GRV FC1

GRV Smart Watch Band Replacement Strap FC1 Smart Watch (Purple)

Instruction Manual

1. INTRODUCTION

This manual provides essential information for the proper installation, usage, and maintenance of your GRV Smart Watch Band Replacement Strap. Please read this manual thoroughly before use to ensure optimal performance and longevity of your product.

2. PRODUCT OVERVIEW

The GRV Smart Watch Band Replacement Strap is designed to provide a comfortable and durable alternative for your compatible smart watch. Made from premium silicone material, it offers flexibility and resilience for daily wear. The strap features a secure stainless steel clasp for reliable fastening.

Figure 2.1: GRV Smart Watch Band (Purple) attached to a smart watch. This image illustrates the overall appearance of the replacement strap when connected to a compatible smart watch, highlighting its purple color and general design.

Figure 2.2: Exquisite Detail of the GRV Smart Watch Band. This image provides a close-up view of the band's soft silicone material and the durable stainless steel clasp, emphasizing the quality of components.

3. COMPATIBILITY

This replacement strap is compatible with smart watches that utilize a 19mm spring bar. It is specifically designed for GRV Veryfitpro smart watches, including models:

- ID205L
- ID205U
- ID215G
- ID205
- ID216
- ID205S

The adjustable design accommodates wrist sizes ranging from 5.5 to 8.7 inches (139 mm to 220 mm).

Figure 3.1: Wrist Circumference Compatibility. This image displays the maximum (9.45 inches / 240mm) and minimum (6.5 inches / 165mm) wrist circumference that the band can accommodate, ensuring a proper fit for various users.

