ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Hagrid's Hut 3D Puzzle. Refer to the included instruction booklet for detailed diagrams and piece identification. No glue is required for assembly.

1. **Preparation:** Unpack all contents. Identify the different sheets of puzzle pieces. Carefully punch out all pieces from their sheets. Ensure all small holes for tabs are clear.
2. **Sorting:** Sort the pieces by color, design, or number as indicated in the instruction booklet. This will help streamline the assembly process.
3. **Assemble Flat Sections:** Begin by assembling the flat base sections of the puzzle. These often form the foundation upon which the 3D structure is built.
4. **Build Vertical Structures:** Connect the vertical wall pieces and other structural components by inserting the tabs into the corresponding slots. Ensure a snug fit for stability.

5. **Add Details and Roof:** Once the main structure is stable, add smaller decorative pieces and the roof sections. The roof pieces are designed to interlock securely.
6. **Final Connections:** Connect any remaining sections or bridges as per the instruction diagrams to complete the full model of Hagrid's Hut.

SAFETY INFORMATION

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age.
- **Age Recommendation:** Recommended for ages 14 and up due to the complexity of assembly.
- **Handling:** Handle pieces with care to avoid bending or tearing.

MAINTENANCE

To ensure the longevity of your 3D puzzle model:

- **Cleaning:** Gently dust the assembled model with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.
- **Storage:** Store the model in a dry environment, away from direct sunlight or extreme temperatures, to prevent material degradation or fading.
- **Handling:** When moving the model, support it from the base to prevent damage to the assembled structure.

TROUBLESHOOTING

- **Difficulty with Piece Insertion:** If a tab does not fit easily into a slot, gently wiggle it or check for any remaining paper debris in the slot. Do not force pieces, as this may cause damage.
- **Loose Connections:** Ensure all tabs are fully inserted into their corresponding slots. The foam material is designed to hold securely without glue.
- **Missing Pieces:** In the rare event of a missing piece, please contact the manufacturer, 4D Brand International, for assistance.
