## Ancable AN-1084

# Ancable Smart Watch Charger Instruction Manual

Model: AN-1084

## 1. INTRODUCTION

---

Thank you for choosing the Ancable Smart Watch Charger. This 2-pack replacement magnetic USB charging cable cord is designed to provide efficient and reliable charging for your compatible smartwatch. Please read this manual carefully to ensure proper use and maintenance of your charger.

Image: Two Ancable Smart Watch Chargers, featuring black cables with magnetic charging ends and standard USB-A connectors. Each cable is approximately 3.3 feet long.

## 2. COMPATIBILITY

---

This charger is compatible with a range of smartwatches. Before purchasing and using, it is crucial to verify the distance between the center points of the two magnetic charging pins on your smartwatch. The required distance is **2.84 mm (0.11 inch)**.

### Compatible Smartwatch Models:

- YAMAY SW021
- Willful SW023
- SW025
- Letsfit ID205L
- Letscom ID205G
- ID205S

- ID206
- ID205U
- ID216
- Uwatch 3S, 3, 2, 2S

**Compatible Power Sources:**

- USB Charging Ports (e.g., wall adapters)
- Power Banks
- Laptops

# Vorsichtsmaßnahmen

Beachten Sie, dass der Stiftabstand 2,84 mm beträgt, bitte bestätigen Sie vor dem Kauf

Image: A detailed view of the charger's magnetic contact points, highlighting the critical 2.84mm distance between the two charging pins. This measurement is essential for ensuring compatibility with your smartwatch.

# Compatible Models

## 3. KEY FEATURES

- **Magnetic Charging:** Ensures a secure and stable connection, aligning the smartwatch with the charger for efficient and reliable power transfer. This design minimizes disconnections and improves charging speed.
- **Durable Construction:** Made from high-quality ABS+PVC material, providing excellent durability and resistance to wear. Features copper core high-precision gold-plated contacts for optimal conductivity.
- **Safety Protections:** Equipped with built-in smart IC and multi-protection systems to safeguard your device during charging. These include:
  - Over-Charge Protection
  - Short-Circuit Protection
  - Temperature Protection
- **Reinforced Design:** Features multi-layer shielding for more stable performance and a flexible PVC cable that is easy to roll and store.
- **Convenient 2-Pack:** Includes two charging cables, allowing for convenient charging at multiple locations such as

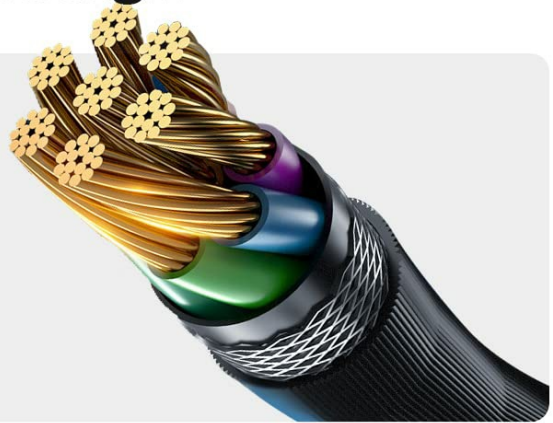

home, office, or while traveling.

- **Compact and Portable:** Lightweight design (approximately 23g) and 1-meter (3.3-feet) cable length make it easy to carry.

## Reinforced Design

### Multi-layer Shielding

More stable

### Flexible PVC Cable

Easy to roll

### Pure Copper Probe

Rapid and stable conduction

Image: An illustration detailing the reinforced design of the charging cable, showcasing its multi-layer shielding for enhanced stability, flexible PVC outer layer for durability and ease of use, and pure copper probe for rapid and stable electrical conduction.

# Safe Charging Overnight

built-in smart IC and Multi-protection systems ensure safe charging

## 4. SETUP INSTRUCTIONS

---

1. **Verify Compatibility:** Before connecting, ensure your smartwatch's charging pin distance matches the charger's 2.84 mm (0.11 inch) specification.
2. **Connect to Power Source:** Insert the USB-A end of the charging cable into a compatible USB power source, such as a wall adapter, power bank, or laptop USB port.
3. **Position Smartwatch:** Place your smartwatch onto the magnetic charging end of the cable. The magnetic force will help align the charging pins correctly.
4. **Confirm Connection:** Ensure the smartwatch is securely attached to the charger and that the charging indicator on your smartwatch activates, confirming a successful connection.

## 5. OPERATING INSTRUCTIONS

---

Once properly set up, the Ancable Smart Watch Charger operates automatically. The magnetic connection ensures a stable charge. For optimal charging, follow these guidelines:

- **Stable Placement:** Place the smartwatch and charger on a flat, stable surface during charging to prevent accidental disconnections.
- **Monitor Charging:** Observe your smartwatch's screen or indicator light to confirm it is charging. Charging times may vary depending on the smartwatch model and its battery level.
- **Avoid Interruption:** Do not frequently disconnect and reconnect the charger during the charging cycle.
- **Full Charge:** For best battery health, allow your smartwatch to reach a full charge before disconnecting, unless otherwise specified by your smartwatch manufacturer.

## 6. MAINTENANCE AND CARE

---

- **Cleaning:** Gently wipe the charging contacts on both the cable and your smartwatch with a soft, dry cloth to remove any dust or debris. Do not use liquid cleaners.
- **Storage:** When not in use, store the charger in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.
- **Handling:** Do not pull the cable forcefully from the USB port or the magnetic end. Always grasp the connector itself.
- **Inspection:** Periodically inspect the cable and connectors for any signs of wear, fraying, or damage. Discontinue use if any damage is observed.

## 7. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Smartwatch not charging.	Incorrect pin alignment. Dirty charging contacts. Incompatible smartwatch model. Faulty power source/USB port. Damaged cable.	Ensure magnetic end is properly aligned with smartwatch pins. Clean charging contacts on both devices. Verify smartwatch model compatibility (2.84mm pin distance). Try a different USB port or power adapter. Inspect cable for damage; if damaged, replace.
Charging is intermittent.	Loose connection. Unstable surface. Dirty contacts.	Ensure a firm magnetic connection. Place smartwatch and charger on a stable, flat surface. Clean charging contacts.
Charger feels warm.	Normal operation. Overload/Short-circuit.	A slight warmth during charging is normal. If it becomes excessively hot or emits smoke/odor, immediately disconnect from power and discontinue use.

## 8. SPECIFICATIONS

---

Feature	Detail
Model Number	AN-1084
Input Voltage	DC 5V 1A
Output Voltage	DC 5V 0.6A
Cable Length	1 meter (approximately 3.3 feet)
Connector Type	USB Type-A (Input), Magnetic 2-pin (Output)
Pin Distance	2.84 mm (0.11 inch)
Material	ABS+PVC
Special Feature	Magnetic connection, Overvoltage Protection, Overcurrent Protection
Package Contents	2 x Smart Watch Charger Cables

## 9. WARRANTY AND CUSTOMER SUPPORT

---

Ancable provides a worry-free **12-month warranty** for this product. In case of any quality problems, the product will be refunded or replaced for free.

For any questions, concerns, or support needs, please contact Ancable customer service. We are committed to providing high-quality service and assistance.

**Contact Information:** Please refer to the product packaging or the official Ancable website for the most current customer service contact details.
