Swann SWIFI-SLMFLCW-US

Swann Wi-Fi 1080p Slimline Floodlight Camera User Manual

Model: SWIFI-SLMFLCW-US

INTRODUCTION

The Swann Wi-Fi 1080p Slimline Floodlight Camera is an advanced security device designed for outdoor use. It combines a high-definition camera with powerful, dimmable floodlights, motion detection, two-way audio, and deterrent features like red and blue flashing lights and a siren. This manual provides essential information for the proper installation, operation, and maintenance of your floodlight camera.

WHAT'S IN THE BOX

Carefully unpack the contents and ensure all items are present:

- Slimline Floodlight Security Camera
- Mounting Bracket & Hardware
- Operating Instructions
- Theft Deterrent Stickers

SETUP

This floodlight camera is designed for outdoor wall mounting and requires a corded electric power source. Ensure the installation location provides stable Wi-Fi connectivity or an Ethernet connection for optimal performance.

Installation Steps:

1. **Choose a Location:** Select an outdoor location with a clear view of the area you wish to monitor. Ensure it is within range of your Wi-Fi network or has access to an Ethernet port.
2. **Power Connection:** Connect the camera to a suitable corded electric power source. Professional installation is recommended for electrical wiring.
3. **Mounting:** Use the provided mounting bracket and hardware to securely attach the floodlight camera to a wall.
4. **Network Connection:** Connect the camera to your home network via Wi-Fi or Ethernet. Refer to the quick start guide for detailed pairing instructions.

5. **App Setup:** Download the Swann Security app on your smartphone. Follow the in-app instructions to add your new floodlight camera and complete the setup process.

OPERATING INSTRUCTIONS

The Swann Slimline Floodlight Camera offers comprehensive security features controllable via the Swann Security app.

Key Features:

- **Motion-Activated Floodlights:** The 2600 lumen floodlights activate upon detecting motion, providing illumination and deterring intruders. Brightness can be adjusted via the app.
- **True Detect Heat Sensing:** Advanced PIR motion detection minimizes false alarms by identifying heat signatures.
- **1080p HD Camera:** Records clear, high-definition video with a wide 175-degree field of view, covering large areas.
- **Night2Day™ Color at Night:** Provides color video footage even in low-light conditions.
- **Two-Way Talk:** Communicate with visitors or deter unwanted guests using the built-in microphone and speaker.
- **Red & Blue Flashing Lights & Siren:** Activate these deterrents manually via the app or set them to trigger automatically.

upon motion detection.

- **Cloud & Local Recording:** Footage can be stored securely in the cloud (free cloud storage available) or locally.

Using the Swann Security App:

- **Live View:** Access live video feed from your camera anytime, anywhere.
- **Playback:** Review recorded events and download clips.
- **Notifications:** Receive push notifications for motion detection and other alerts.
- **Settings:** Customize motion sensitivity, light brightness, siren activation, and other camera settings.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your floodlight camera.

- **Cleaning:** Periodically wipe the camera lens and floodlight surfaces with a soft, damp cloth to remove dust and debris. Do not use harsh chemicals.
- **Firmware Updates:** Ensure your camera's firmware is up-to-date through the Swann Security app to access the latest features and security enhancements.
- **Connectivity Check:** Regularly verify your Wi-Fi signal strength or Ethernet connection to ensure stable operation.
- **Physical Inspection:** Check mounting hardware for tightness and inspect cables for any signs of wear or damage.

TROUBLESHOOTING

If you encounter issues with your Swann Slimline Floodlight Camera, refer to the following common solutions:

- **No Power:** Ensure the camera is properly connected to a live power source. Check the circuit breaker if necessary.
- **No Video/Offline:** Verify your Wi-Fi or Ethernet connection. Restart your router and the camera. Ensure the camera is within range of your Wi-Fi network.
- **Motion Detection Issues:** Adjust the motion sensitivity settings in the Swann Security app. Ensure there are no obstructions blocking the sensor's view.
- **Floodlight Not Activating:** Check motion detection settings. Ensure the light sensor is not obstructed. Adjust brightness settings in the app.
- **Poor Video Quality:** Ensure the camera lens is clean. Check your internet connection speed.
- **Two-Way Talk Issues:** Check volume settings on your smartphone and in the app. Ensure there is no excessive background noise.

For further assistance, consult the support section of the Swann Security app or visit the Swann support website.
