

## MOFII 5352

# MOFII Wireless Keyboard and Mouse Combo User Manual

Model: 5352 | Brand: MOFII

## 1. INTRODUCTION

This manual provides detailed instructions for setting up, operating, and maintaining your MOFII Wireless Keyboard and Mouse Combo. This 2.4G USB multi-color set offers a full-size keyboard with optical mouse, designed for comfortable and efficient use with various computer systems.

Image: The MOFII Wireless Keyboard and Mouse Combo, featuring a full-size keyboard with round, multi-colored keycaps and a matching optical mouse.

## Package Contents:

- 1 x MOFII Wireless Keyboard
- 1 x MOFII Wireless Optical Mouse
- 1 x 2.4G USB Nano Receiver (typically stored inside the mouse battery compartment)
- Batteries (AA for keyboard, AAA for mouse)
- Instruction Manual
- Cleaning Brush (for keyboard maintenance)

## 2. SETUP GUIDE

Follow these steps to quickly set up your wireless keyboard and mouse combo.

### 1. Install Batteries:

Open the battery compartments on the underside of both the keyboard and the mouse. Insert the provided batteries, ensuring correct polarity (+/-). The keyboard typically uses AA batteries, and the mouse uses AAA batteries.

Image: Visual guide showing battery installation for both keyboard and mouse, and the location of the USB receiver within the mouse.

## 2. Retrieve USB Receiver:

The 2.4G USB Nano Receiver is usually stored securely within the mouse's battery compartment. Carefully remove it.

## 3. Connect Receiver to Computer:

Plug the USB Nano Receiver into an available USB port on your computer, desktop PC, or laptop. The system should automatically detect and install the necessary drivers.

Video: Demonstrates the setup process, including plugging in the USB receiver and initial use of the keyboard and mouse.

## 4. Power On Devices:

Locate the ON/OFF switch on the underside of both the keyboard and the mouse. Slide the switch to the "ON" position. The devices should now be connected and ready for use.

### 3. OPERATING INSTRUCTIONS

Your MOFII Wireless Keyboard and Mouse Combo is designed for intuitive use. Here are some key features and operating tips:

#### Keyboard Usage:

- **Full-Size Layout:** The keyboard features a full-size layout with a numeric keypad, suitable for various tasks from data entry to general computing.
- **Retro Round Keycaps:** The unique round keycaps provide a comfortable typing experience.
- **Function Keys (Fn):** Utilize the 'Fn' key in combination with other keys (e.g., F1-F12) for multimedia controls and system shortcuts. Refer to the keycap legends for specific functions.

#### Mouse Usage:

- **Optical Tracking:** The optical mouse provides precise and smooth cursor control on most surfaces.
- **Ergonomic Design:** The mouse is designed for an improved hand grip, ensuring comfort during extended use.

## Improve Hand Grip

Image: A close-up view of the MOFII wireless mouse, highlighting its ergonomic shape designed for a comfortable hand grip.

### **Compatibility:**

The keyboard and mouse combo is compatible with Windows, XP, Mac, MacBook, Vista, and many other systems that have a USB port. It is not compatible with iPad devices.

## **4. MAINTENANCE**

Proper care will extend the lifespan of your MOFII Wireless Keyboard and Mouse Combo.

### **Cleaning:**

- Use the provided cleaning brush to remove dust and debris from between the keycaps.
- For surface cleaning, gently wipe the keyboard and mouse with a soft, damp cloth. Avoid using harsh

chemicals or abrasive materials.

- Ensure devices are powered off before cleaning.

## Battery Replacement:

- When the devices stop responding or the indicator light flashes, it's time to replace the batteries.
- Open the battery compartments and replace old batteries with new ones of the correct type (AA for keyboard, AAA for mouse), observing polarity.
- The intelligent power-saving chip and three power-saving modes ensure the keyboard and mouse set can go for months without changing batteries.

## 5. TROUBLESHOOTING

If you encounter issues with your keyboard and mouse combo, try the following solutions:

- **No Response from Keyboard/Mouse:**

- Ensure both the keyboard and mouse are powered on.
- Check if the batteries are correctly installed and have sufficient charge. Replace if necessary.
- Verify that the USB Nano Receiver is securely plugged into a working USB port on your computer. Try a different USB port.
- Restart your computer.

- **Lagging or Intermittent Connection:**

- Ensure the keyboard and mouse are within the effective range of the USB receiver (typically up to 10 meters).
- Avoid placing the receiver near strong electromagnetic interference sources (e.g., other wireless devices, large metal objects).
- Try plugging the receiver into a USB port on the front of your computer tower if you are using a desktop, or use a USB extension cable to bring the receiver closer to the devices.

- **Keys Not Registering or Mouse Not Tracking:**

- Clean the keycaps and the area around them using the provided brush.
- Ensure the mouse's optical sensor is clean and unobstructed.
- Try using the mouse on a different surface.

## 6. SPECIFICATIONS
