinaOra steamTANK is an innovative silicone accessory designed to enhance your cooking experience by effectively managing steam output from your kitchen appliance. This manual provides detailed instructions for the proper setup, operation, and maintenance of your steamTANK, ensuring its longevity and optimal performance.

It is compatible with Thermomix TM6, TM5, TM31, and Monsieur Cuisine Smart, Connect, and Edition Plus models. Its primary function is to redirect steam away from kitchen cabinets and walls, preventing moisture buildup and protecting your furniture.

Setup

Setting up your CucinaOra steamTANK is quick and easy. Follow these steps to prepare the accessory for use:

1. **Unpack the steamTANK:** Carefully remove the steamTANK from its packaging.
2. **Initial Cleaning:** Before first use, wash the steamTANK with warm soapy water and rinse thoroughly. Ensure it is completely dry.
3. **Placement:** Place the steamTANK directly onto the lid of your compatible Thermomix or Monsieur Cuisine appliance. Ensure it sits securely over the steam vent.

Operating Instructions

The CucinaOra steamTANK is designed for intuitive use. Once placed on your appliance, it will redirect steam as follows:

- **Steam Redirection:** During cooking, steam will exit through the steamTANK's extended spout. You can rotate the steamTANK 360 degrees to direct the steam in any desired direction, away from cabinets or overhead structures.
- **Furniture Protection:** By redirecting steam, the steamTANK prevents moisture from accumulating on kitchen furniture, protecting it from potential damage and dampness.
- **Compatibility:** This accessory is compatible with Thermomix TM6, TM5, TM31, and Monsieur Cuisine Smart, Connect, and Edition Plus models.

Image: The steamTANK features a 360-degree pivot, allowing flexible steam evacuation without moving the appliance.

Maintenance

Proper care and maintenance will ensure the longevity and hygiene of your CucinaOra steamTANK.

- **Cleaning:** The steamTANK is dishwasher safe. Alternatively, wash it by hand with warm water and mild dish soap.
- **Drying:** Ensure the accessory is completely dry before storing or re-using.
- **Storage:** Store in a clean, dry place when not in use.
- **Material:** Made from flexible, BPA-free silicone, the steamTANK is food-safe and resistant to heat up

to 230°C. It does not retain odors.

Troubleshooting

If you encounter any issues with your CucinaOra steamTANK, please refer to the following common solutions:

- **Steam not redirecting effectively:** Ensure the steamTANK is securely seated on the appliance lid and that its spout is pointed in the desired direction. Check for any obstructions in the spout.
- **Accessory feels loose:** Verify that the steamTANK is correctly aligned with the appliance's steam vent. The silicone material is designed to fit snugly.
- **Difficulty attaching/detaching:** The silicone may be stiff initially. With repeated use, it will become more flexible. Ensure the accessory is clean and dry for easier handling.