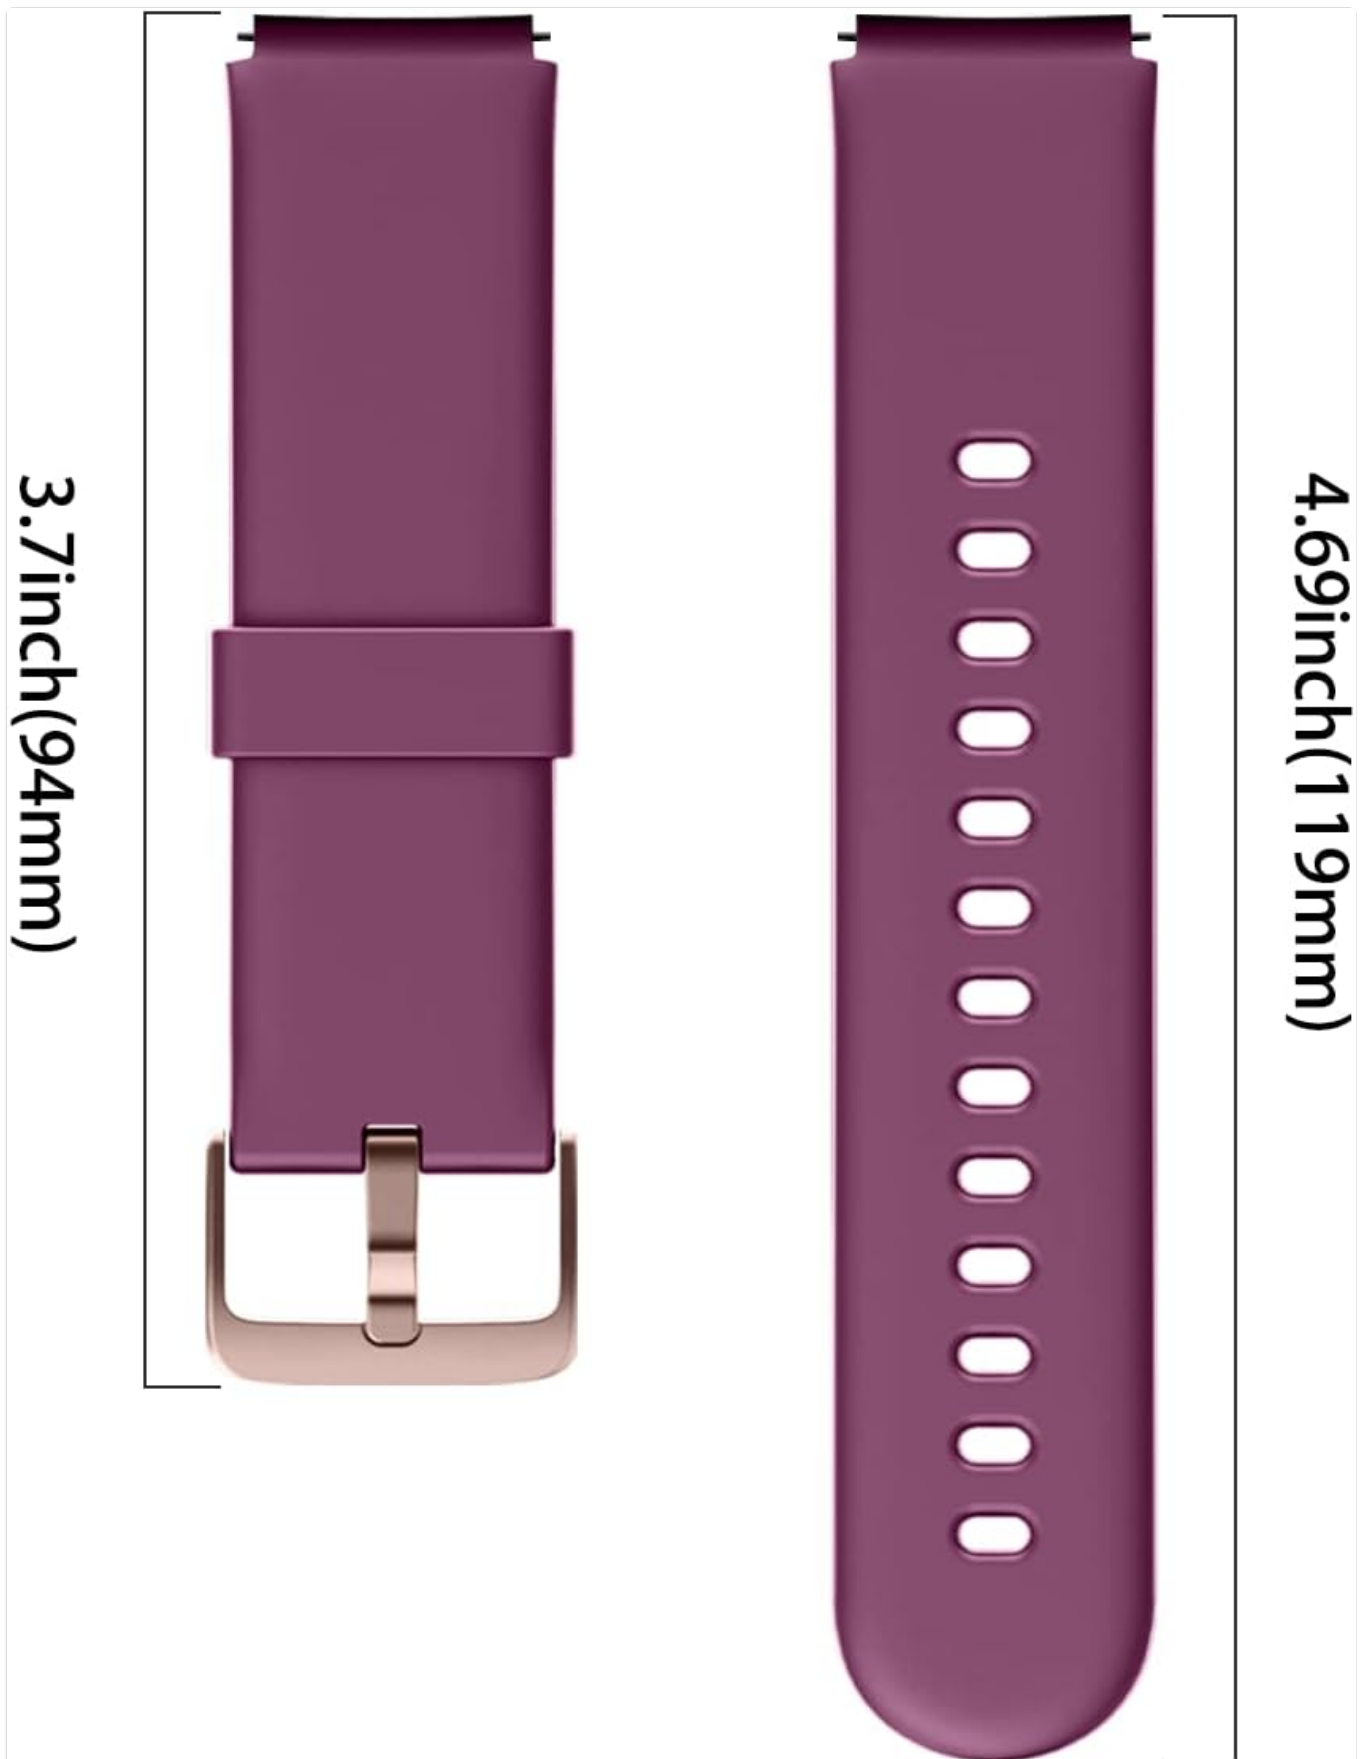

Figure 3.2: Band Segment Dimensions. This image provides the specific lengths of the two band segments: 3.7 inches (94mm) for the buckle side and 4.69 inches (119mm) for the hole side, aiding in understanding the band's overall length.

4. INSTALLATION

The GRV Smart Watch Band is designed for easy installation and removal, requiring no additional tools. Follow these steps to replace your watch band:

1. Locate the spring bars on the underside of your smart watch where the current band attaches.
2. Gently push the spring bar lever inward to release one side of the existing band.
3. Carefully remove the old band from the watch lug.
4. Align one end of the new GRV replacement strap with the watch lug, inserting one side of the spring bar into the lug hole.
5. While holding that side in place, push the spring bar lever inward again and guide the other end of the spring bar into the opposite lug hole.
6. Release the lever and gently tug on the band to ensure it is securely fastened.
7. Repeat the process for the other side of the watch band.

Ensure both ends of the band are firmly attached before wearing the watch.

Figure 4.1: Quick-Release Spring Bars. This image shows the back of the watch band, highlighting the quick-release spring bars that facilitate easy and tool-free installation and removal of the strap from your smart watch.

5. USAGE

Once installed, the GRV Smart Watch Band is ready for daily use. Adjust the strap to a comfortable fit on your wrist using the stainless steel buckle. A proper fit ensures accurate heart rate monitoring and comfortable wear throughout the day.

