BYYBUO D10

BYYBUO Digital Photo Frame 10.1 inch User Manual

Model: D10

INTRODUCTION

Thank you for choosing the BYYBUO 10.1 inch WiFi Digital Photo Frame. This device allows you to display your cherished memories with its vibrant 1280x800 IPS HD touch screen. With built-in Wi-Fi and the Uhale APP, you can easily share photos and videos with family and friends from anywhere in the world. This manual provides detailed instructions to help you set up, operate, and maintain your digital photo frame.

The BYYBUO 10.1 inch Digital Photo Frame, shown alongside a smartphone demonstrating its remote sharing capabilities.

WHAT'S IN THE BOX

Please check the contents of your package to ensure all items are present:

- Electronic Photo Frame (10.1 inch)
- Power Adapter/Charger
- Stand
- User Manuals

All components included in the product packaging.

SETUP

Initial Power On and Wi-Fi Connection

1. Connect the power adapter to the frame and plug it into a power outlet.
2. The frame will power on automatically. Follow the on-screen prompts to select your language and time zone.
3. Connect the frame to your Wi-Fi network by selecting your network name and entering the password. A stable Wi-Fi connection is essential for sharing photos and videos.

Uhale APP Installation and Setup

The Uhale APP is available for both Android and iOS devices, enabling seamless photo and video sharing.

1. **Download the Free Uhale APP:** Search for "Uhale" on Google Play Store (for Android) or Apple App Store (for iOS) and download the application.
2. **Uhale Setup:** Once the frame is connected to Wi-Fi, you will be guided through the initial setup. Enter a name for your frame and specify its location.
3. **Using Uhale:** To share photos, generate a unique code on your frame. Share this code with friends and family. The code is valid for 12 hours to ensure security and prevent unauthorized access.

Step-by-step guide for setting up and using the Uhale application.

OPERATING INSTRUCTIONS

Displaying Photos and Videos

The frame automatically displays photos and videos uploaded to it. The 10.1-inch IPS HD touch screen provides a clear and vibrant viewing experience.

Sharing Photos and Videos via Uhale APP

The Uhale APP allows you to send photos and videos directly to the frame from your smartphone, even from a distance.

1. Open the Uhale APP on your device.
2. Select the photos (up to 50 at a time) or videos you wish to share.
3. Choose the recipient frame(s) from your connected devices.
4. You can edit pictures by adjusting focus areas and naming them before sending.
5. Tap 'Send' to transfer the media to the frame.

MAINTENANCE

To ensure the longevity and optimal performance of your BYYBUO Digital Photo Frame, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the screen and frame with a soft, dry, lint-free cloth. Do not use liquid cleaners, aerosols, or abrasive materials, as they may damage the screen or finish.
- **Placement:** Avoid placing the frame in direct sunlight or near heat sources, which can affect screen performance and lifespan. Ensure adequate ventilation around the device.
- **Storage:** If storing the frame for an extended period, disconnect it from power and store it in a cool, dry place, preferably in its original packaging.
- **Software Updates:** Periodically check for and install any available software updates through the frame's

settings to ensure the best performance and access to new features.

TROUBLESHOOTING

If you encounter any issues with your digital photo frame, please refer to the following common solutions:

Problem	Possible Solution
Frame does not power on.	Ensure the power adapter is securely connected to both the frame and a working power outlet. Try a different outlet.
Cannot connect to Wi-Fi.	Verify your Wi-Fi password. Ensure the frame is within range of your router. Restart your router and the frame.
Photos/Videos not appearing.	Check your Wi-Fi connection. Ensure media files are in supported formats (JPEG, JPG, PNG, WEBP, HEIC for photos; MP4, 3GP, M4V, MOV for videos). Confirm the Uhale app transfer was successful.
Screen is unresponsive.	Restart the frame by disconnecting and reconnecting the power. Ensure the screen is clean and free of debris.
Auto-rotate not working.	Ensure the frame is placed on a stable, flat surface or securely mounted. Check settings for any rotation lock.

If the problem persists after trying these solutions, please contact BYYBUO customer support for further assistance.
