## Phomemo 241BT

# Phomemo 241BT Bluetooth Thermal Printer User Manual

Model: 241BT

### PRODUCT OVERVIEW

The Phomemo 241BT Bluetooth Thermal Printer is an advanced, inkless label printer designed for efficiency and convenience in small business and personal use. It offers versatile connectivity options, supporting both wireless Bluetooth and wired USB connections across various operating systems. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance of your printer.

## SETUP GUIDE

### 1. Physical Setup

1. Connect the power adapter to the printer and plug it into a power outlet.
2. Open the printer cover by pressing the button on the side.
3. Load the thermal labels into the printer. Ensure the labels are facing up and aligned correctly between the adjustable guides.
4. Close the printer cover. The printer will automatically calibrate and feed a small portion of the label.

Figure 3: Proper label loading and automatic calibration.

## 2. Software & Connectivity

The Phomemo 241BT supports various connection methods:

## Mobile (Phone/Tablet) via Bluetooth

1. Download the 'Labelife' app from Google Play Store (Android) or Apple App Store (iOS).
2. Open the 'Labelife' app and navigate to the device connection section.
3. Search for your printer (PM-241BT) and click to connect. **Important:** Search for the printer within the 'Labelife' app, not your phone's system Bluetooth settings.

Your browser does not support the video tag.

Video 2: Demonstrates connecting the thermal label printer to a cell phone via Bluetooth.

## PC (Windows/Mac/Linux/ChromeOS) via Bluetooth or USB

1. Install the 'Labelife' software from [www.labelife.net](http://www.labelife.net).
2. For Bluetooth connection, ensure your PC supports Bluetooth or has a Bluetooth driver installed. Search for the printer within the 'Labelife' software.
3. For wired printing, connect the printer to your PC using the provided USB cable. A USB flash drive with printer drivers and instruction videos is included for quick setup.

## OPERATING INSTRUCTIONS

The Phomemo 241BT printer is designed for fast and clear label printing, saving you time and resources.

### 1. Printing Labels

- Once connected, open your desired label file (PDF, image, or use a template) in the 'Labelife' app/software.
- Adjust label dimensions as needed. The printer supports label widths from 1 to 4.6 inches.
- Initiate the print command from the software/app. The printer can achieve speeds of up to 72 labels per minute (or 120 pieces per minute).

## MAINTENANCE

To ensure the longevity and optimal performance of your thermal printer, regular maintenance is recommended:

- Keep the printer clean and free from dust and debris. Use a soft, dry cloth to wipe the exterior.
- Periodically clean the print head with an alcohol wipe or a specialized thermal printer cleaning pen to prevent print quality issues.
- Store labels in a cool, dry place away from direct sunlight to maintain their quality.

## TROUBLESHOOTING

For common issues and solutions, please refer to the comprehensive [Troubleshooting Guide \(PDF\)](#) provided by Phomemo. Additionally, if you encounter Bluetooth connection issues, remember to search for the printer within the 'Labelife' software or app, not your device's system settings.

## SPECIFICATIONS

Feature	Detail
Model Name	241BT
Product Dimensions	3.5"D x 7.5"W x 5.5"H