6. MAINTENANCE

To maintain the quality and appearance of your GRV Smart Watch Band, follow these simple guidelines:

- **Cleaning:** Wipe the band regularly with a soft, damp cloth to remove dirt, sweat, and oils. For deeper cleaning, use mild soap and water, then rinse thoroughly and dry completely before reattaching to your watch.
- **Avoid Harsh Chemicals:** Do not expose the band to strong chemicals, solvents, or abrasive cleaners, as these can

damage the silicone material.

- **Storage:** When not in use, store the band in a cool, dry place away from direct sunlight to prevent discoloration or degradation of the material.
- **Inspection:** Periodically inspect the band and spring bars for any signs of wear, tear, or damage. Replace the band if any significant damage is observed to ensure secure attachment to your watch.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Band does not attach securely.	Spring bar not fully engaged; incorrect band size for watch lugs.	Ensure spring bars click into place. Verify your watch uses 19mm spring bars.
Band feels too tight or too loose.	Incorrect buckle hole selection.	Adjust the buckle to a different hole for a more comfortable fit. Refer to Section 3 for wrist size compatibility.
Band shows signs of wear or discoloration.	Exposure to harsh conditions or lack of regular cleaning.	Follow maintenance guidelines in Section 6. Consider replacing the band if wear is significant.

8. SPECIFICATIONS

Feature	Detail
Product Name	GRV Smart Watch Band Replacement Strap
Model Compatibility	FC1 Smart Watch, ID205L, ID205U, ID215G, ID205, ID216, ID205S (19mm spring bar)
