

Tefal QT1510GO

TEFAL IXEO+ QT1510GO All-in-One Full-Size Iron Steamer

Instruction Manual

1. INTRODUCTION

The Tefal IXEO+ QT1510GO is an innovative all-in-one garment care solution designed to provide efficient steaming and ironing without the need for a traditional ironing board. This system features a built-in 3-position Smart Board, advanced Twin Boiler steam technology, and sanitizing steam power to refresh and care for your garments.

This manual provides essential information for the safe and effective use of your Tefal IXEO+ QT1510GO. Please read it thoroughly before initial use and retain it for future reference.

2. UNPACKING AND ASSEMBLY (SETUP)

2.1 What's in the Box

- IXEO+ 3-position Smart Board
- IXEO+ Steam Unit (Base)
- Iron Head
- Fabric Brush attachment
- Hanger Hook
- Instruction Manual

2.2 Assembly Steps

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure all listed items are present.
2. **Assemble the Poles:** Insert the adjustable poles into the base unit. Ensure they click securely into place.
3. **Attach the Smart Board:** Mount the 3-position Smart Board onto the poles. The board should be

securely attached and allow for smooth adjustment.

4. **Connect the Iron Head:** Connect the steam hose from the base unit to the iron head. Place the iron head securely in its holder on the Smart Board.
5. **Initial Water Fill:** Before first use, fill the water tank. Refer to section 3.1 for detailed instructions on filling the water tank.

Image 1: The Tefal IXEO+ QT1510GO Steamer assembled with the Smart Board in an inclined position.

3. OPERATING INSTRUCTIONS

3.1 Filling the Water Tank

1. Ensure the appliance is unplugged from the power outlet.
2. Remove the water tank from the base unit.
3. Open the water tank cap and fill with clean tap water up to the 'MAX' level indicator. Do not overfill.
4. Close the cap securely and reinsert the water tank into the base unit until it clicks into place.

Image 2: A hand pouring water into the removable water tank of the Tefal IXEO+ base unit.

3.2 Powering On and Heating Up

1. Plug the power cord into a suitable electrical outlet (230V).
2. Press the power button on the base unit. The indicator light will illuminate and may flash during the heating process.
3. The appliance will heat up quickly, typically within 70 seconds. The indicator light will become solid when ready for use.

3.3 Adjusting the Smart Board

The patented 3-position Smart Board offers versatile garment care:

- **Vertical Position:** Ideal for quick touch-ups, steaming hanging garments like jackets, dresses, or curtains.
- **Inclined Position (30°):** Provides ergonomic support for steaming and light ironing of various textiles.
- **Horizontal Position:** Functions like a traditional ironing board for precise ironing of trousers, shirts, and larger fabrics.

To adjust the board, use the release mechanism (refer to the diagram in your quick start guide) and gently move the board to the desired position until it locks securely.

Image 3: The Tefal IXEO+ QT1510GO Steamer with the Smart Board in a horizontal position, suitable for traditional ironing.

3.4 Steaming and Ironing Techniques

- **Vertical Steaming:** Hang the garment on the integrated hanger hook. Hold the iron head a few centimeters from the fabric and press the steam trigger. Move the iron head downwards over the garment.
- **Horizontal Ironing:** Place the garment flat on the Smart Board. Press the steam trigger and glide the iron head over the fabric. The ultra-light iron head (530g) makes this process comfortable.
- **Steam Boost:** For stubborn wrinkles, activate the steam boost function (up to 90 g/min) by pressing the steam trigger multiple times or holding it down, as indicated by your model's specific controls.
- **Fabric Brush:** Attach the fabric brush for better steam penetration on thicker fabrics or to remove lint.

Image 5: A person using the Tefal IXEO+ steamer for vertical steaming of a shirt.

3.5 Sanitizing Function

The powerful steam output of the IXEO+ sanitizes garments by killing up to 99.9% of bacteria. Use the steam function as described above to refresh and sanitize fabrics.

4. MAINTENANCE

4.1 Descaling

The Tefal IXEO+ QT1510GO features a built-in calc management system, meaning **no manual descaling is needed**. This system automatically handles mineral buildup, ensuring consistent steam performance and extending the appliance's lifespan.

4.2 Cleaning the Iron Head and Smart Board

- Ensure the appliance is unplugged and completely cool before cleaning.
- Wipe the soleplate of the iron head with a damp cloth. Do not use abrasive cleaners or scouring pads.
- Clean the Smart Board surface with a damp cloth and mild detergent if necessary.

4.3 Emptying and Storing the Water Tank

After each use, it is recommended to empty any remaining water from the tank to prevent stagnant water buildup. Store the appliance in a dry, safe place. The collapsible poles allow for compact storage.

5. TROUBLESHOOTING

- **No Steam Output:**
 - Check if the water tank is filled.
 - Ensure the appliance is plugged in and powered on, and the indicator light is solid (not flashing).
 - Verify that the steam hose is correctly connected to the iron head and base unit.
- **Water Leakage:**
 - Ensure the water tank cap is securely closed and the tank is properly inserted into the base.
 - Avoid tilting the iron head excessively during vertical steaming, which can cause condensation to drip.
- **Poor Wrinkle Removal:**
 - Ensure the appliance has fully heated up.
 - Use the steam boost function for more stubborn wrinkles.
 - For very deep creases, consider using the horizontal ironing position with firm pressure.
- **Appliance Not Turning On:**
 - Check the power cord connection to both the appliance and the wall outlet.
 - Test the outlet with another appliance to ensure it is functioning.

If problems persist after attempting these solutions, please contact customer support.

6. SPECIFICATIONS

Feature	Specification
Brand	Tefal
Model Number	TEFQT1510 (QT1510GO)
Power / Wattage	2980 W
Voltage	230 Volts
Continuous Steam Output	Up to 45 g/min
Steam Boost	Up to 90 g/min
Pump Pressure	Up to 5 bars
Water Tank Capacity	1 Liter
Iron Head Weight	530 g
Product Dimensions (Base)	35 x 30 x 50 cm (approximate)

Material	Aluminum (soleplate)
Heat-up Time	70 seconds

7. WARRANTY AND SUPPORT

7.1 Warranty Information

The Tefal IXEO+ QT1510GO comes with a **2-year warranty** from the date of purchase. This warranty covers manufacturing defects under normal household use. Please retain your proof of purchase for warranty claims. The warranty does not cover damage resulting from misuse, neglect, accidental damage, or unauthorized repairs. For full warranty terms and conditions, please refer to the warranty card included with your product or visit the official Tefal website.

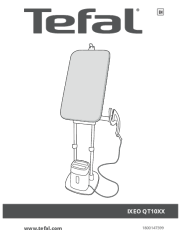

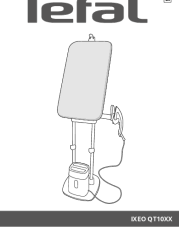

7.2 Customer Support

For technical assistance, troubleshooting beyond this manual, or warranty service, please contact Tefal customer support. Contact details can typically be found on the official Tefal website or in the product packaging.

8. SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and personal injury.

- Do not immerse the appliance, power cord, or plug in water or other liquids.
- Always unplug the appliance from the electrical outlet when filling with water, emptying, cleaning, or when not in use.
- Keep the appliance and its cord out of reach of children.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Use the appliance only for its intended household use as described in this manual.
- Steam is hot. Exercise caution when operating the appliance to avoid burns.
